

FMC Technologies Receives \$47 Million Subsea Equipment Order for Statoil's Tyrihans Field

April 8, 2013 8:10 PM ET

HOUSTON, April 8, 2013 /PRNewswire/ -- FMC Technologies, Inc. (NYSE: FTI) announced today that it has received an order from Statoil (NYSE: STO) for additional subsea equipment for the [Tyrihans](#) field. The order has an estimated value of \$47 million in revenue.

The Tyrihans field is located in the Norwegian Sea in water depths of 984 feet (300 meters). This order covers the supply of [subsea trees](#) and [choke modules](#) and is scheduled for delivery in 2014.

"FMC Technologies has been working with Statoil on the Tyrihans project since early in 2006," said Tore Halvorsen, FMC Technologies' Senior Vice President, Subsea Technologies. "We are pleased to continue delivering solutions to Statoil that help solve the ongoing challenges on the Norwegian Continental Shelf.

FMC Technologies, Inc. (NYSE:FTI) is a leading global provider of technology solutions for the energy industry. Named by FORTUNE[®] Magazine as the World's Most Admired Oil and Gas Equipment, Service Company in 2012, the Company has approximately 18,400 employees and operates 30 production facilities in 16 countries. This release contains "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. The word "estimated" and similar expressions are intended to identify forward-looking statements, which are generally not historical in nature. Such forward-looking statements involve significant risks, uncertainties and assumptions that could cause actual results to differ materially from our historical experience and our present expectations or projections. Known material factors that could cause our actual results to differ from those in the forward-looking statements include the Company's ability to successfully manufacture and deliver, and Statoil's acceptance of, the subsea systems ordered. For additional information regarding known material factors that could cause actual results to differ from projected results, please see the Company's Annual Report on Form 10-K for the year ended December 31, 2012, as well as its other filings with the Securities and Exchange Commission. The Company cautions you not to place undue reliance on any forward-looking statements, which speak only as of the date hereof. The Company undertakes no obligation to publicly update or revise any of its forward-looking statements after the date they are made, whether as a result of new information, future events or otherwise.
