

FMC Technologies Announces Subsea Services Agreement with Tullow Ghana

March 20, 2013 8:26 PM ET

HOUSTON, March 20, 2013 /PRNewswire/ -- FMC Technologies, Inc. (NYSE:FTI) announced today that it has signed a five-year agreement with Tullow Ghana Ltd. to provide subsea services for its developments in the Jubilee field.

Under the terms of the agreement, FMC Technologies will support Tullow Ghana's completions and production operations for the Jubilee field from its Subsea Service Base in Takoradi, Ghana. FMC Technologies will provide offshore and onshore technical services, including maintenance, refurbishment, and inspection on FMC Technologies supplied equipment and tooling.

"FMC Technologies has supported Tullow Ghana's development of the Jubilee field for several years," said Tore Halvorsen, FMC Technologies' Senior Vice President, Subsea Technologies. "This agreement will provide life-of-field support for this important development."

FMC Technologies, Inc. (NYSE:FTI) is a leading global provider of technology solutions for the energy industry. Named by FORTUNE® Magazine as the World's Most Admired Oil and Gas Equipment, Service Company in 2012, the Company has approximately 18,400 employees and operates 30 production facilities in 16 countries. FMC Technologies designs, manufactures and services technologically sophisticated systems and products such as subsea production and processing systems, surface wellhead systems, high pressure fluid control equipment, measurement solutions, and marine loading systems for the oil and gas industry. This release contains "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. The word "estimated" and similar expressions are intended to identify forward-looking statements, which are generally not historical in nature. Such forward-looking statements involve significant risks, uncertainties and assumptions that could cause actual results to differ materially from our historical experience and our present expectations or projections. Known material factors that could cause our actual results to differ from those in the forward-looking statements include the Company's ability to successfully deliver, and Tullow Ghana's acceptance of, the subsea services ordered. For additional information regarding known material factors that could cause actual results to differ from projected results, please see the Company's Annual Report on Form 10-K for the year ended December 31, 2012, as well as its other filings with the Securities and Exchange Commission. The Company cautions you not to place undue reliance on any forward-looking statements, which speak only as of the date hereof. The Company undertakes no obligation to publicly update or revise any of its forward-looking statements after the date they are made, whether as a result of new information, future events or otherwise.
