

DrillNow™ Shale Wellhead Connector

Delivering Superior Service. Wellhead experts since 1930

A Safer and Faster Alternative

The Shale Wellhead Connector (SWC), was developed to provide operators an efficient and safe way to nipple up BOPs. This technology replaces conventional flanged and clamp connections during drilling operations.

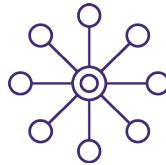

Speed

- ▶ One minute, one person connection
- ▶ Three-hour time savings per connection
- ▶ Externally testable seals

Operational Performance

- ▶ Quick ACME thread make-up
- ▶ Zero torqued connections
- ▶ Redundant sealing
- ▶ Lower connector drifts rotary table

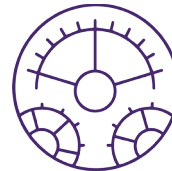

Versatility

- ▶ API 6A flange compatibility
- ▶ Offline BOP testing
- ▶ Quick Connect blanking caps option

Safety

- ▶ Minimized "pinch" points
- ▶ Field proven
- ▶ Reduced time in cellar

Applications

- ▶ 11" and 13 5/8" flange size
- ▶ 5K and 10K working pressure
