- c. If **Supplier** fails to satisfy the conditions set forth in this Article 5, the technical information is deemed to be adequate, sufficient, and consistent for execution of **Supply**, and **Supplier** waives any right to **Variation** or other adjustment related thereto.

## 6. QUALITY AND HSE MANAGEMENT

- a. **Supplier** shall plan and carry out periodic quality management and HSE audits of its and **Subsupplier's** organizations and shall ensure that **Subsupplier** does the same for its subcontractors and subsuppliers of every tier.

- b. If **Supplier** fails to meet the requirements set out in sub-article a. above and subsequently fails to correct such improper performance or rectification in regard to those requirements immediately after **Purchaser's** notice thereof, **Purchaser** may perform corrective action itself or by a **Third Party** to meet said requirements, without any discharge of **Supplier's** obligations and at **Supplier's** sole risk and expense.
- c. During the performance of **Supply**, **Purchaser** may itself or via any designated **Third Party**, audit quality management, HSE, or other aspects of **Supply**, including but not limited to design, detailed engineering, equipment, **Materials**, **Services**, construction, commissioning, start-up, operations, and maintenance. **Supplier** shall fully cooperate with any such audit team and shall make available all necessary documents, **Services**, and facilities to enable the proper performance of such audits. Upon the audit team's findings, **Purchaser** may instruct **Supplier** to perform those modifications required by the audit team or otherwise necessary to ensure conformance with the requirements of

the **Agreement**. Notwithstanding any audit results, **Supplier** remains liable for its obligations under the **Agreement**.

- d. **Supplier** shall perform and ensure that **Subsuppliers** perform all qualitative and quantitative reviews, inspections, and tests of **Supply** to ensure conformance with the requirements of the **Agreement**.

## 7. TEST & INSPECTION

- a. When applicable, **Purchaser** reserves the right to conduct (or have conducted) tests or inspections of **Supply** at any time during the performance thereof. In this respect, as applicable, **Supplier** shall:
  - i. provide **Purchaser**, **Company**, and any representative appointed by **Purchaser** or **Company** with free access to any **Facility** owned, controlled, or used by **Supplier Group**, including ensuring right of free access from **Subsuppliers** of any tier, as necessary; and

- b. Representatives of **Purchaser** or **Company** may witness any review, inspection, or test, and may collect evidence therefrom. **Supplier** shall promptly, and in no case less than 14 **Days** prior to any such test or inspection being performed, notify **Purchaser** in writing of any test or inspection prescribed for in the **Agreement** or that **Supplier** otherwise deems necessary to perform, thereby giving **Company** and **Purchaser** sufficient opportunity to be represented.
- c. In no event is **Supplier** released from any liability or responsibility under the **Agreement** due to **Purchaser's**, **Company's**, or any representative's or appointee's (non)attendance at a test or inspection. Nor is **Supplier** released from any of liability or responsibility under the **Agreement** due to any verification, comment, or approval made by **Purchaser**, **Company**, or any representative or appointee. **Purchaser** may waive its right of test or inspection at any time without prejudice to its right to reject unsuitable or nonconforming **Supply**.
- d. **Supplier** is liable for **Purchaser's** costs arising out of **Supplier's** failure to duly notify **Purchaser** of any test or inspection prescribed for in the **Agreement**, including any costs to expose any part of **Supply** that is covered, painted, put out of view, or whose access is otherwise limited. **Supplier** is also liable for **Purchaser's** costs directly or indirectly arising out of **Supplier's** actions or inactions inhibiting any test or inspection, including costs to (re)perform a test or inspection. If the aforementioned tests or inspections show **Supply** to be noncompliant with the **Agreement**, **Supplier** shall promptly remedy such noncompliance at its own risk and expense and shall reimburse **Purchaser** any resulting costs.

## 8. NOT USED

## 9. CARE OF GOODS

- a. **Supplier** is responsible for the provision, maintenance, and repair of spares, replacements, and consumables for the resources provided for the performance of **Supply**. **Supplier** shall ensure that there are sufficient spare parts and consumables for equipment or tools to ensure that prolonged breakdown does not occur and shall, if requested by **Purchaser**, demonstrate or produce evidence of such spare parts and their location.

- b. Unless otherwise stated in the **Agreement**, **Supplier** is responsible for the costs of packaging, loading, or carriage of **Supply**. **Supplier** shall take all necessary precautions to ensure that **Supplier Equipment** and **Rental Equipment** and any other deliverable to be provided as part of **Supply** is packaged safely and sufficiently to avoid loss or damage while in transit and until delivery. **Supplier** represents that such packaging will comply with all statutory requirements or codes of practice applicable to the kind of **Supply** under the **Agreement**.
- c. All **Purchaser Provided Items** are deemed to be in good condition when received by or on behalf of **Supplier Group** unless **Supplier** notifies **Purchaser** in writing to the contrary within 48 hours of receipt of the **Purchaser Provided Items**.
- d. **Supplier** shall use **Purchaser Provided Items** economically and any surplus must be accounted for to **Purchaser** and disposed of or returned per **Purchaser's** instruction. Waste, loss of, or damage to such materials arising from bad workmanship or **Supplier Group's** failure to maintain such materials in good order and condition must be made good at **Supplier's** expense. Replacements thereof shall be of equivalent quality and specification and subject to **Purchaser's** approval.
- e. When applicable, **Supplier** shall maintain accurate records and registers identifying the quantities of **Company** or **Purchaser's** equipment and material that have been installed or wasted by **Supplier** and the resultant surplus of material and equipment. This surplus remains **Company** or **Purchaser's** property, as the case may be, and **Supplier** is responsible for adequately marking such property for ease of identification.
- f. **Supplier** shall at all times take the necessary precautions to safeguard all property in relation to the **Agreement** belonging to **Company**, **Purchaser**, or **Third Parties**, as well as **Supplier Equipment**, surplus as referenced in sub-article e. above, and other adjacent property. In respect of such responsibilities, **Supplier** shall:
  - i. provide and maintain adequate and secure storage, except where **Purchaser** has given written notification that such security shall be provided by others, protecting against events environmental conditions, such as weather and humidity, corrosion, the turning of shafts and spindles as advised against by manufacturers recommendations, damage, or theft;
  - ii. repair or replace any loss or damage;
  - iii. in the case of an emergency threatening property or persons, immediately take any necessary conservatory measures and other action without prior instructions from **Purchaser** and advise **Purchaser** of the situation (and upon receipt of this notification, **Purchaser** may issue complementary instructions to be executed by **Supplier** without delay and at its own cost); and
  - iv. comply with and bear all costs related to all stoppages of **Supply** due to any safety or security reason whatsoever imposed by **Company** or **Purchaser**.

## 10. COMPLETION

- a. **Supplier** shall complete **Supply** by the date defined in the **Agreement**, as may be varied by any written **Variation**. If **Supplier** fails to commence performance of **Supply** or if it appears to **Purchaser** that **Supplier** may not be able to complete **Supply** by the date defined in the **Agreement**, or **Supplier** fails to do so, **Purchaser** may terminate either a portion of **Supply** or the **Agreement** in its entirety.

- b. **Supply** shall be considered as complete:
  - i. once **Purchaser** has verified that **Supply** satisfactorily conforms with the **Agreement** and any associated drawings, specifications, or datasheets;
  - ii. subject to acceptance described in Article 11, all applicable tests have been completed to **Purchaser's** satisfaction; and
  - iii. all applicable documents, including but not limited to reports, test sheets, certified identification documents, and **Final Documentation**, have been reviewed and approved by **Purchaser**.

## 11. ACCEPTANCE OF SUPPLY

- a. **Supplier** shall perform all **Supply** under the **Agreement** in accordance with the **Agreement** to the satisfaction of **Purchaser**, who shall, in all cases, determine the amount, quality, acceptability, and fitness of **Supply**.
- b. If at any time before acceptance, **Supply** or any part thereof is in any way defective or otherwise not in conformance with the **Agreement**, **Purchaser** may reject such **Supply**. Notwithstanding the foregoing, if **Supplier** becomes aware of such nonconformance, **Supplier** shall immediately notify **Purchaser**.
- c. Any **Supply** rejected by **Purchaser** prior to acceptance must be immediately replaced, reformed, or otherwise corrected by **Supplier** as required by **Purchaser** or its representative at **Supplier's** sole risk and expense. **Supplier** shall then resubmit such **Supply** for re-inspection and re-testing.
- d. If **Supplier** fails to remedy any such nonconformity or defect after receiving or giving notice thereof, **Purchaser** is entitled, at **Supplier's** risk and expense, to rectify the defect or nonconformity itself or to engage another party to do so. **Supplier** is liable for any additional costs reasonably incurred by **Purchaser** as a direct result of the nonconformance or non-performance of the deficient part of **Supply** (including, without limitation, the total costs of the performance or re-performance of the nonconforming part of **Supply** by **Purchaser** or any other party). **Purchaser** is, without prejudice to any other rights **Purchaser** may possess, entitled to recover from **Supplier** such costs incurred by **Purchaser** or may deduct the same from payment due or which may become due to **Supplier** and if there are no or insufficient monies available, **Supplier** shall reimburse **Purchaser** within 30 **Days** of receipt of **Purchaser's** claim.

## 12. WARRANTY AND DEFECT CORRECTION

- a. **Supplier** warrants that **Supply** is:
  - i. performed in compliance with **Applicable Laws** and generally accepted industry practice, standards, and industry codes;
  - ii. free from any encumbrances, rights, and privileges of any **Third Party**;
  - iii. free from defects in design or workmanship;
  - iv. fully and satisfactorily meets all requirements set forth in the **Agreement**; and

- v. to the extent goods, **Materials**, or **Rental Equipment** include part of **Supply**: new and unused (unless stated otherwise in the **Agreement**) and fit for their intended purpose.
- b. The warranties provided by **Supplier** in sub-article a. above apply to **Supply** for the entirety of the **Defects Correction Period**, which commences upon **Purchaser's** acceptance of **Supply** and expires 12 months thereafter. The **Defects Correction Period** applies to any re-work performed hereunder for a period of (i) 6 months from the date of **Purchaser's** acceptance of such re-work or (ii) the remainder of the original **Defects Correction Period**, whichever is longest.
- c. During the **Defects Correction Period**, **Supplier** shall promptly rectify any defect or nonconformity in **Supply**. Such rectification shall include all work necessary to make the defective or nonconforming **Supply** compliant with the **Agreement**, and **Supplier** shall dispatch the necessary qualified personnel for such purpose. **Supplier** shall bear all costs incurred in connection with such rectification hereunder.
- d. In addition to the foregoing, **Supplier** shall notify **Purchaser**, or **Purchaser** shall notify **Supplier** where **Rental Equipment** is part of **Supply**, as soon as reasonably practicable of any breakdown or under- or non-performance of **Supplier Equipment**, **Materials**, or **Rental Equipment**, howsoever arising. If breakdown or other failure of performance occurs, **Supplier** shall purchase, rent, or replace each affected item with an appropriate substitute for use during the time for repair. **Purchaser** will not reimburse **Supplier** for any charges related to **Supplier Equipment**, **Materials**, or **Rental Equipment** during the period of such breakdown or under- or non-performance until the **Supplier Equipment**, **Materials**, or **Rental Equipment** has been properly restored, replaced, or substituted to the satisfaction of **Purchaser** and as provided for in the **Agreement**.
- e. Upon written notice, **Purchaser** may assign the benefit of warranty granted by **Supplier** in the **Agreement** to **Company**.
- f. If **Supplier** fails to promptly respond to any claim under this Article or if circumstances render it impracticable for **Supplier** to do so in **Purchaser's** reasonable opinion, **Purchaser** is entitled to rectify the defect or nonconformity itself or to engage another party to do so at **Supplier's** risk and expense.
- g. If **Supplier** obtains more favorable warranties and guarantee from its **Subsuppliers**, **Supplier** shall, to the extent possible, assign such warranties and guarantees to **Purchaser**.

### 13. LIQUIDATED DAMAGES

- a. Timely execution of **Supply** is of paramount importance to the **Agreement**. Except to the extent delay is directly caused by **Purchaser's** default or impediment not permitted by the **Agreement**, for **Supply** not performed in accordance with the dates set out in the **Agreement Schedule**, **Supplier** shall, without any proof of loss, pay to **Purchaser** as liquidated damages 0.5% of the **PO Price** per **Day** until the milestone is completed pursuant to the **Agreement**. **Supplier's** liability for liquidated damages under the **Agreement** is limited to 20% of the **PO Price**. The application of liquidated damages for delay does not release **Supplier** from its obligations under the **Agreement**. **Purchaser** may terminate either a portion of **Supply** or the **Agreement** in its entirety for delay once the maximum amount of liquidated damages has become payable. Any such termination is deemed a termination for cause pursuant to Article 22 below.
- b. The agreed amount of liquidated damages is a genuine pre-estimate of **Purchaser's** loss arising from **Supplier's** failure to satisfy its obligations under the **Agreement** and, without prejudice to

**Purchaser's** rights and remedies under Article 22 below, constitutes **Purchaser's** sole financial remedy for losses caused by **Supplier's** delay. However, if this Article 13 is found for any reason to be void, invalid or otherwise inapplicable so as to disentitle **Purchaser** from recovering the full amount of liquidated damages, **Purchaser** is entitled to claim demonstrated damages against **Supplier**.

#### 14. TITLE AND LIENS

- a. Unless otherwise stated in the **Agreement**, full and unencumbered title to **Supply** passes to **Purchaser** upon the earlier of payment for **Supply** or **Purchaser's** acceptance of **Supply**. For the avoidance of doubt, **Supplier** bears risk of loss to **Supply** pursuant to the terms of the **Agreement**. Notwithstanding the foregoing, title in **Rental Equipment** remains with **Supplier** or other applicable member of **Supplier Group** at all times.
- b. Any portion of **Supply**, including any **Purchaser Provided Items**, for which title has passed to **Purchaser** but which remains in the care, custody, or control of **Supplier** or any other member of **Supplier Group** must be (i) clearly marked and identified as the property of **Purchaser** and (ii) segregated from property of **Supplier** or such member of **Supplier Group** to the fullest extent possible. **Supplier** shall ensure **Purchaser's** right to access and retrieve all or any of **Supply** at any time upon **Purchaser's** request.
- c. In the event **Purchaser** rejects all or any of **Supply**, title to it immediately re-vests in **Supplier**, unless directed otherwise in writing by an authorized representative of **Purchaser**.
- d. All **Supply** provided hereunder, including goods and **Materials**, must be free of liens, encumbrance, pledge, assessments, fines, or other forms of retentions other than those for which **Purchaser** is responsible. **Supplier** shall notify **Purchaser** if any such liens and/or claims arise during performance of **Supply**, and shall **Indemnify Purchaser Group** from and against all **Claims** arising out of or incurred in connection with any such claims or liens referred to in this Article.
- e. **Purchaser** may retain from any payment to be made under the **Agreement** an amount sufficient to offset such liens and/or claims which **Supplier** fails to discharge promptly until such lien and/or claim is proven to be invalid or is satisfied, discharged, or settled.

#### 15. INVOICING & PAYMENT

- a. **Supplier** is deemed to have satisfied itself as to all conditions and circumstances affecting the **PO Price** and other matters, and to have fixed its prices according to its own view of such conditions and circumstances. The **PO Price** is thereby deemed to be all inclusive, firm, and neither subject to escalation nor currency fluctuations for the duration of the **Agreement**. No additional allowance or adjustment will afterwards be made to the **PO Price**, except as otherwise expressly provided in the **Agreement**.
- b. When applicable, **Purchaser** may withhold a percentage of the **PO Price** (as established in the **Agreement**) until **Purchaser** receives all **Final Documentation** to be delivered by **Supplier** or on behalf of **Supplier** under the **Agreement**. Payment shall neither be construed as a waiver of any right under the **Agreement** nor as acceptance of the **Supply**.
- c. **Supplier** shall prepare and provide invoices in accordance with the requirements set forth in the **Agreement** and shall include all documentation deemed necessary by **Purchaser** for substantiation

thereof. Invoices submitted without a **PO** number or supporting documentation may be rejected at **Purchaser's** sole discretion.

- d. **Purchaser** shall pay the amount due to **Supplier** according to the invoice within 90 **Days** after the end of the month in which a correct, fully documented, and approved invoice that satisfies the requirements in this Article was received. **Purchaser** may apply the following deductions from any amount due (and to the extent thereafter any of such deductions are or become owing to **Supplier**, no interest shall accrue pursuant to sub-article e. on such amounts):
  - i. any previous payments on account to **Supplier** which relate to, or directly concern **Supply** covered by the invoice;
  - ii. such parts of the invoiced amount as are insufficiently documented or otherwise disputed, provided that **Purchaser** shall promptly specify that documentation deemed insufficient or the nature of the dispute;
  - iii. all amounts due to **Purchaser** from **Supplier** and its **Affiliates**; or
  - iv. any additional cost incurred by **Purchaser** or anticipated to be incurred by **Purchaser** for which **Supplier** is liable according to the **Agreement**.
- e. If **Purchaser** fails to pay any amount due and payable hereunder by the stipulated date, **Supplier** shall notify **Purchaser** of such failure. In the event **Purchaser** fails to pay or otherwise dispute such amount within 30 **Days** after receipt of such notice, and as sole remedy for delay in payment of any such undisputed invoice, **Supplier** may be entitled to interest on the amount not properly paid when due from the day on which payment was due until such amount is paid in full. The rate of interest shall be the WSJ Prime Rate in force on the due date of payment, less 3%.
- f. **Supplier** waives any right to exercise a lien, make a claim, or seek a judgement or award against **Supply** or any part thereof at any time and acknowledges that its sole right in the event of any failure by **Purchaser** to perform any of its obligations under the **Agreement** is to seek financial relief in respect thereof. **Supplier** shall deliver to **Purchaser** a Release of Liens and Claims executed by **Supplier** and any **Subsupplier** at the time(s), and in the form specified in the **Agreement** or otherwise required in writing by **Purchaser**. **Supplier's** delivery of such Release of Liens and Claims is a condition precedent to payment, including final payment. **Purchaser** may withhold payment, without interest, until **Supplier** provides such Release of Liens and Claims to **Purchaser**.

## 16. TAXES, CUSTOMS AND DUTIES

- a. Unless stated otherwise in the **Agreement**, **Supplier's** prices are inclusive of all applicable taxes (whether imposed on the sale or **Supplier Group's** income or wages), permits and fees. **Supplier** is liable for and shall pay, and shall assure that **Supplier Group** reports, files and pays all taxes (including withholding), fees, levies, imposts, duties and charges and the like (with all direct and indirect expenses to discharge same and any and all penalties and fines pertaining to any of the preceding) assessed or imposed upon **Supplier Group** by any public or governmental authority in connection with the performance of **Supply** for which it is liable with no exception whatsoever. **Supplier** shall fulfil all administrative requirements required by law, including all registration and filing of documents. **Purchaser** may withhold from sums otherwise due to **Supplier** under the **Agreement** any taxes or amounts required to be withheld or paid to the appropriate taxing authorities. Upon payment of the amount withheld to the appropriate government entity, agency or taxing authority, such amount withheld shall be deemed payment to the respective **Supplier** and **Purchaser** shall have no further obligation to pay such amount to the respective **Supplier**.

**Purchaser** shall provide **Supplier** with receipts evidencing payment to such authorities of the taxes or amounts so withheld. **Supplier** shall **Indemnify Purchaser** from and against all **Claims** incurred by **Purchaser** connected with any assessment or imposition of taxes connected with the **Supply** or arising from its obligations under this Article.

- b. If requested, **Supplier** shall promptly provide **Purchaser** with any documents or information required for compliance with applicable customs laws, rules, and regulations. This includes but is not limited to the required Import or Export documents in support of any Free Trade Agreement or duty-free claim. Similarly, **Supplier** shall promptly inform **Purchaser** of any errors or omissions contained in such document certifications provided by **Supplier** or of any noncompliance by **Supplier** with applicable customs laws, rules, and regulations or Free Trade Agreement requirements. **Supplier** acknowledges that, notwithstanding any other provision of this **Agreement**, **Purchaser** may withhold payment on any **Supplier** invoice until the documents or information required for compliance with applicable customs laws, rules, and regulations are provided.
- c. **Supplier Indemnifies** from and against all **Claims** whatsoever connected with any assessment or imposition made in respect of all or any taxes upon **Supplier** or any of **Supplier's Subsuppliers** of any tier connected with **Supply** together with any costs of compliance. **Purchaser** may offset any amounts due under this sub-article c. from any payment **Purchaser** is due to make to **Supplier** under this **Agreement**.
- d. ## 17. FINANCIAL SECURITY

Upon **Purchaser's** request, **Supplier** shall provide at its own cost any combination of a parent company guarantee, bank guarantee, letter of credit, or other financial security that **Purchaser** may require. **Supplier** shall provide such financial security within the earlier of (i) 30 **Days** after the **Effective Date** or (ii) prior to submission of the first invoice. Any financial security required hereunder shall be on **Purchaser's** standard form, and provision and maintenance thereof is a condition precedent to payment. Any financial security requested under this Article may, in **Purchaser's** discretion, increase or decrease depending on **Variations** issued by **Purchaser**.

## 18. AUDIT OF FINANCIAL RECORDS

- a. **Purchaser** or any person appointed by **Purchaser** may audit any records of **Supplier Group** as required to verify payments made to or by **Supplier** under the **Agreement**. Such audit right does not include the right to examine the composition of **Supplier's** lump sum prices.
- b. **Supplier** shall give and shall ensure **Supplier Group** gives the appointed auditor free access during **Supplier** and/or **Supplier Group's**, as applicable, office hours to all timesheets, records, and other documents necessary to satisfactorily complete the audit, including original invoices, supporting documentation, and all books of accounts incorporating such account details.

- c. The audit rights provided for under this Article apply for the duration of the **Agreement** and for five years after termination or expiry. If the audit reveals that charges are incorrect, **Supplier** shall reinvoice **Purchaser** according to those findings.

## 19. VARIATIONS

- a. **Purchaser** may instruct **Supplier** to carry out any **Variation** to **Supply**, upon which instruction **Supplier** shall submit to **Purchaser** an estimate of the effects of the **Variation** without undue delay, but never later than 15 **Days** from the date of instruction. Alternatively, **Purchaser** may require submission of such an estimate prior to instructing performance of a **Variation**. **Supplier's** estimate of the effects of a **Variation** must contain:
  - i. a description of **Supply** in question under the **Variation**;
  - ii. a detailed schedule for execution of **Supply** under the **Variation**, showing the required resources and significant milestones;
  - iii. the effect on the **PO Price**, if any, showing the rates used in the **Agreement** and/or the lump sum when preparing the estimate; and
  - iv. the effect on the **Agreement Schedule**, if any.

**Supplier** must substantiate its estimation with reasonably sufficient supporting documentation.
- b. If **Supplier** believes a change to the scope of **Supply** constitutes a **Variation**, **Supplier** shall submit a request for **Variation** without undue delay, but never later than 15 **Days** from the occurrence of the event, and **Supplier's** request must include all details under sub-article 19.a. **Supplier** waives all rights to **Variation** if it does not strictly conform to the requirements of this sub-article 19.b. Should changes in **Applicable Law** occur after the **Effective Date**, **Supplier** shall inform **Purchaser** of the nature and impact of such change(s) and upon **Purchaser's** authorization conform to such change(s).
- c. Upon receipt of an instruction for **Variation**, **Supplier** shall implement the **Variation** without undue delay, even if the impact on the **PO Price**, **Agreement Schedule**, or other provisions of the **Agreement** are unsettled. All of **Supplier's** obligations under the **Agreement** apply to **Variations**.
- d. Under no circumstance is **Supplier** entitled to a **Variation** for:
  - i. actions taken by **Supplier Group** that are already contemplated under the **Agreement** or otherwise necessary to ensure conformance with the **Agreement**;
  - ii. circumstances for which **Supplier** is responsible, or which could have been reasonably foreseen by a supplier experienced in the type of work provided by **Supplier Group**;  
or

- e. If the **Parties** agree upon the occurrence of a **Variation**, but disagree as to the **Variation's** effect, **Purchaser** shall determine the impact according to commonly recognized industry uses and practices. The **Parties** shall otherwise resolve disputed **Variations** under Article 29.

- f. Any agreed **Variation**, particularly with respect to the **Agreement** scope, **Agreement Schedule**, or **PO Price**, will give rise to an amendment forming an integral part of the **Agreement**.

## 20. FORCE MAJEURE

- a. Neither **Party** is in breach of its obligations under the **Agreement** to the extent the affected **Party** can establish that fulfilment of its obligations has been prevented by **Force Majeure**.
- b. The affected **Party** invoking **Force Majeure** shall immediately notify the other **Party** and shall make every effort to mitigate as far as possible any adverse effect arising from the situation. Such notification must be in writing and include the cause and estimated duration of the **Force Majeure** event.
- c. In the case of **Force Majeure**, each **Party** shall bear its own costs resulting from the **Force Majeure**, and **Supplier** shall take due care of, and use commercially reasonable means to protect the **Supply**, **Purchaser Provided Items**, and all documents related to the execution of **Supply** provided by **Purchaser** or **Company** to **Supplier** that are in **Supplier's** care, custody, or control.
- d. If **Force Majeure** lasts without interruption for more than 90 **Days** (or another period under the **Agreement**), either **Party** may terminate the **Agreement**.
- e. Promptly after cessation of **Force Majeure**, **Supplier** shall present to **Purchaser** its proposed claim for adjustment of the **Agreement Schedule** in accordance with Article 19. Any adjustment to the **Agreement Schedule** will be made with due regard to the delay incurred by **Supplier** due to **Force Majeure**. Regardless of the agreed **Agreement Schedule** adjustment, **Supplier** shall use all means necessary to minimize the consequences of the **Force Majeure**.
- f. When a **Delivery Date** that would have applied in the absence of **Force Majeure** is reached but **Force Majeure** continues, or when **Force Majeure** continues without interruption for more than 90 **Days**, **Purchaser** may demand delivery of **Supply** or any part thereof (even if unfinished at the time of request) and related delivery documentation.

## 21. SUSPENSION

- b. During suspension, **Supplier** shall take all reasonable actions to preserve and protect all **Supply**, whether completed or in-progress, including **Materials**, and shall use its best efforts to minimize **Purchaser's** costs, including by re-scheduling work under other contracts, actively searching for new work, or demobilizing equipment or personnel. **Purchaser's** financial responsibility shall be limited to the costs and losses which could not reasonably have been avoided or mitigated. If requested, **Supplier** shall demonstrate that it has complied with its duty to minimize **Purchaser's** costs.
- c. **Purchaser** will not accept charges for demobilization of personnel or equipment that occurs more than fourteen **Days** after a notice of a suspension is issued.
- d. **Supplier** shall resume **Supply** promptly upon **Purchaser's** reasonable written request. If **Supplier** is unable to resume **Supply** upon **Purchaser's** request, **Supplier** shall be deemed in breach of the **Agreement**, resulting in termination for cause under Article 22 of the **GTC**.

- e. For a suspension not the result of **Force Majeure** or **Supplier's** breach of the **Agreement**, **Purchaser** will compensate **Supplier** for the effects of suspension as provided for in the **Variation** request. As a condition precedent to such compensation, **Supplier** shall provide **Purchaser** all documentation and evidence necessary to substantiate **Supplier's** request for schedule relief and claimed costs. Agreement on the **Variation** request shall constitute **Purchaser's** sole liability to **Supplier** for such a suspension.
- f. If **Purchaser** suspends **Supply** because of **Supplier's** breach of the **Agreement**, **Supplier** is not entitled to any **Variation** or other compensation or relief as a result of the suspension, and **Purchaser** may recover from **Supplier** all costs incurred by **Purchaser** in connection with that suspension.
- g. If **Purchaser** suspends for its convenience and such suspension continues uninterrupted for a period exceeding 90 **Days**, the **Parties** will agree upon the basis of the continuation of the **Supply**. If the **Parties** agree that the continuation proves to be impossible under the existing terms of the **Agreement**, the **Parties** may terminate for convenience the suspended part of **Supply**.

## 22. TERMINATION

### a. *Termination for Convenience.*

- i. By notice to **Supplier**, **Purchaser** may terminate the **Agreement** in whole or in part for **Purchaser's** convenience.   - c. **Supplier** shall not publish information concerning its business with **Purchaser**, **Supply**, **Company** or the **Agreement** without **Purchaser's** prior written approval, which **Purchaser** may withhold in its sole discretion.

## 29. CHOICE OF LAW AND DISPUTE RESOLUTION

- a. The **Agreement** is governed by and interpreted in accordance with the laws of England and Wales, excluding any conflicts of law principles that would direct the substantive law of another jurisdiction to apply.
- b. Amicable settlement of disputes is in the **Parties'** mutual best interests. Each **Party** agrees to promptly notify the other of any dispute arising under the **Agreement** and to engage in good faith consultation between (i) **Purchaser's** applicable Senior Category Manager or Regional Procurement Office Director on the one side and (ii) **Supplier's** equivalent representative(s) on the other side to expeditiously resolve such dispute, in particular to safeguard the delivery to **Purchaser's** needs. If such consultation does not resolve the dispute within 60 **Days** from notification thereof, the **Parties** agree to escalate the dispute to good faith consultation between their respective General Managers (or equivalent).
- c. If the **Parties** fail to resolve the dispute via escalation within 60 **Days** from submission to the respective General Managers, the dispute may be referred to, and finally resolved by arbitration under the Rules of Arbitration of the International Chamber of Commerce, which are deemed incorporated by reference into this Article 29, in London, England. The arbitrators' decision is considered as a final and binding resolution between the **Parties**.

30. **GENERAL LEGAL PROVISIONS**

Without limiting the generality of the foregoing, the employees and **Subsuppliers** engaged by **Supplier** for the performance of **Supply** are direct employees of **Subsupplier** or **Supplier**, and **Supplier** remains solely responsible for all matters related to compliance with relevant employment laws.
- b. **Notices.** Unless expressly prescribed elsewhere in the **Agreement**, all communications, instructions, notifications, agreements, authorizations, approvals, and acknowledgements between the **Parties** must be provided in writing to the representative identified in the **Agreement**. Either **Party** may modify its address or any other contact information for receipt of notice with prompt written notification to the other **Party**.
- c. **Assignment.** With prior written notice, **Purchaser** may freely assign its rights and obligations under the **Agreement**. **Supplier** shall not, without the prior written consent of **Purchaser**, assign its rights and obligations under the **Agreement** to any other party. Any assignment by **Supplier** without **Purchaser's** consent is void.
- d. **Survival.** Termination of the **Agreement** or fulfilment of the **Parties'** obligations under the **Agreement** does not release the **Parties** from obligations which expressly or by their nature survive the **Agreement** or extend beyond the **Agreement** termination or acceptance of **Supply**.
- e. **Severability.** If any provision of the **Agreement** is found by any court or administrative body of competent jurisdiction to be invalid or unenforceable, the invalidity or unenforceability should not affect the other provisions of the **Agreement** and all provisions not affected remain in full force and effect. The **Parties** agree to substitute any invalid or unenforceable provision with a valid or enforceable provision that achieves to the greatest possible extent the economic, legal, and commercial objectives of the invalid or unenforceable provision.
- f. **Waiver.** No benefit or right accruing to either **Party** under the **Agreement** is waived unless the waiver is reduced to writing and signed by the **Parties**. Failure of either **Party** to exercise any of its rights under the **Agreement** in no way constitutes a waiver of those rights, nor does such failure excuse the other **Party** from any of its obligations. The waiver of, or failure to require the performance of any obligation under the **Agreement** is not a waiver of a similar later breach.
- g. **Remedies Cumulative.** Unless stated otherwise, the rights and remedies provided for in the **Agreement** are cumulative and not exclusive of any other rights and remedies, whether provided by law or otherwise.
- h. **United Nations Convention on Contracts for the International Sale of Goods.** The **Parties** waive all rights under or applicable to the UN Convention on Contracts for the International Sales of Goods.
- i. **Contracts (Rights of Third Parties) Act.**

Except to the extent any member of **Purchaser Group** (other than **Purchaser**), any member of **Supplier Group** (other than **Supplier**), or any member **Company Group** (the "**Outside Party**") is entitled to insurance or **Indemnity** protection under the **Agreement** or other rights expressly set forth in the **Agreement**, the **Parties** intend that no provision

of the **Agreement** by virtue of the Contracts (Rights of Third Parties) Act 1999 (the “**Act**”) confers any benefit on, nor be enforceable by any person who is not a party to the **Agreement**.

- ii. Notwithstanding anything to the contrary, the **Agreement** may be rescinded, amended, or varied by the **Parties** without notice to or the consent of any **Outside Party**, even if as a result **Outside Party’s** right to enforce a term of the **Agreement** may be varied or extinguished.
  - iii. The right of any **Outside Party** pursuant to i. above is subject to the provisions of Article 29 in respect of any claim by **Outside Party** in that the relevant parties agree to resolve any dispute between them in a prompt and amicable manner by adopting the provisions of Article 29.
  - iv. In enforcing any right to which it is entitled by the **Act** and the provisions of the **Agreement**, the remedies of **Outside Party** are limited to damages.
  - v. **Outside Party** is not entitled to assign any benefit or right conferred on it under the **Agreement** by the **Act**.
- j. **Entire Agreement.** The **Agreement** embodies the entire agreement between the **Parties** with respect to the subject matter thereof, and prevails over any previous oral or written understandings, commitments, or agreements pertaining to the subject matter thereof.
