CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q of TechnipFMC plc (the “Company,” “we,” “us,” or “our”) contains “forward-looking statements” as defined in Section 27A of the United States Securities Act of 1933, as amended, and Section 21E of the United States Securities Exchange Act of 1934, as amended (the “Exchange Act”). Forward-looking statements usually relate to future events, market growth and recovery, growth of our new energies business and anticipated revenues, earnings, cash flows or other aspects of our operations or operating results. Forward-looking statements are often identified by the words “believe,” “expect,” “anticipate,” “plan,” “intend,” “foresee,” “should,” “would,” “could,” “may,” “estimate,” “outlook” and similar expressions, including the negative thereof. The absence of these words, however, does not mean that the statements are not forward-looking. These forward-looking statements are based on our current expectations, beliefs and assumptions concerning future developments and business conditions and their potential effect on us. While management believes these forward-looking statements are reasonable as and when made, there can be no assurance that future developments affecting us will be those that we anticipate.

All of our forward-looking statements involve risks and uncertainties (some of which are significant or beyond our control) and assumptions that could cause actual results to differ materially from our historical experience and our present expectations or projections. Known material factors that could cause actual results to differ materially from those contemplated in the forward-looking statements include those set forth in Part I, Item 1A, “Risk Factors” of our Annual Report on Form 10-K for the fiscal year ended December 31, 2021 and Part II, Item 1A, “Risk Factors” and elsewhere of this Quarterly Report on Form 10-Q, including unpredictable trends in the demand for and price of crude oil and natural gas; competition and unanticipated changes relating to competitive factors in our industry, including ongoing industry consolidation; the COVID-19 pandemic, its impact on the demand for our products and services and global shipping and logistics challenges caused by it; our inability to develop, implement and protect new technologies and services, including new technologies and services for our new energy ventures; the cumulative loss of major contracts, customers or alliances and unfavorable credit and commercial terms of certain contracts; the refusal of DTC to act as depository agency for our shares; disruptions in the political, regulatory, economic and social conditions of the countries in which we conduct business; the United Kingdom’s withdrawal from the European Union; the impact of our existing and future indebtedness and the restrictions on our operations by terms of the agreements governing our existing indebtedness; the risks caused by our acquisition and divestiture activities; our inability to address increasing attention to ESG matters; uncertainties related to our investments in new energy industries; the risks caused by fixed-price contracts; any delays and cost overruns of new capital asset construction projects for vessels and manufacturing facilities; our failure to deliver our backlog; our reliance on subcontractors, suppliers and our joint venture partners; a failure or breach of our IT infrastructure or that of our subcontractors, suppliers or joint venture partners, including as a result of cyber-attacks; risks of pirates endangering our maritime employees and assets; potential liabilities inherent in the industries in which we operate or have operated; our failure to comply with numerous laws and regulations, including those related to environmental protection, climate change, health and safety, labor and employment, import/export controls, currency exchange, bribery and corruption, taxation, privacy, data protection and data security; the additional restrictions on dividend payouts or share repurchases as an English public limited company; uninsured claims and litigation against us, including intellectual property litigation; tax laws, treaties and regulations and any unfavorable findings by relevant tax authorities; potential departure of our key managers and employees; adverse seasonal and weather conditions and unfavorable currency exchange rates; and risk in connection with our defined benefit pension plan commitments. We caution you not to place undue reliance on any forward-looking statements, which speak only as of the date hereof. We undertake no obligation to publicly update or revise any of our forward-looking statements after the date they are made, whether as a result of new information, future events or otherwise, except to the extent required by law.

NOTE 1. BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying unaudited condensed consolidated financial statements of TechnipFMC plc and its consolidated subsidiaries (“TechnipFMC,” the “Company,” “we,” “us,” or “our”) have been prepared in accordance with United States generally accepted accounting principles (“GAAP”) and the rules and regulations of the Securities and Exchange Commission (“SEC”) pertaining to interim financial information. As permitted under those rules, certain footnotes or other financial information that are normally required by GAAP have been condensed or omitted. These unaudited condensed consolidated financial statements should be read together with our audited consolidated financial statements contained in our Annual Report on Form 10-K (“Form 10-K”) for the year ended December 31, 2021.

Our accounting policies are in accordance with GAAP. The preparation of financial statements in conformity with these accounting principles requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Ultimate results could differ from our estimates.

In the opinion of management, the accompanying unaudited condensed consolidated financial statements reflect all adjustments, consisting of normal recurring adjustments necessary for a fair statement of our financial condition and operating results as of and for the periods presented. Revenue, expenses, assets and liabilities can vary during each quarter of the year. Therefore, the results and trends in these financial statements may not be representative of the results that may be expected for the year ending December 31, 2022.

Reclassifications and revision

Certain prior-year amounts have been reclassified to conform to the current year’s presentation.

The Company identified an error in the presentation of certain cash flow items related to discontinued operations that impacted cash and cash equivalents at the beginning of period, cash required by financing activities from discontinued operations and change in cash and cash equivalents line items within the previously issued statement of cash flows for the six months ended June 30, 2021.

Management assessed the materiality of the misstatement described above on prior period financial statements in accordance with SEC Staff Bulletin (“SAB”) No. 99, *Materiality, Codified in ASC 250-10, Accounting Changes and Error Corrections (“ASC 250”)*, and concluded that these misstatements were not material to any previously issued financial statements. However, in order to achieve comparability in the financial statements, the Company has determined it appropriate to revise the following financial statement line items (amounts are in millions):

(In millions)	Six Months Ended June 30, 2021		
	As previously reported	Revision	As Revised
Cash required by financing activities from continuing operations	\$ (955.8)	\$ —	\$ (955.8)

NOTE 2. DISCONTINUED OPERATIONS

The Spin-off

On February 16, 2021, we completed our separation of the Technip Energies business segment. The transaction was structured as a spin-off (the “Spin-off”), which occurred by way of a pro rata dividend (the “Distribution”) to our shareholders of 50.1% of the outstanding shares in Technip Energies N.V. Each of our shareholders received one

ordinary share of Technip Energies N.V. for every five ordinary shares of TechnipFMC held at 5:00 p.m., Eastern Standard Time, on the record date, February 17, 2021. Technip Energies N.V. is now an independent public company and its shares trade under the ticker symbol “TE” on the Euronext Paris Stock Exchange.

In connection with the Spin-off, TechnipFMC and Technip Energies entered into a separation and distribution agreement, as well as various other agreements, including, among others, a tax matters agreement, an employee matters agreement and a transition services agreement and certain agreements relating to intellectual property. These agreements provide for the allocation between TechnipFMC and Technip Energies of assets, employees, taxes, liabilities and obligations attributable to periods prior to, at and after the Spin-off.

Discontinued Operations

The Spin-off represented a strategic shift that had a major impact to our operations and consolidated financial statements. Accordingly, historical results of Technip Energies prior to the Distribution on February 16, 2021 have been presented as discontinued operations in our condensed consolidated statements of income and condensed consolidated statements of cash flows for the three and six months ended June 30, 2021. Our condensed consolidated statements of income and condensed consolidated statements of cash flows and notes to the condensed consolidated financial statements have been updated to reflect continuing operations only.

The following table summarizes the components of income (loss) from discontinued operations, net of income taxes:

(In millions)	Three Months Ended June 30,		Six Months Ended June 30,	
	2022	2021	2022	2021
Revenue	\$ —	\$ —	\$ —	\$ 906.0
Costs and expenses	—	—	—	(889.3)
Other expense, net	—	—	—	(18.6)
Loss from discontinued operations before income taxes	\$ —	\$ —	\$ —	\$ (1.9)
Income tax expense (benefit)	—	(7.7)	19.4	50.6
Income (loss) from discontinued operations, net of income taxes	\$ —	\$ 7.7	\$ (19.4)	\$ (52.5)

For the six months ended June 30, 2022, we recorded \$19.4 million in income taxes from discontinued operations related to a change in estimate in our French tax group, which resulted in a tax liability from the Spin-off transaction.

NOTE 3. NEW ACCOUNTING STANDARDS

Recently Adopted Accounting Standards under GAAP

In August 2020, the FASB issued ASU No. 2020-06, “*Debt – Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging – Contracts in Entity’s Own Equity (Subtopic 815 – 40)*.” This update simplifies the accounting for certain financial instruments with characteristics of liabilities and equity, including convertible instruments and contracts in an entity’s own equity. The amendments to this update are effective for fiscal years beginning after December 15, 2021, and interim periods within those fiscal years, with early adoption permitted no earlier than fiscal years beginning after December 15, 2020. We adopted this amendment as of January 1, 2022, which did not have a material impact on our condensed consolidated financial statements.

Recently Issued Accounting Standards under GAAP

In March 2020, the FASB issued ASU No. 2020-04, “Facilitation of the Effects of Reference Rate Reform on Financial Reporting (Topic 848).” In addition, in January 2021, FASB issued ASU No. 2021-01, “Reference Rate Reform (Topic 848)” which clarifies the scope of Topic 848. The amendments in these updates apply only to contracts, hedging relationships, and other transactions that reference the London interbank offered rate (“LIBOR”) or another reference rate expected to be discontinued because of reference rate reform. The expedients and exceptions provided by the amendments do not apply to contract modifications made and hedging relationships entered into or evaluated after December 31, 2022, except for hedging relationships existing as of December 31, 2022, that an entity has elected certain optional expedients for and that are retained through the end of the hedging relationship. The amendments in this update were issued as of March 12, 2020, effective through December 31, 2022. We are currently evaluating the impact of this ASU on our condensed consolidated financial statements.

We consider the applicability and impact of all ASUs. We assessed ASUs not listed above and determined that they either were not applicable or were not expected to have a material impact on our financial statements.

NOTE 4. REVENUE

The majority of our revenue is from long-term contracts associated with designing and manufacturing products and systems and providing services to customers involved in exploration and production of crude oil and natural gas.

Disaggregation of Revenue

Revenues are disaggregated by geographic location and contract types.

The following tables present total revenue by geography for each reportable segment for the three and six months ended June 30, 2022 and 2021:

Contract Balances

The timing of revenue recognition, billings and cash collections results in billed accounts receivable, costs and estimated earnings in excess of billings on uncompleted contracts (contract assets), and billings in excess of costs and estimated earnings on uncompleted contracts (contract liabilities) on the condensed consolidated balance sheets. Any expected contract losses are recorded in the period in which they become probable.

Contract Assets - Contract assets include unbilled amounts typically resulting from sales under long-term contracts when revenue is recognized over time and revenue recognized exceeds the amount billed to the customer, and right to payment is not just subject to the passage of time. Amounts may not exceed their net realizable value. Costs and estimated earnings in excess of billings on uncompleted contracts are generally classified as current.

Contract Liabilities - We sometimes receive advances or deposits from our customers, before revenue is recognized, resulting in contract liabilities.

The following table provides information about net contract assets (liabilities) as of June 30, 2022 and December 31, 2021:

(In millions)	June 30, 2022	December 31, 2021	\$ change	% change
Contract assets	\$ 1,025.0	\$ 966.0	\$ 59.0	6.1
Contract liabilities	(804.4)	(1,012.9)	208.5	20.6
Net contract assets (liabilities)	\$ 220.6	\$ (46.9)	\$ 267.5	570.4

The increase in our contract assets from December 31, 2021 to June 30, 2022 was primarily due to the timing of project milestones.

The decrease in our contract liabilities was primarily due to completion of performance obligations for contracts, for which consideration was received in advance of the work performed during the period.

In order to determine revenue recognized in the period from contract liabilities, we first allocate revenue to the individual contract liability balance outstanding at the beginning of the period until the revenue exceeds that balance. Any subsequent revenue we recognize increases the contract asset balance. Revenue recognized for the three months ended June 30, 2022 and 2021 that was included in the contract liabilities balance as of December 31, 2021 and 2020 was \$102.8 million and \$68.7 million, respectively, and \$215.7 million and \$197.1 million for the six months ended June 30, 2022 and 2021, respectively.

In addition, net revenue recognized from our performance obligations satisfied in previous periods had favorable impacts of \$34.2 million and \$7.9 million for the three months ended June 30, 2022 and 2021, respectively, and \$22.0 million and \$2.6 million, for the six months ended June 30, 2022 and 2021, respectively, from changes in the estimate of the stage of completion that impacted revenue.

Transaction Price Allocated to the Remaining Unsatisfied Performance Obligations

Remaining unsatisfied performance obligations (“RUPO” or “order backlog”) represents the transaction price for products and services for which we have a material right but work has not been performed. Transaction price of the order backlog includes the base transaction price, variable consideration and changes in transaction price. The order backlog table does not include contracts for which we recognize revenue at the amount to which we have the right to invoice for services performed. The transaction price of order backlog related to unfilled, confirmed customer orders is estimated at each reporting date. As of June 30, 2022, the aggregate amount of the transaction price allocated to order backlog was \$9,039.4 million. TechnipFMC expects to recognize revenue on approximately 26% of the order backlog through 2022 and 74% thereafter.

The following table details the order backlog for each business segment as of June 30, 2022:

(In millions)	2022	2023	Thereafter
Subsea	\$ 2,030.5	\$ 3,226.9	\$ 2,668.9
Surface Technologies	316.6	143.4	653.1
Total order backlog	\$ 2,347.1	\$ 3,370.3	\$ 3,322.0

NOTE 5. BUSINESS SEGMENTS

Management’s determination of our reporting segments was made on the basis of our strategic priorities within each segment and the differences in the products and services we provide, which corresponds to the manner in which our Chair and Chief Executive Officer, as our chief operating decision maker, reviews and evaluates operating performance to make decisions about resources to be allocated to the segment. We operate under two reporting segments, Subsea and Surface Technologies:

- *Subsea* - designs and manufactures products and systems, performs engineering, procurement and project management, and provides services used by oil and gas companies involved in offshore exploration and production of crude oil and natural gas.

- *Surface Technologies* - designs and manufactures products and systems and provides services used by oil and gas companies involved in land and shallow water exploration and production of crude oil and natural gas; designs, manufactures and supplies technologically advanced high-pressure valves and fittings for oilfield service companies; and also provides flowback and well testing services.

Segment operating profit is defined as total segment revenue less segment operating expenses. Income (loss) from equity method investments is included in computing segment operating profit. The following items have been excluded in computing segment operating profit: corporate staff expense, foreign exchange gains (losses), income (loss) from investment in Technip Energies, net interest income (expense) associated with corporate debt facilities and income taxes.

Segment revenue and segment operating profit were as follows:

NOTE 6. EARNINGS (LOSS) PER SHARE

A reconciliation of the number of shares used for the basic and diluted earnings (loss) per share calculation was as follows:

For the three months ended June 30, 2021, we incurred a loss from continuing operations; therefore, the impact of 5.3 million shares was anti-dilutive. For the six months ended June 30, 2022, we incurred a loss from continuing operations; therefore, the impact of 4.6 million shares was anti-dilutive.

Weighted average shares of the following share-based compensation awards were excluded from the calculation of diluted weighted average number of shares, where the assumed proceeds exceed the average market price from the calculation of diluted weighted average number of shares, because their effect would be anti-dilutive:

NOTE 7. RECEIVABLES

We manage our trade and loans receivables portfolios using published default risk as a key credit quality indicator. Our loans receivable and security deposits were related to sales of long-lived assets or businesses, loans to related parties for capital expenditure purposes, or security deposits for lease arrangements.

We manage our held-to-maturity debt securities using published credit ratings as a key credit quality indicator as our held-to-maturity debt securities consist of government bonds.

The table below summarizes the amortized cost basis of financial assets by years of origination and credit quality. The key credit quality indicator is updated as of June 30, 2022.

(In millions)	Year of origination	Balance as of June 30, 2022	Balance as of December 31, 2021

Total financial assets		<u>\$ 80.3</u>	<u>\$ 74.9</u>

Credit Losses

For contract assets, trade receivables, loans receivable, and security deposits and other, we have elected to calculate an expected credit loss based on loss rates from historical data. We develop loss-rate statistics on the basis of the amount written-off over the life of the financial assets and contract assets and adjust these historical credit loss trends for forward-looking factors specific to the debtors and the economic environment to determine lifetime expected losses.

For held-to-maturity debt securities at amortized cost, we evaluate whether the debt securities are considered to have low credit risk at the reporting date using available and supportable information.

The table below shows the roll-forward of allowance for credit losses as of June 30, 2022 and 2021, respectively.

Credit Facilities and Debt

Revolving Credit Facility - On February 16, 2021, we entered into a credit agreement, which provides for a \$1.0 billion three-year senior secured multicurrency Revolving Credit Facility, including a \$450.0 million letter of credit subfacility. We incurred \$34.8 million of debt issuance costs in connection with the Revolving Credit Facility. These debt issuance costs are deferred and are included in other assets in our condensed consolidated balance sheet as of June 30, 2022. The deferred debt issuance costs are amortized to interest expense over the term of the Revolving Credit Facility.

Availability of borrowings under the Revolving Credit Facility is reduced by the outstanding letters of credit issued against the facility. As of June 30, 2022, there were \$170.0 million of borrowings and \$45.4 million of letters of credit outstanding, and our availability under the Revolving Credit Facility was \$784.6 million.

Borrowings under the Revolving Credit Facility bear interest at the following rates, plus an applicable margin, depending on currency:

- U.S. dollar-denominated loans bear interest, at the Company’s option, at a base rate or an adjusted rate linked to the London interbank offered rate; and
- Euro-denominated loans bear interest on an adjusted rate linked to the Euro interbank offered rate.

The applicable margin for borrowings under the Revolving Credit Facility ranges from 2.50% to 3.50% for Eurocurrency loans and 1.50% to 2.50% for base rate loans, depending on a total leverage ratio. The Revolving Credit Facility is subject to customary representations and warranties, covenants, events of default, mandatory repayment provisions and financial covenants.

2021 Notes - On January 29, 2021, we issued \$1.0 billion of 6.50% senior notes due 2026 (the “2021 Notes”). The interest on the 2021 Notes is paid semi-annually on February 1 and August 1 of each year, beginning on August 1, 2021. The 2021 Notes are senior unsecured obligations and are guaranteed on a senior unsecured basis by substantially all of our wholly owned U.S. subsidiaries and non-U.S. subsidiaries in Brazil, the Netherlands, Norway, Singapore and the United Kingdom. We incurred \$25.7 million of debt issuance costs in connection with issuance of the 2021 Notes. These debt issuance costs are deferred and are included in long-term debt in our condensed consolidated balance sheet as of June 30, 2022. The deferred debt issuance costs are amortized to interest expense over the term of the 2021 Notes, which approximates the effective interest method.

During the three and six months ended June 30, 2022, we completed a tender offer and purchased for cash \$430.2 million of the outstanding 2021 Notes. We paid a cash premium of \$21.5 million to the tendering note holders and wrote-off \$8.3 million of bond issuance costs. Concurrent with the tender offer, the Company obtained consents of holders with respect to the 2021 Notes to certain proposed amendments (“Proposed Amendments”) to the indenture governing these notes. The Proposed Amendments, among other things, eliminated substantially all of the restrictive covenants and certain event of default triggers in the indenture.

As of June 30, 2022, we were in compliance with all debt covenants.

Bank borrowings - Include term loans issued in connection with financing for certain of our vessels and amounts outstanding under our foreign committed credit lines.

Foreign committed credit - We have committed credit lines at many of our international subsidiaries for immaterial amounts. We utilize these facilities for asset financing and to provide a more efficient daily source of liquidity. The effective interest rates depend upon the local national market.

NOTE 14. SHARE-BASED COMPENSATION

Under the Amended and Restated TechnipFMC plc Incentive Award Plan (the “2017 Plan”), we may grant certain incentives and awards to our officers, employees, non-employee directors and consultants of the Company and its subsidiaries. Awards may include share options, share appreciation rights, performance stock units, restricted stock units, restricted shares or other awards authorized under the Plan. On April 28, 2022, we adopted the TechnipFMC plc 2022 Incentive Award Plan (the “Plan”), which replaces the 2017 Plan. Under the Plan, 8.9 million ordinary shares were authorized for awards and the remaining available shares from the 2017 Plan were added to the 2022 pool.

We recognize compensation expense and the corresponding tax benefits for awards under incentive award plans. Share-based compensation expense for non-vested share options, performance-based shares and restricted stock units was \$9.1 million and \$7.3 million for the three months ended June 30, 2022 and 2021, respectively, and \$19.0 million and \$10.7 million for the six months ended June 30, 2022 and 2021, respectively.

During the six months ended June 30, 2021, we recorded \$19.6 million of impairment expenses, primarily relating to our operating lease right-of-use assets as a result of certain real estate realization actions.

Restructuring and Other Expenses

NOTE 16. COMMITMENTS AND CONTINGENT LIABILITIES

Contingent liabilities associated with guarantees - In the ordinary course of business, we enter into standby letters of credit, performance bonds, surety bonds and other guarantees with financial institutions for the benefit of our customers, vendors and other parties. The majority of these financial instruments expire within five years. Management does not expect any of these financial instruments to result in losses that, if incurred, would have a material adverse effect on our condensed consolidated financial position, results of operations or cash flows.

Guarantees consisted of the following:

(In millions)	June 30, 2022	December 31, 2021
Financial guarantees ^(a)	\$ 206.4	\$ 177.4
Performance guarantees ^(b)	1,033.5	1,069.0
Maximum potential undiscounted payments	\$ 1,239.9	\$ 1,246.4

- (a) Financial guarantees represent contracts that contingently require a guarantor to make payments to a guaranteed party based on changes in an underlying agreement that is related to an asset, a liability or an equity security of the guaranteed party. These tend to be drawn down only if there is a failure to fulfill our financial obligations.
- (b) Performance guarantees represent contracts that contingently require a guarantor to make payments to a guaranteed party based on another entity's failure to perform under a nonfinancial obligating agreement. Events that trigger payment are performance-related, such as failure to ship a product or provide a service.

We believe the ultimate resolution of our known contingencies will not materially adversely affect our consolidated financial position, results of operations, or cash flows.

Contingent liabilities associated with legal and tax matters - We are involved in various pending or potential legal and tax actions or disputes in the ordinary course of our business. These actions and disputes can involve our agents, suppliers, clients and venture partners, and can include claims related to payment of fees, service quality and ownership arrangements. We are unable to predict the ultimate outcome of these actions because of their inherent uncertainty. However, we believe that the most probable, ultimate resolution of these matters will not have a material adverse effect on our consolidated financial position, results of operations or cash flows.

On March 28, 2016, FMC Technologies received an inquiry from the U.S. Department of Justice (“DOJ”) related to the DOJ's investigation of whether certain services Unaoil S.A.M. provided to its clients, including FMC Technologies, violated the U.S. Foreign Corrupt Practices Act (“FCPA”). On March 29, 2016, Technip S.A. also received an inquiry from the DOJ related to Unaoil. We cooperated with the DOJ's investigations and, with regard to FMC Technologies, a related investigation by the SEC.

In late 2016, Technip S.A. was contacted by the DOJ regarding its investigation of offshore platform projects awarded between 2003 and 2007, performed in Brazil by a joint venture company in which Technip S.A. was a minority participant, and we have also raised with the DOJ certain other projects performed by Technip S.A. subsidiaries in Brazil between 2002 and 2013. The DOJ has also inquired about projects in Ghana and Equatorial Guinea that were awarded to Technip S.A. subsidiaries in 2008 and 2009, respectively. We cooperated with the DOJ in its investigation into potential violations of the FCPA in connection with these projects. We contacted and cooperated with the Brazilian authorities (Federal Prosecution Service (“MPF”), the Comptroller General of Brazil (“CGU”) and the Attorney General of Brazil (“AGU”)) with their investigation concerning the projects in Brazil and have also contacted and are cooperating with French authorities (the Parquet National Financier (“PNF”)) with their investigation about these existing matters.

On June 25, 2019, we announced a global resolution to pay a total of \$301.3 million to the DOJ, the SEC, the MPF and the CGU/AGU to resolve these anti-corruption investigations. We will not be required to have a monitor and will, instead, provide reports on our anti-corruption program to the Brazilian and U.S. authorities for two and three years, respectively.

As part of this resolution, we entered into a three-year Deferred Prosecution Agreement (“DPA”) with the DOJ related to charges of conspiracy to violate the FCPA related to conduct in Brazil and with Unaoil. In addition, Technip USA, Inc., a U.S. subsidiary, pled guilty to one count of conspiracy to violate the FCPA related to conduct in Brazil. We will also provide the DOJ reports on our anti-corruption program during the term of the DPA.

In Brazil, our subsidiaries, Technip Brasil - Engenharia, Instalações E Apoio Marítimo Ltda. and Flexibrás Tubos Flexíveis Ltda., entered into leniency agreements with both the MPF and the CGU/AGU. We have committed, as part of those agreements, to make certain enhancements to their compliance programs in Brazil during a two-year self-reporting period, which aligns with our commitment to cooperation and transparency with the compliance community in Brazil and globally.

In September 2019, the SEC approved our previously disclosed agreement in principle with the SEC Staff and issued an Administrative Order, pursuant to which we paid the SEC \$5.1 million, which was included in the global resolution of \$301.3 million.

To date, the investigation by PNF related to historical projects in Equatorial Guinea and Ghana has not reached a resolution. We remain committed to finding a resolution with the PNF and will maintain a \$70.0 million provision related to this investigation. Additionally, the PNF recently informed us that it is reviewing historical projects in Angola. We are not aware of any evidence that would support a finding of liability with respect to these projects, or whether the PNF would seek any additional penalty. As we continue our discussions with PNF towards a potential resolution of all of these matters, the amount of a settlement could exceed this provision.

There is no certainty that a settlement with PNF will be reached or that the settlement will not exceed current accruals. The PNF has a broad range of potential sanctions under anti-corruption laws and regulations that it may seek to impose in appropriate circumstances including, but not limited to, fines, penalties, confiscations and modifications to business practices and compliance programs. Any of these measures, if applicable to us, as well as potential customer reaction to such measures, could have a material adverse impact on our business, results of operations and financial condition. If we cannot reach a resolution with the PNF, we could be subject to criminal proceedings in France, the outcome of which cannot be predicted.

Contingent liabilities associated with liquidated damages - Some of our contracts contain provisions that require us to pay liquidated damages if we are responsible for the failure to meet specified contractual milestone dates and the applicable customer asserts a conforming claim under these provisions. These contracts define the conditions under which our customers may make claims against us for liquidated damages. Based upon the evaluation of our performance and other commercial and legal analysis, management believes we have appropriately recognized probable liquidated damages at June 30, 2022 and December 31, 2021, and that the ultimate resolution of such matters will not materially affect our consolidated financial position, results of operations or cash flows.

NOTE 17. INCOME TAXES

Our provision for income taxes for the three months ended June 30, 2022 and 2021 reflected effective tax rates of 71.7% and (25.3)%, respectively. The year-over-year increase in the effective tax rate was primarily due to the increased impact of losses in jurisdictions with a full valuation allowance and a change in geographical profit mix year over year.

Our provision for income taxes for the six months ended June 30, 2022 and 2021 reflected effective tax rates of 221.6% and 18.6%, respectively. The year-over-year increase in the effective tax rate was primarily due to the increased impact of losses in jurisdictions with a full valuation allowance and a change in geographical profit mix year over year.

Our effective tax rate can fluctuate depending on our country mix of earnings, since our foreign earnings are generally subject to higher tax rates than in the United Kingdom.

NOTE 18. DERIVATIVE FINANCIAL INSTRUMENTS

For purposes of mitigating the effect of changes in exchange rates, we hold derivative financial instruments to hedge the risks of certain identifiable and anticipated transactions and recorded assets and liabilities in our condensed consolidated balance sheets. The types of risks hedged are those relating to the variability of future earnings and cash flows caused by movements in foreign currency exchange rates. Our policy is to hold derivatives only for the purpose of hedging risks associated with anticipated foreign currency purchases and sales created in the normal course of business, and not for speculative purposes.

Generally, we enter into hedging relationships such that changes in the fair values or cash flows of the transactions being hedged are expected to be offset by corresponding changes in the fair value of the derivatives. For derivative instruments that qualify as a cash flow hedge, the effective portion of the gain or loss of the derivative, which does not include the time value component of a forward currency rate, is reported as a component of other comprehensive income (“OCI”) and reclassified into earnings in the same period or periods during which the hedged transaction affects earnings. For derivative instruments not designated as hedging instruments, any change in the fair value of those instruments is reflected in earnings in the period such change occurs.

We hold the following types of derivative instruments:

Foreign exchange rate forward contracts - The purpose of these instruments is to hedge the risk of changes in future cash flows of anticipated purchase or sale commitments denominated in foreign currencies and recorded assets and liabilities in our condensed consolidated balance sheets. As of June 30, 2022, we held the following material net positions:

(In millions)	Net Notional Amount Bought (Sold)

Malaysian ringgit	(512.3)	(116.2)
U.S. dollar	(801.5)	(801.5)

Foreign exchange rate instruments embedded in purchase and sale contracts - The purpose of these instruments is to match offsetting currency payments and receipts for particular projects or comply with government restrictions on the currency used to purchase goods in certain countries. As of June 30, 2022, our portfolio of these instruments included the following material net positions:

(In millions)	Net Notional Amount Bought (Sold)

Fair value amounts for all outstanding derivative instruments have been determined using available market information and commonly accepted valuation methodologies. See Note 19 for further details. Accordingly, the estimates presented may not be indicative of the amounts we would realize in a current market exchange and may not be indicative of the gains or losses we may ultimately incur when these contracts are settled.

The following table presents the location and fair value amounts of derivative instruments reported in the condensed consolidated balance sheets:

Cash flow hedges of forecasted transactions, net of tax, which qualify for hedge accounting, resulted in accumulated other comprehensive losses of \$65.7 million and \$18.7 million as of June 30, 2022 and December 31, 2021, respectively. We expect to transfer an approximate \$32.9 million loss from accumulated OCI to earnings during the next 12 months when the anticipated transactions actually occur. All anticipated transactions currently being hedged are expected to occur by the second half of 2024.

The following table presents the gains (losses) recognized in other comprehensive income related to derivative instruments designated as cash flow hedges:

Each instrument is accounted for individually and assets and liabilities are not offset. As of June 30, 2022 and December 31, 2021, we had no collateralized derivative contracts. - (a) Includes fixed income and other investments measured at fair value.
- (b) Certain investments that are measured at fair value using net asset value per share (or its equivalent) have not been classified in the fair value hierarchy.

Investment in Technip Energies - The fair value of our investment in Technip Energies was based on quoted prices that we had the ability to access in public markets. As of June 30, 2022, we fully divested our remaining ownership in Technip Energies. See Note 10 for further details.

Equity securities - The fair value measurement of our traded securities is based on quoted prices that we have the ability to access in public markets.

Stable value fund and Money market fund - The stable value fund and money market fund are valued at the net asset value of the shares held at the end of the quarter, which is based on the fair value of the underlying investments using information reported by our investment advisor at quarter-end.

Held-to-maturity debt securities - Held-to-maturity debt securities consist of government bonds. These investments are stated at amortized cost, which approximates fair value.

Derivative financial instruments - We use the income approach as the valuation technique to measure the fair value of foreign currency derivative instruments on a recurring basis. This approach calculates the present value of the future cash flow by measuring the change from the derivative contract rate and the published market indicative currency rate, multiplied by the contract notional values. Credit risk is then incorporated by reducing the derivative’s fair value in asset positions by the result of multiplying the present value of the portfolio by the counterparty’s published credit spread. Portfolios in a liability position are adjusted by the same calculation; however, a spread representing our credit spread is used. Our credit spread, and the credit spread of other counterparties not publicly available, are approximated by using the spread of similar companies in the same industry, of similar size and with the same credit rating.

We currently have no credit-risk-related contingent features in our agreements with the financial institutions that would require us to post collateral for derivative positions in a liability position. See Note 18 for further details.

Nonrecurring Fair Value Measurements

Fair value of long-lived, non-financial assets - Long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that carrying amounts of such assets may not be recoverable.

The following summarizes impairments of our long-lived assets and related post-impairment fair value for the six months ended June 30, 2021:

(In millions)	Six Months Ended June 30, 2021			
	Impairment		Fair Value	
Long-lived assets ^(a)	\$	19.6	\$	31.6

(a) Measuring these asset groups for recoverability required the use of unobservable inputs that require significant judgment. Such judgments include expected future asset utilization in response to market conditions.

Other fair value disclosures

The carrying amounts of cash and cash equivalents, trade receivables, accounts payable, short-term debt, debt associated with our bank borrowings, credit facilities, as well as amounts included in other current assets and other current liabilities that meet the definition of financial instruments, approximate fair value.

Fair value of debt - We use a market approach to determine the fair value of our fixed-rate debt using observable market data, which results in a Level 2 fair value measurement. The estimated fair value of our private placement notes, revolving credit facility and senior notes was \$1,126.5 million and \$1,706.1 million as of June 30, 2022 and December 31, 2021, respectively.

Credit risk - By their nature, financial instruments involve risk, including credit risk, for non-performance by counterparties. Financial instruments that potentially subject us to credit risk primarily consist of trade receivables and derivative contracts. We manage the credit risk on financial instruments by transacting only with what management believes are financially secure counterparties, requiring credit approvals and credit limits and monitoring counterparties' financial condition. Our maximum exposure to credit loss in the event of non-performance by the counterparty is limited to the amount drawn and outstanding on the financial instrument. Allowances for losses on trade receivables are established based on collectability assessments. We mitigate credit risk on derivative contracts by executing contracts only with counterparties that consent to a master netting agreement, which permits the net settlement of gross derivative assets against gross derivative liabilities.

NOTE 20. SUBSEQUENT EVENT

On July 27, 2022, we announced that the Company's Board of Directors has authorized a new share repurchase program under which the Company may repurchase up to \$400.0 million of its outstanding ordinary shares. The program represents 14 percent of the Company's outstanding shares as of July 26, 2022 closing price.

ITEM 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

BUSINESS OUTLOOK

Overall Outlook – The growth in global energy demand has been driven by increased economic activity. Oil prices have been further supported by the industry’s more disciplined capital spend, particularly for OPEC+ countries which appear to be focused on realizing a price that supports both economic growth and continued energy investment.

The shift from the pandemic-led contraction to economic growth has resulted in high inflation and logistical bottlenecks. The energy transition and the Russian invasion of Ukraine have further exacerbated these trends, with the invasion disrupting access to several key commodities and supply routes. With long-term demand for energy forecast to increase, the conflict has highlighted the need for greater energy security for countries across the globe.

We have entered a multi-year upcycle for energy demand. We believe that investments in new sources of oil and natural gas production will increase over the intermediate-term, resulting in strong inbound orders for our Company through at least 2025. We are confident that these conventional resources will remain an important part of the energy mix for an extended period of time.

We are also committed to the energy transition, where we believe that offshore will play a meaningful role in the transition to renewable energy resources and reduction of carbon emissions. We are making real progress through our three main pillars of greenhouse gas removal, offshore floating renewables and hydrogen.

We have been successful in building on our partnerships and alliances to further position ourselves as the leading offshore energy architect.

- During the first quarter, one of our partnerships in offshore renewables, Magnora Offshore Wind, signed the Option to Lease Agreement for the ScotWind N3 area, where the proposed development project will install 33 floating wind turbines with total capacity of approximately 500 megawatts – which could power more than 600,000 homes in the United Kingdom. We also signed an agreement with Shell to explore synergies with a shared goal of enabling offshore renewable energy generation and reducing total CO₂ emissions – another example of how our long-standing partnerships extend to all areas of our business.
- More recently, Orbital Marine Power, which is collaborating with TechnipFMC to accelerate the global commercialization of its tidal stream turbine, was awarded two contracts for difference in the UK Allocation Round 4 multi-turbine projects in Eday, Orkney. Capable of delivering 7.2MW of predictable clean energy to the grid once completed, these Orbital tidal stream energy projects will support the UK’s security of supply, energy transition and broader climate change objectives.

Subsea – Innovative approaches to subsea projects, like our iEPCI solution, have improved project economics, and many offshore discoveries can be developed economically well below today’s crude oil prices. We believe deepwater development is likely to remain a significant part of many of our customers’ portfolios.

We have experienced renewed operator confidence in advancing subsea activity as a result of the robust economic outlook, improved project economics and more recent concerns regarding the security of energy supply. With crude above \$90 per barrel, the opportunity set of large subsea projects to be sanctioned over the next 24 months has expanded, driven in part by new greenfield opportunities in Brazil and Guyana. We also expect increased tie-back activity, with growth from these smaller projects to come primarily from the North Sea, Gulf of Mexico and West Africa – all regions in which we have a strong presence and are well-positioned due to our extensive installed base.

For the current year, our early engagement and client partnerships support our view that subsea tree awards for the total industry are likely to exceed 350 – a level not seen since 2013. We experienced continued strength in Subsea inbound in the first half of the year, with orders growing to \$3.8 billion, a book-to-bill of 1.4. iEPCI, direct awards and subsea services represented approximately 70 percent of total orders. We now expect our full-year Subsea orders will be up as much as 40 percent versus the prior year, above our previous forecast of 30 percent, with orders now approaching \$7 billion in 2022.

As the subsea industry continues to evolve, we are driving simplification, standardization, and industrialization to reduce cycle times. The industrialization of our project business through the introduction of configure-to-order (CTO) is another way in which we are driving real change in our industry that further improves the economics of our customer’s projects while driving greater efficiencies for TechnipFMC.

With CTO, we have designed an environment, process, culture and tools which are scalable and, more importantly, are transformational to the future of our company. Our customers require a product platform that provides them with choices which meet their unique and evolving needs, but also provides them with the significant speed, cost and efficiency benefits that come with product and process standardization. CTO has allowed us to redefine our sourcing strategy and transform our manufacturing flow, resulting in up to 25 percent lower product cost and a shortened 12 month delivery time for subsea production equipment – savings that are both real and sustainable. This has paved the way for other products to adopt a similar operating model, enabling an enterprise-wide way of working.

Since 2015, offshore economics have materially improved, and subsea cycle times have become significantly shorter. This has resulted in new subsea investments coming much earlier in the cycle and more in parallel with the short cycle U.S. land market. We believe these changes are fundamental and sustainable as a result of new business models and technology pioneered by our company.

Surface Technologies – Our performance is typically driven by variations in global drilling activity, creating a dynamic environment. Operating results can be further impacted by stimulation activity and the completions intensity of shale applications in North America.

Activity in North America is expected to increase in 2022, driven by higher drilling and completion activity and an improved pricing environment. Our completions-related revenue continues to benefit from the successful adoption of iComplete – our fully integrated, digitally enabled pressure control system. We also recently introduced our E-Mission solution for onshore production facilities. This digital offering uses proprietary process automation to provide the industry’s only real-time monitoring and control system that both reduces methane flaring by up to 50 percent and maximizes oil production.

International markets will continue to represent a significant portion of total segment revenue in 2022. Our unique capabilities in these markets, which demand higher specification equipment, global services and local content, provide a platform for us to extend our leadership positions.

The Middle East remains one of our largest market opportunities in the current decade. In December 2021, Surface Technologies’ received a multi-year contract from Abu Dhabi National Oil Company - its largest ever award - to provide wellheads, trees and associated services. We are also adding new manufacturing capabilities in Saudi Arabia where the country is expected to increase its sustainable oil capacity and significantly increase its production of natural gas over the next decade.

Revenue

Revenue increased \$48.4 million during the three months ended June 30, 2022, compared to the same period in 2021. Subsea revenue increased year-over-year, primarily driven by an increase in installation and service activity. Surface Technologies revenue increased, primarily as a result of the increase in operator activity in North America.

Gross Profit

Gross profit (revenue less cost of sales), as a percentage of sales, increased to 13.9% during the three months ended June 30, 2022, compared to 13.6% in the prior-year period. Subsea gross profit increased year over year due to increase in backlog margins and increase in installation and services activity. Surface Technologies gross profit decreased year-over-year, primarily due to impacts of manufacturing transition to our new facility in Saudi Arabia.

Selling, General and Administrative Expense

Selling, general and administrative expense decreased \$29.5 million year-over-year, primarily driven by a decrease in costs associated with our support functions.

Impairment, Restructuring and Other Expenses

We incurred \$7.2 million of restructuring, impairment and other expenses during the three months ended June 30, 2022 compared to \$2.0 million during the three months ended June 30, 2021. The increase was driven primarily by restructuring expenses associated with exiting our operations in Russia.

Other Income (Expense), Net

Other income (expense), net, primarily reflects foreign currency gains and losses, including gains and losses associated with the remeasurement of net cash positions, gains and losses on sales of property, plant and equipment and non-operating gains and losses. In the second quarter of 2022, we recognized \$3.0 million of other income, net, which primarily included \$0.8 million of net foreign exchange losses and a \$5.0 million gain on sales of property, plant and equipment. In the second quarter of 2021, we recognized \$1.0 million of other expense, net, which primarily included \$10.7 million of net foreign exchange losses. The change in foreign exchange gains and losses is primarily due to foreign exchange gains and losses from unhedged currencies and the effect of these foreign currencies' exchange rate to a U.S. dollar on naturally hedged projects.

Income from Equity Affiliates

For the three months ended June 30, 2022 and 2021, we recorded income of \$4.3 million and \$12.8 million, respectively, from equity method affiliates.

Income (Loss) from Investment in Technip Energies

During the three months ended June 30, 2022 and 2021, we recorded \$0.8 million of income and a \$146.8 million loss, respectively, as a result of our investment in Technip Energies. The amounts recognized primarily reflect fair value revaluation gains (losses) of our investment. See Note 10 for further details.

Loss on Early Extinguishment of Debt

For the three months ended June 30, 2022, we recognized a \$29.8 million loss on early extinguishment of debt. Loss on early extinguishment related to premium paid and write-off of bond issuance costs in connection with the repurchase of the 2021 Notes. See Note 12 for further details.

Net Interest Expense

Net interest expense of \$27.7 million decreased by \$7.5 million in the three months ended June 30, 2022, compared to the same period in 2021, primarily due to the reduction in the outstanding debt.

Provision for Income Taxes

Our provision for income taxes for the three months ended June 30, 2022 and 2021 reflected effective tax rates of 71.7% and (25.3)%, respectively. The year-over-year increase in the effective tax rate was primarily due to the increased impact of losses in jurisdictions with a full valuation allowance, and a change in geographical profit mix year over year.

Our effective tax rate can fluctuate depending on our country mix of earnings, since our foreign earnings are generally subject to higher tax rates than those of the United Kingdom.

Discontinued Operations

Income from discontinued operations, net of income taxes, was \$7.7 million for the three months ended June 30, 2021.

NON-GAAP MEASURES

In addition to financial results determined in accordance with U.S. generally accepted accounting principles (“GAAP”), we provide non-GAAP financial measures (as defined in Item 10 of Regulation S-K of the Exchange Act) below:

- Income (loss) from continuing operations attributable to TechnipFMC plc, excluding charges and credits, as well as measures derived from it;
- Income (loss) before net interest expense and taxes, excluding charges and credits (“Adjusted operating profit”) and Adjusted operating profit margin;
- Adjusted diluted earnings (loss) per share from continuing operations attributable to TechnipFMC plc;
- Depreciation and amortization, excluding charges and credits (“Adjusted depreciation and amortization”);
- Earnings before net interest expense, income taxes, depreciation and amortization, excluding charges and credits (“Adjusted EBITDA”) and Adjusted EBITDA margin;
- Corporate expenses excluding charges and credits; and
- Net (debt) cash;

Management believes that the exclusion of charges and credits from these financial measures enables investors and management to more effectively evaluate our operations and consolidated results of operations period-over-period, and to identify operating trends that could otherwise be masked or misleading to both investors and management by the excluded items. These measures are also used by management as performance measures in determining certain incentive compensation. The foregoing non-GAAP financial measures should be considered in addition to, not as a substitute for or superior to, other measures of financial performance prepared in accordance with GAAP.

The following is a reconciliation of the most comparable financial measures under GAAP to the non-GAAP financial measures.

INBOUND ORDERS AND ORDER BACKLOG

Inbound orders - Inbound orders represent the estimated sales value of confirmed customer orders received during the reporting period.

	Inbound Orders			
	Three Months Ended June 30,		Six Months Ended June 30,	
(In millions)	2022	2021	2022	2021
Subsea	\$ 1,928.0	\$ 1,291.3	\$ 3,821.6	\$ 2,810.1
Surface Technologies	273.7	268.2	565.0	471.5
Total inbound orders	\$ 2,201.7	\$ 1,559.5	\$ 4,386.6	\$ 3,281.6

Order backlog - Order backlog is calculated as the estimated sales value of unfilled, confirmed customer orders at the reporting date. Backlog reflects the current expectations for the timing of project execution. See Note 4 for further details.

	Order Backlog	
	June 30, 2022	December 31, 2021
(In millions)		
Subsea	\$ 7,926.3	\$ 6,533.0
Surface Technologies	1,113.1	1,124.7
Total order backlog	\$ 9,039.4	\$ 7,657.7

Subsea - Subsea backlog of \$7,926.3 million as of June 30, 2022 increased by \$1,393.3 million compared to December 31, 2021. Subsea backlog was composed of various subsea projects, including Petrobras Buzios 6, Mero I, Mero II and Marlim; Total Energies Mozambique LNG and Clov 3; ExxonMobil Yellowtail and Payara; Petronas Limbayong; Husky West White Rose; Equinor Halten East; Tullow Jubilee South East and Wintershall Maria.

Surface Technologies - Order backlog for Surface Technologies as of June 30, 2022 decreased by \$11.6 million compared to December 31, 2021. Given the short-cycle nature of the business, orders are generally converted into revenue within twelve months.

Non-consolidated backlog - As of June 30, 2022, we had \$533.7 million of non-consolidated order backlog in our Subsea segment. Non-consolidated order backlog reflects the proportional share of backlog related to joint ventures that is not consolidated due to our minority ownership position.

LIQUIDITY AND CAPITAL RESOURCES

Most of our cash is managed centrally and flows through centralized bank accounts controlled and maintained by TechnipFMC globally and in many operating jurisdictions to best meet the liquidity needs of our global operations.

Net Debt - Net debt, is a non-GAAP financial measure reflecting total debt, net of cash and cash equivalents. Management uses this non-GAAP financial measure to evaluate our capital structure and financial leverage. We believe net debt is a meaningful financial measure that may assist investors in understanding our financial condition and recognizing underlying trends in our capital structure. Net debt should not be considered an alternative to, or more meaningful than, our total debt as determined in accordance with GAAP or as an indicator of our operating performance or liquidity.

The following table provides a reconciliation of our total debt to net debt, utilizing details of classifications from our condensed consolidated balance sheets:

(In millions)	June 30, 2022	December 31, 2021
Cash and cash equivalents	\$ 684.9	\$ 1,327.4
Short-term debt and current portion of long-term debt	(274.0)	(277.6)
Long-term debt, less current portion	(1,200.7)	(1,727.3)
Net debt	\$ (789.8)	\$ (677.5)

Cash Flows

Operating cash flows from continuing operations - We used \$426.3 million of cash in operating activities from continuing operations during the six months ended June 30, 2022, as compared to \$95.6 million of cash generated by operating cash flows from continuing operations during the same period in 2021. The decrease of \$521.9 million in cash generated by operating activities from continuing operations was primarily due to timing differences on projects, vendor payments for inventory, fluctuations in derivative assets and liabilities and timing of income tax refund.

Investing cash flows from continuing operations - Investing activities from continuing operations provided \$229.5 million and \$470.5 million of cash during the six months ended June 30, 2022 and 2021, respectively. The decrease of \$241.0 million in cash provided by investing activities was primarily due to a \$169.6 million decrease in proceeds received from sales of our investment in Technip Energies and a decrease in proceeds from sales of assets, partially offset by a decrease in capital expenditures during the six months ended June 30, 2022.

Financing cash flows from continuing operations - Financing activities from continuing operations used \$460.7 million and \$955.8 million of cash during the six months ended June 30, 2022 and 2021, respectively. The decrease in cash used by financing activities was primarily due to the decreased debt pay down activity during the six months ended June 30, 2022.

Debt and Liquidity

Availability of borrowings under the Revolving Credit Facility is reduced by the outstanding letters of credit issued against the facility. As of June 30, 2022, there were \$170.0 million of borrowings and \$45.4 million letters of credit outstanding, and our availability under the Revolving Credit Facility was \$784.6 million.

Credit Ratings - Our credit ratings with Standard and Poor’s (“S&P”) are BB+ for our long-term unsecured, guaranteed debt (2021 Notes) and BB for our long-term unsecured debt (the Private Placement notes). Our credit ratings with Moody’s are Ba1 for our long-term unsecured, guaranteed debt. See Note 12 for further details regarding our debt.

Credit Risk Analysis

For the purposes of mitigating the effect of the changes in exchange rates, we hold derivative financial instruments. Valuations of derivative assets and liabilities reflect the fair value of the instruments, including the values associated with counterparty risk. These values must also take into account our credit standing, thus including the valuation of the derivative instrument and the value of the net credit differential between the counterparties to the derivative contract. Adjustments to our derivative assets and liabilities related to credit risk were not material for any period presented.

The income approach was used as the valuation technique to measure the fair value of foreign currency derivative instruments on a recurring basis. This approach calculates the present value of the future cash flow by measuring the change from the derivative contract rate and the published market indicative currency rate, multiplied by the contract notional values. Credit risk is then incorporated by reducing the derivative’s fair value in asset positions by the result of multiplying the present value of the portfolio by the counterparty’s published credit spread. Portfolios in a liability position are adjusted by the same calculation; however, a spread representing our credit spread is used.

Our credit spread, and the credit spread of other counterparties not publicly available, are approximated using the spread of similar companies in the same industry, of similar size, and with the same credit rating. See Note 18 for further details.

At this time, we have no credit-risk-related contingent features in our agreements with the financial institutions that would require us to post collateral for derivative positions in a liability position.

Financial Position Outlook

We are committed to a strong balance sheet and ample liquidity that will enable us access capital markets throughout the cycle. We believe our liquidity continues to exceed the level required to meet our requirements and plans for cash for the next 12 months.

Our capital expenditures can be adjusted and managed to match market demand and activity levels. Based on current market conditions and our future expectations, our capital expenditures for 2022 are estimated to be approximately \$230.0 million. Projected capital expenditures do not include any contingent capital that may be needed to respond to contract awards.

CRITICAL ACCOUNTING ESTIMATES

Refer to our Annual Report on Form 10-K for the year ended December 31, 2021 for a discussion of our critical accounting estimates. During the six months ended June 30, 2022, there were no changes to our identified critical accounting estimates.

OTHER MATTERS

On March 28, 2016, FMC Technologies received an inquiry from the U.S. Department of Justice (“DOJ”) related to the DOJ’s investigation of whether certain services Unaoil S.A.M. provided to its clients, including FMC Technologies, violated the U.S. Foreign Corrupt Practices Act (“FCPA”). On March 29, 2016, Technip S.A. also received an inquiry from the DOJ related to Unaoil. We cooperated with the DOJ’s investigations and, with regard to FMC Technologies, a related investigation by the SEC.

In late 2016, Technip S.A. was contacted by the DOJ regarding its investigation of offshore platform projects awarded between 2003 and 2007, performed in Brazil by a joint venture company in which Technip S.A. was a

minority participant, and we have also raised with the DOJ certain other projects performed by Technip S.A. subsidiaries in Brazil between 2002 and 2013. The DOJ has also inquired about projects in Ghana and Equatorial Guinea that were awarded to Technip S.A. subsidiaries in 2008 and 2009, respectively. We cooperated with the DOJ in its investigation into potential violations of the FCPA in connection with these projects. We contacted and cooperated with the Brazilian authorities (Federal Prosecution Service (“MPF”), the Comptroller General of Brazil (“CGU”) and the Attorney General of Brazil (“AGU”)) with their investigation concerning the projects in Brazil and have also contacted and are cooperating with French authorities (the Parquet National Financier (“PNF”)) about these existing matters.

On June 25, 2019, we announced a global resolution to pay a total of \$301.3 million to the DOJ, the SEC, the MPF, and the CGU/AGU to resolve these anti-corruption investigations. We will not be required to have a monitor and will, instead, provide reports on our anti-corruption program to the Brazilian and U.S. authorities for two and three years, respectively.

As part of this resolution, we entered into a three-year Deferred Prosecution Agreement (“DPA”) with the DOJ related to charges of conspiracy to violate the FCPA related to conduct in Brazil and with Unaoil. In addition, Technip USA, Inc., a U.S. subsidiary, pled guilty to one count of conspiracy to violate the FCPA related to conduct in Brazil. We will also provide the DOJ reports on our anti-corruption program during the term of the DPA.

In Brazil, our subsidiaries, Technip Brasil - Engenharia, Instalações E Apoio Marítimo Ltda. and Flexibrás Tubos Flexíveis Ltda., entered into leniency agreements with both the MPF and the CGU/AGU. We have committed, as part of those agreements, to make certain enhancements to their compliance programs in Brazil during a two-year self-reporting period, which aligns with our commitment to cooperation and transparency with our compliance community in Brazil and globally.

In September 2019, the SEC approved our previously disclosed agreement in principle with the SEC Staff and issued an Administrative Order, pursuant to which we paid the SEC \$5.1 million, which was included in the global resolution of \$301.3 million.

To date, the investigation by PNF related to historical projects in Equatorial Guinea and Ghana has not reached a resolution. We remain committed to finding a resolution with the PNF and will maintain a \$70.0 million provision related to this investigation. Additionally, the PNF recently informed us that it is reviewing historical projects in Angola. We are not aware of any evidence that would support a finding of liability with respect to these projects, or whether the PNF would seek any additional penalty. As we continue our discussions with PNF towards a potential resolution of all of these matters, the amount of a settlement could exceed this provision.

There is no certainty that a settlement with PNF will be reached or that the settlement will not exceed current accruals. The PNF has a broad range of potential sanctions under anti-corruption laws and regulations that it may seek to impose in appropriate circumstances including, but not limited to, fines, penalties, confiscations and modifications to business practices and compliance programs. Any of these measures, if applicable to us, as well as potential customer reaction to such measures, could have a material adverse impact on our business, results of operations, and financial condition. If we cannot reach a resolution with the PNF, we could be subject to criminal proceedings in France, the outcome of which cannot be predicted.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

For quantitative and qualitative disclosures about market risk affecting the Company, see Part II, Item 7A, “Quantitative and Qualitative Disclosures About Market Risk,” in our Annual Report on Form 10-K for the year ended December 31, 2021. Our exposure to market risk has not changed materially since December 31, 2021.

Management is unable to predict the ultimate outcome of these actions because of their inherent uncertainty. However, management believes that the most probable, ultimate resolution of these matters will not have a material adverse effect on our consolidated financial position, results of operations or cash flows.

ITEM 1A. RISK FACTORS

As of the date of this filing, there have been no material changes or updates to our risk factors that were previously disclosed in Part I, Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2021.

RESTRICTED STOCK UNIT AGREEMENT PURSUANT TO THE TECHNIPFMC PLC INCENTIVE AWARD PLAN

Directors

This Restricted Stock Unit Agreement (the “Agreement”) is made as of March 8, 2022 (the “Grant Date”) by TechnipFMC plc, a public limited company incorporated under the laws of England and Wales (the “Company”) and <<Participant Name>> (the “Participant”).

The TechnipFMC plc Incentive Award Plan (the “Plan”), as it may be amended or restated from time to time, is incorporated by reference and made a part of this Agreement and will control the rights and obligations of the Company and the Participant under this Agreement. Except as otherwise expressly provided herein, all capitalized terms have the meanings provided in the Plan. To the extent there is a conflict between the Plan and this Agreement, the provisions of the Plan will prevail.

The Compensation & Talent Committee of the Company’s Board of Directors (the “Committee”) determined that it would be in the interest of the Company and its stockholders to grant an award of restricted stock units to the Participant as an inducement to remain in the service of the Company.

The Committee, on behalf of the Company, grants to the Participant an award of <<Shares Granted>> restricted stock units (the “RSUs”) of the Company’s ordinary shares (the “Shares”). The award is made upon the following terms and conditions:

1. Vesting. The RSUs will vest one year following the Grant Date (the “Vesting Date”), subject to the Participant’s continued service as a Director of the Company through the Vesting Date. The RSUs will be payable as elected by the Participant pursuant to a timely filed Award Election Form under the TechnipFMC plc Directors Deferred Compensation Plan, or if no such election is made, then upon termination of service from the Board of Directors, unless otherwise provided in Section 2 and 3 below (the “Settlement Date”). All RSUs will be forfeited upon Participant’s Termination of Service before the Vesting Date other than as provided in Sections 2 or 3 below. **Prior to the Vesting Date, an Award remains subject to substantial risk of forfeiture.**

2. Death or Disability. Notwithstanding Section 1, in the event of Participant’s death or Disability (as defined below) prior to the Vesting Date, the RSUs will vest in full and be payable as soon as practicable, but not more than sixty (60) days, following the date of such death or Disability. “Disability” means Participant’s inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death or that can be expected to last for a continuous period of not less than twelve (12) months.

3. Change in Control. Notwithstanding Section 1, the RSUs will vest in full and be payable on the consummation of the Change in Control.

4. Rights and Obligations as Stockholder.

(a) Prior to the Settlement Date, the Participant may not vote, sell, exchange, transfer, pledge, hypothecate or otherwise dispose of any of the RSUs. The Participant will receive Dividend Equivalents on the RSUs, provided, however, that no Dividend Equivalents shall be payable prior to the Vesting Date on any unvested RSUs. All Dividend Equivalents paid on unvested RSUs shall be held by the Company until such RSUs become vested RSUs and shall be paid to the Participant as soon as practicable, but no later than sixty days following the Settlement Date.

(b) After the Settlement Date, the Participant agrees to comply with any and all of the Company's policies and procedures related to trading in the Company's Shares, including, but not limited to, the Company's *Code of Business Conduct* and the *Insider Trading Policy* and the insider trading and anti-market abuse rules of the U.S. Securities Exchange Act, the Market Abuse Regulation ((EU) No 596/2014 (**MAR**)) and the UK Market Abuse Exit Regulations 2019.

5. No Limitation on Rights of the Company. THE TRANSACTIONS CONTEMPLATED HEREUNDER AND THE VESTING SCHEDULE DO NOT CONSTITUTE AN EXPRESS OR IMPLIED PROMISE OF CONTINUED ENGAGEMENT AS A DIRECTOR OR EMPLOYEE FOR THE VESTING PERIOD, FOR ANY PERIOD, OR AT ALL, AND WILL NOT INTERFERE IN ANY WAY WITH THE RIGHT OF THE COMPANY OR ANY SUBSIDIARY TO EFFECT A TERMINATION OF SERVICES AT ANY TIME, AND FOR ANY REASON, NOR SHALL IT BE CONSTRUED TO AMEND OR MODIFY THE TERMS OF ANY CONSULTANCY, DIRECTORSHIP, EMPLOYMENT OR OTHER SERVICE AGREEMENT BETWEEN A PARTICIPANT AND THE COMPANY OR ANY SUBSIDIARY.

(c) The grant of the RSUs under the Plan is voluntary and occasional and does not give Participant any contractual or other right to receive RSUs or benefits in lieu of RSUs in the future, even if a Participant has received RSUs repeatedly in the past.

(d) All determinations with respect to any future awards, including, but not limited to, the times when awards under the Plan shall be granted and the terms thereof, including the time or times when any RSUs may vest, will be at the sole discretion of the Administrator.

(e) Participation in the Plan is voluntary.

(f) The value of the RSUs is an extraordinary item of compensation that is outside of the scope of any directorship, consultancy or employment contract or relationship.

(g) The RSUs are not part of normal or expected compensation or salary for any purpose, including, without limitation, calculating severance, resignation, redundancy, end of service payments, bonuses, long-service awards, pension or retirement benefits, or similar payments.

(h) The RSUs shall expire, terminate and be forfeited upon Termination of Services for any reason, except as otherwise explicitly provided in this Agreement as may be modified by this Schedule A and/or the Plan.

(i) The future value of the Shares that may be issued upon vesting of the RSUs is unknown and cannot be predicted with any certainty.

**II. COUNTRY SPECIFIC PROVISIONS APPLICABLE TO PARTICIPANTS WHO PROVIDE SERVICES
IN THE IDENTIFIED COUNTRIES**

AUSTRALIA

The provisions of this **Country Schedule for Australia** provide additional definitions and conditions for the purpose of granting RSUs which are intended to be granted to Employees and corporate officers who are resident in Australia for tax, labour or securities law purposes.

5. Award Plan. A copy of the Plan is attached to this Agreement.
6. The Plan and this Agreement do not constitute financial advice. Any advice given by the Company in relation to the RSUs or the Shares does not constitute financial advice and does not take into account the Participant's objectives, financial situation and needs.

In considering the RSUs and the Shares that the Participant will hold on vesting of the RSUs, the Participant should consider the risk factors that could affect the performance of the Company. The Participant should be aware that there are risks associated with any stock market investment. It is important to recognize that stock prices and dividends might fall or rise. Factors affecting the market price include domestic and international economic conditions and outlook, changes in government fiscal, monetary and regulatory policies, changes in interest rates and inflation rates, the announcement of new technologies and variations in general market conditions and/or market conditions which are specific to a particular industry. In addition, share prices of many companies are affected by factors which might be unrelated to the operating performance of the relevant company. Such factors might adversely affect the market price of the Shares in the Company. Further, there is no guarantee that the Company's Shares will trade at a particular volume or that there will be an ongoing liquid market for the Shares, accordingly there is a risk that, should the market for the Shares become illiquid, the Participant will be unable to realize the Participant's investment.

The Participant should carefully consider these risks in light of the Participant's investment objectives, financial situation and particular needs (including financial and tax issues) and seek professional guidance from your stockbroker, solicitor, accountant, financial adviser or other independent professional adviser before deciding whether to accept the offer of RSUs or to acquire Shares.

7. How to Calculate Values in Australian Dollars. The Participant may be paid earned RSUs which have vested in accordance with the vesting schedule outlined above in accordance with the terms of the Plan by delivery of Shares in the Company or the payment of cash of an amount equal to the Fair Market Value of those shares (or a combination of both). The Participant will not be required to pay any amount for the payment of earned RSUs.

The Participant can ascertain the market price of a Share in the Company from time to time by visiting either:

- the Company's website (<http://www.technipfmc.com/en/>);
- in United States Dollars ("USD") on the New York Stock Exchange website (<https://www.nyse.com/index>) and searching for "TechnipFMC" or "FTI"; or

To determine the market value of a Share in Australian Dollars ("AUD"), you will need to apply the prevailing USD : AUD or EUR:AUD exchange rate (as relevant). For example, if the exchange rate is

1 USD : 1.5 AUD, and one Share has a value of USD \$1 on the NYSE, its equivalent value will be AUD \$1.50. Please contact your bank for the prevailing USD: AUD exchange rate or for an approximate exchange rate published by the Reserve Bank of Australia you can follow this link: <http://www.rba.gov.au/statistics/frequency/exchange-rates.html>.

8. Exchange Control Information. Exchange control reporting is required for cash transactions exceeding A\$10,000 and international fund transfers coming into or going out of Australia. The Australian bank assisting with the transaction will file the report. If there is no Australian bank involved in the transfer, the Participant will be required to file the report.

The provisions of this **Country Schedule for Brazil** provide additional definitions and conditions for the purpose of granting RSUs which are intended to be granted to Employees and corporate officers who are resident in Brazil for tax, labour or securities law purposes.

1. Acknowledgment of Nature of Plan and RSUs. In accepting this Agreement, Participant acknowledges that in the event of termination of Participant's employment (whether or not in breach of local labor laws), Participant's rights to unvested RSUs under the Plan, if any, will terminate effective as of the date that Participant is no longer actively employed and will not be extended by any notice period mandated under applicable local laws (e.g., active employment would not include a period of "garden leave" or notice period). The Administrator shall have the exclusive discretion to determine when Participant is no longer actively employed for purposes of Participant's RSUs.

2. Exchange Control Information. If Participant is a resident or domiciled in Brazil, Participant will be required to submit an annual declaration of assets and rights held outside of Brazil to the Central Bank of Brazil if the aggregate value of such assets and rights is equal to or greater than the applicable statutory threshold from time to time. Please note that the threshold may be changed annually.

3. Acknowledgment of Forfeiture and Claw-Back Provisions. In accepting this Agreement, Participant acknowledges being subject to the provisions of any forfeiture and claw-back policy implemented by the Company, including, without limitation, any claw-back policy adopted to comply with the requirements of Applicable Law.

4. Securities Restrictions. Awards granted under the Plan do not constitute a public offer of the Shares. The Plan and this Agreement are only addressed to the Participant and other selected Employees and have not been offered or solicited by means of any public communication services. The Shares deliverable upon settlement of the RSUs under the Plan are not negotiable in Brazil.

For the purposes of this Agreement, Participant will be deemed to have experienced a Termination of Service on the date when Participant is no longer providing active services to the Company and its Subsidiaries and affiliates. (b) The Company reserves the right to impose other requirements on this RSU and the Shares acquired upon vesting of this RSU, to the extent the Company determines it is necessary or advisable in order to comply with local laws or facilitate the administration of the Plan, and to require Participant to sign any additional agreements or undertakings that may be necessary to accomplish the foregoing.

3. Detrimental Activity. For the purposes of this Agreement, the definition of “Detrimental Activity” in paragraph 23 shall be expanded to include any act or omission constituting cause for termination of the Participant’s employment or relationship with the Company or its Subsidiaries without notice or other obligation under Applicable Law; *provided, however,* that for Participants employed in the Province of Ontario, “Detrimental Activity” means wilful misconduct, disobedience or wilful neglect of duty that is not trivial and has not been condoned by the Employer.

4. Canadian Securities Law Compliance. Participant acknowledges that he/she shall only be permitted to sell any Shares acquired pursuant to the Plan through the facilities of the stock exchange(s) on which the shares are listed at that time.

Sauf si cela est nécessaire pour l'exécution des fonctions du Participant pour la Société ou l'une de ses Filiales, le Participant s'engage à ne pas extraire des locaux de la Société ou de l'une de ses Filiales ou soustraire à leur contrôle, toute Information Confidentielle, notamment en copiant ou en transmettant ces renseignements au moyen d'un appareil électronique personnel, d'un téléphone mobile, de disques durs externes, de lecteurs « flash » USB, de périphériques de stockage USB, de périphériques de stockage Fire Wire, de disquettes, de CD ou DVD, de comptes de messagerie personnels, de comptes de stockage en ligne ou cloud, de cartes mémoire, de disques zip ou tout autre support ou moyen similaire permettant de transmettre, stocker ou archiver des données hors des systèmes autorisés par la Société. En cas de cessation du contrat de travail ou du mandat social, le Participant s'engage à restituer toute Information Confidentielle, sous quelque forme que ce soit, à la Société dans un délai de 24 heures.

2. Restrictions. Dans le cadre de l'exécution de son contrat de travail ou de son mandat social, le Participant a pu avoir accès et continue d'avoir accès à des Informations Confidentielles ainsi qu'à d'autres connaissances exclusives relatives aux activités actuelles et envisagées de la Société et de ses Filiales. En outre, il est susceptible d'être présenté à des clients actuels ou potentiels, investisseurs, prestataires de services, fournisseurs de biens ou de services, partenaires commerciaux et à d'autres relations importantes, de la Société et de ses Filiales. A ce titre, la Société confiera au Participant son goodwill ainsi que des Informations Confidentielles. Par conséquent, sous réserve des modalités de l'article 3, le Participant s'engage à :

(a) au cours de l'exécution de son contrat de travail ou de son mandat social et pendant une durée de 12 mois suivant le départ effectif de l'entreprise (la « **Période de Restriction** »), ne pas, directement ou indirectement par l'entremise d'une personne physique ou morale (chacune, une « **Personne** »), ayant des activités de génie civil, de construction et de services connexes dans le domaine

du pétrole, du gaz et des produits pétrochimiques (l'« **Activité** »), et notamment, sans y être limitée : Baker Hughes Company, Halliburton Company, McDermott International Inc., National Oilwell Varco Inc., Saipem S.p.A., Schlumberger Ltd., Subsea 7 S.A., Weatherford International plc, ainsi que leurs sociétés affiliées et toute entité leur succédant (l'« **Entreprise Concurrente** ») de :

(i) solliciter, inciter, persuader toute Personne, qui, à un quelconque moment au cours de la dernière année d'emploi ou de mandat du Participant au sein de l'Employeur (la « **Période Considérée** »), était un fournisseur de la Société ou de l'une de ses Filiales (et avec lequel le Participant ou l'un de ses subordonnés directs, a été activement impliqué durant cette période ou à l'égard duquel le Participant détient des Informations Confidentielles) à réduire le niveau d'activité entre le fournisseur et la Société ou l'une de ses Filiales. Le Participant ne s'adressera à aucun fournisseur à une quelconque de ces fins, ni n'autorisera ou n'approuvera la prise de telles initiatives par toute autre Personne ;

(ii) solliciter des affaires qui sont de même nature ou de nature semblable à la partie de l'Activité pour laquelle le Participant exerçait une partie significative de sa mission à tout moment au cours de la Période Concernée ou pour laquelle le Participant détient des Informations Confidentielles en raison de son emploi ou mandat pendant la Période Considérée (l'une quelconque de ces activités étant définie comme l'« **Activité Concurrente** ») de toute Personne qui, à un moment donné pendant la Période Concernée était un client de la Société ou de l'une de ses Filiales (et avec lequel le Participant ou l'un de ses subordonnés directs, a été activement impliqué durant cette période ou à l'égard duquel le Participant détient des Informations Confidentielles). Le Participant ne s'adressera à aucun fournisseur à une quelconque de ces fins, ni n'autorisera ou n'approuvera la prise de telles initiatives par toute autre Personne. Aux fins de la présente restriction, le terme « client » comprend toutes les Personnes dont la Société ou l'une de ses Filiales a reçu des demandes de renseignements pour la fourniture de biens ou de services relatives à l'Activité, même lorsque ces demandes n'ont pas été concluantes ;

(iii) être employé, embauché ou fournir activement ses services à toute Entreprise Concurrente ou à toute entreprise ayant une activité identique ou similaire à l'Activité, située à l'intérieur de la Zone Géographique Prohibée (telle que définie ci-dessous) pendant la Période de Restriction ou pour toute période au cours de laquelle le Participant a connaissance d'Informations Confidentielles. La Zone Géographique Prohibée désigne tous les pays, territoires, comtés, paroisses, arrondissements ou équivalent dans lesquels (A) la Société ou l'une de ses Filiales employant le Participant, a des clients ou fournit des services, pour lesquels le Participant a reçu ou obtenu des Informations Confidentielles au cours de sa période d'emploi ou de mandat ; (B) le Participant s'est vu affecter un client ou une mission de service pour la Société ou l'une de ses Filiales au cours de l'année précédente, ou (C) dans laquelle la Société ou l'une de ses Filiales avait un lieu de travail, un chantier, un établissement ou un bureau où le Participant a pu exercer une activité professionnelle pour la Société ou l'une de ses Filiales au cours de l'année précédente (la « **Zone Géographique Prohibée** »). Les restrictions du présent article 2 s'appliquent également à l'activité du Participant exercée au profit d'une Entreprise Concurrente située dans la Zone Géographique Prohibée même si le lieu de travail du Participant est situé en dehors de la Zone Géographique Prohibée.

(b) Pendant la Période de Restriction, ne pas employer, embaucher, solliciter, inciter ou persuader toute personne qui, au cours de la Période Concernée, était un salarié, mandataire, consultant ou prestataire de la Société ou de l'une de ses Filiales et qui exerçait pendant la Période Concernée des fonctions d'encadrement dans les domaines de la vente, du marketing, de la finance, de la gestion, ou des fonctions équivalentes, afin d'être embauché ou employé par le Participant ou par toute autre Personne. Le Participant ne s'adressera à aucune personne à une quelconque de ces fins, ni n'autorisera ou n'approuvera la prise de telles initiatives par toute autre Personne.

3. Limitations et modifications. Les modifications et limitations suivantes s'appliquent aux restrictions prévues à l'article 2 ;

(a) Les restrictions prévues à l'article 2 ne s'appliquent pas lorsque le Participant a reçu une autorisation écrite et préalable de la Société pour exercer ses activités ou lorsque les activités exercées par le Participant ne sont pas concurrentes de l'Activité de la Société.

(b) Au cas où l'Employeur dispenserait le Participant de l'exécution d'un éventuel préavis de fin de contrat, le point de départ de la Période de Restriction sera fixé au dernier jour de travail effectif du Participant pour l'Employeur.

(c) La Société peut ajouter ou retirer des entreprises de la liste des Entreprises Concurrentes en cas de réorganisation, de fusion, d'acquisition, de cession ou de tout autre changement important dans la structure organisationnelle d'une Entreprise Concurrente et avisera par écrit le Participant de toute modification apportée à cette liste, le cas échéant.

(d) Chacune des restrictions énoncées à l'article 2 est distincte et indépendante. Elles sont considérées par les parties comme étant proportionnées en toutes circonstances. Il est convenu que si l'une ou plusieurs de ces restrictions, devaient être considérées comme excessives pour la protection des intérêts légitimes de l'Employeur mais seraient considérées comme non-excessives si l'une ou plusieurs de leurs stipulations étaient supprimées, la ou les restriction(s) pertinente(s) s'appliquerai(en)t avec la ou les suppression(s) ou réduction(s) nécessaire(s) pour rendre la ou les restriction(s) pertinente(s) valable(s) et effective(s). Dans le cas où l'une ou l'autre des restrictions ne pouvait être modifiée et était considérée inapplicable, elle pourrait être réputée non écrite sans porter atteinte à la validité ou l'effectivité de toute autre disposition du présent accord.

(e) Le Participant reconnaît qu'il a volontairement accepté les engagements énoncés à l'article 2 et que les limitations et restrictions énoncées aux présentes, notamment les restrictions dans l'espace et dans le temps à l'égard de certaines activités concurrentes, sont proportionnés à tous égards et non excessives ; qu'elles constituent une condition déterminante du présent accord ; qu'elles ont pour objectif et sont nécessaires pour prévenir tout acte de concurrence déloyale, protéger les Informations Confidentielles, le goodwill et intérêts commerciaux importants et légitimes de la Société et de ses Filiales, tout en permettant au Participant d'exercer raisonnablement une activité professionnelle correspondant aux compétences et à l'expertise acquises par lui sans enfreindre les restrictions prévues à l'article 2.

4. Contrepartie. Le Participant reconnaît que l'octroi de RSUs constitue une contrepartie suffisante aux restrictions prévues aux articles 1 et 2.

5. Non-interférence avec les droits du lanceur d'alerte. Aucune disposition de la présente Clause de Confidentialité et de Non-Concurrence n'interdit au Participant de signaler d'éventuelles violations de la loi ou de la réglementation à tout organisme ou autorité gouvernementale ou administrative et/ou de faire des révélations conformément aux dispositions législatives relatives à la protection des lanceurs d'alerte.

6. Exécution forcée des engagements. La Société pourra engager toute action qu'elle estime nécessaire et juridiquement permise afin de faire respecter les engagements pris au titre du présent accord ou de prévenir toute violation ou risque de violation des articles 1 et 2 du présent accord, notamment en vue de l'indemnisation de tout préjudice résultant d'une telle violation ou d'un tel risque de violation, et/ou l'engagement de toute action judiciaire en vue de mettre un terme à une telle violation ou un tel risque de violation de la présente Clause de Confidentialité et de Non-Concurrence. En raison de la difficulté d'évaluer le préjudice économique subies par la Société et ses Filiales résultant de la violation des articles 1 et 2 du présent accord par le Participant, et en raison du dommage immédiat et

irréparable qu'une telle violation serait susceptible de causer, sans autre recours juridique adéquat, le Participant convient que dans le cas où la Société considère à sa seule discrétion que le Participant viole ou risque de violer l'une quelconque de ces dispositions, la Société est en droit d'obtenir une injonction (sans obligation de déposer une caution) de la juridiction compétente en vue de mettre un terme ou d'interdire une telle violation ou un tel risque de violation. Une telle injonction ne constitue pas le seul recours de la Société en cas de violation ou de menace de violation de ces engagements, mais s'ajoute à tous les autres droits et recours dont la Société dispose en droit et en équité, en ce compris l'obtention d'une indemnisation spécifique.

- 2. **Insider Trading.** A Participant should be aware of the Singapore insider trading regulations, which may impact the Participant’s acquisition or disposal of Shares or rights to Shares under the Plan. In addition, the Participant must notify the Singapore Company when the Participant disposes of such interest in the Company (including when the Participant acquires or transfers Shares issued upon vesting and settlement of the RSUs). These notifications must be made within two business days of acquiring or disposing of any such interest in the Company. In addition, a notification of the Participant’s interests in the Company must be made within two business days of becoming a director or chief executive officer (as applicable).

The Participant may, however, be eligible to enjoy deferment of the payment of tax, arising from RSU gains under incentive schemes operated by the Inland Revenue Authority of Singapore (“IRAS”) if the qualifying criteria relating thereto are met. Interest will be chargeable for the deferral of tax. If granted, the Employee can defer payment of tax on the RSU gains for any period of time up to a maximum of 5 years, subject to filing formalities to be made by the Participant. The Participant is advised to seek professional tax advice as to the Participant’s tax liabilities including, to the extent the Participant is a foreigner, how such gains or profits aforesaid will be taxed at the time the Participant ceases to work in Singapore.

**RESTRICTED STOCK UNIT AGREEMENT PURSUANT TO THE
TECHNIPFMC PLC INCENTIVE AWARD PLAN**

This Restricted Stock Unit Agreement (the “Agreement”) is made as of March 8, 2022 (the “Grant Date”) by TechnipFMC plc, a public limited company incorporated under the laws of England and Wales (the “Company”) and #ParticipantName#(the “Participant”).

The TechnipFMC plc Incentive Award Plan (the “Plan”), as it may be amended or restated from time to time, is incorporated by reference and made a part of this Agreement and will control the rights and obligations of the Company and the Participant under this Agreement. Except as otherwise expressly provided herein, all capitalized terms have the meanings provided in the Plan. To the extent there is a conflict between the Plan and this Agreement, the provisions of the Plan will prevail.

The provisions of this Agreement are replaced, superseded and/or supplemented, as applicable, by the provisions of the Country Schedules applicable to the Participant as set forth on Schedule A.

The Compensation & Talent Committee of the Company’s Board of Directors (the “Committee”) determined that it would be to the competitive advantage and interest of the Company and its stockholders to grant an award of restricted stock units to the Participant as an inducement to remain in the service of the Company or one of its affiliates (collectively, the “Employer”).

The Committee, on behalf of the Company, grants to the Participant an award of #QuantityGranted# restricted stock units (the “RSUs”) of the Company’s ordinary shares (the “Shares”). The award is made upon the following terms and conditions:

1. Vesting. The RSUs will vest on March 8, 2025 (the “Vesting Date”), subject to the Participant’s continued employment, appointment or service through the Vesting Date, unless otherwise provided in Sections 2 or 3 below. On the Vesting Date, the Company will deliver an equal number of Shares as the number of vested RSUs as freely transferable Shares. All RSUs will be forfeited upon Participant’s Termination of Service before the Vesting Date other than as provided in Sections 2 or 3 below. **Prior to the Vesting Date, an Award remains subject to substantial risk of forfeiture.**

2. Death, Disability or Retirement.

(a) Notwithstanding Section 1 hereof, in the event of Participant’s death or Disability (as defined below) prior to the Vesting Date, the RSUs will vest and be immediately transferable as of the date of such death or Disability.

(b) Notwithstanding Section 1 hereof, in the event of Participant’s Retirement (as defined below) prior to the Vesting Date, the Participant will retain the right to receive vested RSUs on the Vesting Date.

3. Change in Control. Notwithstanding the foregoing, upon a Change in Control where the surviving corporation or any parent corporation thereof:

(a) assumes or continues the Award, the RSUs shall continue to be subject to vesting and forfeiture as provided in Sections 1 and 2, payable on the Vesting Date; provided, however, in the event of the Participant’s Termination of Service prior to the Vesting Date for a reason other than Participant’s engaging in a Detrimental Activity (as defined below) or by Participant for Good Reason (as defined below)

and within the twenty-four month period following the consummation of a Change in Control (the “Protection Period”), such RSUs shall be payable upon the date of Participant’s Termination of Service, subject to any required delay as provided under Section 16; or

(b) does not assume or continue the Award, such RSUs shall vest in full and be payable on the consummation of the Change in Control.

4. Confidentiality and Non-Competition. The Participant acknowledges that Participant is in possession of and has access to Confidential Information, as defined in Exhibit A, of the Company and its Subsidiaries, including material relating to the Company’s business, products, services, current and planned operations, in addition to being introduced to important actual and potential clients, customers, investors, service providers, vendors, suppliers, business partners, and other relationships of the Company. Participant acknowledges that the business, products, and services of the Company and its Subsidiaries are highly specialized and that it is essential that they be protected. Accordingly, by acceptance of the RSU, Participant agrees to be bound by the terms and conditions of the Confidentiality and Non-Compete Agreement (the “Confidentiality and Non-Compete Agreement”) set forth on Exhibit A, which is incorporated herein by reference.

5. Rights and Obligations as Stockholder.

(a) Prior to the Vesting Date, the Participant may not vote, sell, exchange, transfer, pledge, hypothecate or otherwise dispose of any of the RSUs. The Participant will receive Dividend Equivalents on the RSUs, provided, however, that no Dividend Equivalents shall be payable prior to the Vesting Date on any unvested RSUs. All Dividend Equivalents paid on unvested RSUs shall be held by the Company until such RSUs become vested RSUs.

(b) After the Vesting Date, the Participant agrees to comply with any and all Applicable Laws, the Company Policies (as defined in Section 20) and all other applicable Company policies regarding trading in the Shares received.

6. No Limitation on Rights of the Company. The granting of RSUs will not in any way affect the right or power of the Company to make adjustments, reclassifications or changes in its capital or business structure or to merge, consolidate, reincorporate, dissolve, liquidate or sell or transfer all or any part of its business or assets.

7. Employment. Nothing in this Agreement or in the Plan will be construed as constituting a commitment, guarantee, agreement or understanding of any kind or nature that the Employer will continue to employ, work with or appoint the Participant, or as affecting in any way the right of the Employer to terminate the employment, service or appointment of the Participant at any time.

8. Government Regulation. The Company’s obligation to deliver Shares following the Vesting Date will be subject to all Applicable Laws, rules and regulations and to such approvals by any governmental agencies or national securities exchanges as may be required.

9. Withholding. The Employer, in accordance with the terms of the Plan, will comply with all applicable withholding tax laws, and will be entitled to take any action necessary to effectuate such compliance. The Company may withhold a portion of the Shares to which the Participant or beneficiary otherwise would be entitled equivalent in value to the taxes required to be withheld, determined based upon the Fair Market Value of the Shares. For purposes of withholding, Fair Market Value shall be equal to the closing price (as reported on the New York Stock Exchange) of the Shares on the Vesting Date, or, if the Vesting Date is not a business day, the next business day immediately following the Vesting Date.

10. Notice. Any notice to the Company provided for in this Agreement will be addressed to it in care of its Secretary, TechnipFMC plc, John T. Grempe Campus, 13450 Lockwood Road, Houston, Texas 77044, and any notice to the Participant (or other person entitled to receive the RSUs) will be addressed to such person at the Participant's address last on file with the Company, or to such other address as either may designate to the other in writing. All notices will be deemed to be duly given as provided in Section 13.

11. Administration. The Committee administers the Plan and delegates certain administrative authority in accordance with the Equity Plan Committee Grant Policy adopted by the Committee. The Participant's rights under this Agreement are expressly subject to the terms and conditions of the Plan and the Sub-Plans, if any, a copy of which has been made available to the Participant.

12. Binding Effect. This Agreement will inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, administrators, successors and permitted assigns.

13. Sole Agreement. This Agreement constitutes the entire agreement between the parties to it relating to the RSUs and supersedes any and all prior oral and written representations. This Agreement may only be amended by written agreement between the Company and the Participant.

14. Delivery of Documents. Any document relating to participation in the Plan or any notice required or permitted hereunder shall be given in writing and shall be deemed effectively given (except to the extent that this Agreement provides for effectiveness only upon actual receipt of such notice) upon personal delivery, electronic delivery at the e-mail address, if any, provided for the Participant by the Company, or upon deposit in a government sponsored postal service, by registered or certified mail, or with an internationally recognized overnight courier service, with postage and fees prepaid, addressed to the other party at the address shown below that party's signature hereto or at such other address as such party may designate in writing from time to time to the other party.

15. Description of Electronic Delivery. In addition, the Participant may deliver electronically the Agreement to the Company or to such third party involved in administering the Plan as the Company may designate from time to time. Such means of electronic delivery may include but do not necessarily include the delivery of a link to a Company intranet or the internet site of a third party involved in administering the Plan, the delivery of the document via e-mail or such other means of electronic delivery specified by the Company. The Participant may revoke his or her consent to the electronic delivery of documents or may change the electronic mail address to which such documents are to be delivered (if Participant has provided an electronic mail address) at any time by notifying the Company of such revoked consent or revised e-mail address by telephone, postal service or electronic mail. Finally, the Participant understands that he or she is not required to consent to electronic delivery of documents described herein. Electronic execution of this Agreement shall have the same binding effect as a written or hard copy signature and accordingly, shall bind the Participant and the Company to all of the terms and conditions set forth in the Plan and this Agreement.

16. Paper Copies. Participant acknowledges that he or she may receive from the Company a paper copy of any documents delivered electronically at no cost to the Participant by contacting the Company by telephone or in writing. The Participant further acknowledges that the Participant will be provided with a paper copy of any documents if the attempted electronic delivery of such documents fails. Similarly, the Participant understands that the Participant must provide the Company or any designated third party administrator with a paper copy of any documents if the attempted electronic delivery or execution of such document fails.

17. Section 409A. This Award is not intended to constitute “nonqualified deferred compensation” within the meaning of Section 409A of the Code (together with any Department of Treasury regulations and other interpretive guidance issued thereunder, including without limitation any such regulations or other guidance that may be issued after the date hereof, “Section 409A”). 21. Securities Law Notification and Restrictions on Trading. The Company's *Code of Business Conduct* and *Insider Trading Policy* (the "Company Policies") and the insider trading and anti-market abuse rules of the U.S. Securities Exchange Act, the Market Abuse Regulation ((EU) No 596/2014 (**MAR**)) and the UK Market Abuse Exit Regulations 2019 (collectively the "Insider Trading Rules"), may impact the ability to sell Shares acquired under this Agreement and the Plan while the Participant has material non-public inside information regarding the Company. In addition, the Insider Trading Rules prohibit the Participant from recommending to other persons to engage in insider trading or induce other persons to engage in insider trading, unlawfully disclose material non-public inside information and/or engage in or attempt to engage in market manipulation while in possession of material non-public inside information. By accepting this Agreement, the RSUs granted hereunder and participating in the Plan, Participant acknowledges having read and understood this Securities Law Notification and further acknowledges that it is Participant's responsibility to comply with the Company Policies and the Insider Trading Rules.

22. Funding. The RSUs represent an unfunded promise to pay and deliver Shares in the future. The Company may settle the RSUs through newly issued Shares, treasury Shares or Shares held in an employee benefit trust (EBT) established for the administrative convenience of the Company for the purpose of issuing Shares in settlement on behalf of the Company of Awards under the Plan, in its sole discretion and not for the purposes of funding the Plan. The Participant has no right to any Shares held in any EBT, or to have the RSUs settled on behalf of the Company in any Shares held by an EBT.

23. Definitions.

Unless otherwise provided on Schedule A:

(a) “Detrimental Activity” means

(i) the Participant’s willful and continued failure to substantially perform the Participant’s employment duties in any material respect (other than any such failure resulting from Disability), after a written demand for substantial performance is delivered to the Participant that specifically identifies the manner in which the Company believes the Participant has failed to perform the Participant’s duties, and after the Participant has failed to resume substantial performance of the Participant’s duties on a continuous basis within thirty (30) calendar days of receiving such demand;

(ii) the Participant’s willfully engaging in other conduct which is demonstrably and materially injurious to the Company or an affiliate;

(iii) the Participant’s having been convicted of, or pleading guilty or nolo contendere to, a felony under federal or state law; or

(iv) the Participant’s breach of any provision of the Confidentiality and Non-Compete Agreement.

(b) “Disability” means Participant’s inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death or that can be expected to last for a continuous period of not less than twelve (12) months.

(c) “Good Reason” means, without the Participant’s express written consent, the occurrence of any one or more of the following during the Protection Period:

(i) the assignment of the Participant to duties materially inconsistent with the Participant’s authorities, duties, responsibilities, and status (including, without limitation, offices, titles and reporting requirements) as an employee of the Company (including, without limitation, any material adverse change in duties or status as a result of the stock of the Company ceasing to be publicly traded or of the Company becoming a subsidiary of another entity, or any material adverse change in the Participant’s reporting relationship, such as the chairman or chief executive officer ceasing to report to the Board of Directors of a publicly traded company), or a reduction or alteration in the nature or status of the Participant’s authorities, duties, or responsibilities from the greatest of those in effect (x) on the Grant Date, (y) during the fiscal year immediately preceding the year of the Change in Control, and (z) on the date immediately preceding the Change in Control;

(ii) the Company’s requiring the Participant to be based at a location which is at least one hundred (100) miles further from the Participant’s then current assigned work location immediately prior to the Change in Control, except for required travel on the Company’s business

to an extent substantially consistent with the Participant’s business obligations as of the Grant Date or as the same may be changed from time to time prior to a Change in Control;

(iii) a material reduction by the Company in the Participant’s then current salary of record paid as annual salary (excluding amounts received under incentive or other bonus plans), as in effect on the Grant Date or as the same may be increased during the Protection Period;

(iv) a material reduction in the Participant’s level of participation in any of the Company’s short- and/or long-term incentive compensation plans, or employee benefit or retirement plans, policies, practices, or arrangements in which the Participant participates from the greatest of the levels in place (a) on the Grant Date, (b) during the fiscal year immediately preceding the year of the Change in Control and (c) on the date immediately preceding the Change in Control; or

(v) any termination of Participant’s employment by the Company that is not effected pursuant to a written notice of termination which sets forth in reasonable detail the facts and circumstances claimed to provide a basis for termination of the Participant’s employment.

The existence of Good Reason will not be affected by the Participant’s temporary incapacity due to physical or mental illness not constituting a Disability. The Participant’s continued employment will not constitute a waiver of the Participant’s rights with respect to any circumstance constituting Good Reason; however, “Good Reason” for Participant’s separation from employment will exist only if: the Participant provides written notice to the Company within ninety (90) days of the occurrence of any of the above listed events; the Company fails to cure the event within thirty (30) days following the Company’s receipt of Participant’s written notice; and the Participant separates from employment with the Company effective not later than twenty four (24) months after the original occurrence of the “Good Reason” event. For sake of clarity, the event giving rise to a Good Reason termination must occur during the Protection Period, but Participant’s actual termination of employment for Good Reason may occur after the end of the Protection Period, and such termination will be treated as if it occurred during the Protection Period for purposes of Section 3(a).

(d) “Retirement” means the termination of Participant’s employment on or after the date Participant reaches the age of 62.

Participant’s electronic signature below indicates Participant’s acknowledgement and acceptance of the terms and conditions of this Agreement (including the Exhibits attached hereto) and the Plan.

EXHIBIT A CONFIDENTIALITY AND NON-

COMPETE

1. Confidentiality. Participant must not (except in the proper performance of Participant's duties) while employed by the Employer or at any time without limit after the date on which Participant's employment with the Employer terminates:

- (a) divulge or communicate to any person;
- (b) use for Participant's own purposes or for any purposes other than those of the Employer or, as appropriate, any of its clients; or
- (c) through any failure to exercise due care and diligence, cause any unauthorized disclosure of;

any trade secrets, confidential, or proprietary information relating to the Company or any Subsidiary or any of its clients ("**Confidential Information**"). Confidential Information does not include any information that (i) is or becomes generally available to the public other than as a result, in whole or in part, by Participant's disclosure or wrongful act; (ii) was available to Participant on a non-confidential basis before its disclosure by a member of the Company or any Subsidiary; or (iii) becomes available to Participant on a non-confidential basis from a source other than the Company or any Subsidiary, provided that such source is not bound by a confidentiality agreement with the Company or any Subsidiary. Participant must at all times use best efforts to prevent publication or disclosure of any Confidential Information. Participant further agrees that if Participant is questioned about information subject to this Agreement by anyone not authorized to receive such information, Participant will notify the Company within 24 hours. Except as required in performing Participant's duties for the Company or any Subsidiary, Participant agrees not to remove from the Company's or any Subsidiary's premises or its control any Confidential Information including by copying or transmitting such information via personal digital device, mobile phone, external hard drives, USB "flash" drives, USB storage devices, Fire Wire storage devices, floppy discs, CD's, DVD's, personal email accounts, online or cloud storage accounts, memory cards, zip discs, and any other similar media or means of transmitting, storing, or archiving data outside of Company- supported systems. Upon termination of employment Participant agrees to return all Confidential Information in whatever form to the Company within 24 hours.

1. Restrictions. In the course of Participant's employment Participant has been exposed to, and will continue to be exposed to, Confidential Information and will acquire other proprietary knowledge relating to the Company's and Subsidiaries' current and planned operations in addition to being introduced to important actual and potential clients, customers, investors, service providers, vendors, suppliers, business partners, and other relationships of the Company and with other Subsidiaries. As such, the Company will be entrusting Participant with the goodwill of the Company and Confidential Information. Therefore, subject to the terms of Clause 2, Participant agrees that:

- (a) Participant will not during the period of Participant's employment with the Employer and for a period of 12 months after the termination of Participant's employment (the "**Restricted Period**"), either directly, or indirectly through any other person, firm, or other organization (each, a "**Person**"), that is engaged in the business of projects, technologies, systems and services in the field of oil, gas and petrochemicals (the "**Business**"), including but not limited to: Baker Hughes Company, Halliburton Company, McDermott International, Inc., National Oilwell Varco, Inc., Saipem S.p.A, Schlumberger Limited, Subsea 7 S.A., Weatherford International plc, and any companies in their respective corporate groups and any successors thereto (each a "**Restricted Entity**");
-

- (i) solicit, entice, or induce any Person that at any time during the last year of Participant's employment with the Employer (that period referred to as the "**Relevant Period**") was a supplier of the Company or a Subsidiary (and with whom Participant or one of Participant's direct reports was actively involved during that time or in respect of which Participant is in possession of Confidential Information) to reduce the level of business between the supplier and the Company or such Subsidiary and Participant will not approach any supplier for that purpose or authorize or approve the taking of such actions by any other Person;
- (ii) solicit business that is of the same or similar nature as that part of the Business with which Participant was materially concerned at any time during the Relevant Period or in respect of which Participant is in possession of Confidential Information as a result of Participant's employment during the Relevant Period (such business referred to as the "**Restricted Business**") from any Person that at any time during the Relevant Period was a customer or client of the Company or a Subsidiary (and with whom Participant or one of Participant's direct reports was actively involved during that time or in respect of which Participant is in possession of Confidential Information) and Participant will not approach any client or customer for that purpose or authorize or approve the taking of such actions by any other Person. For the purposes of this restriction, the expression "customer or client" shall include all Persons from whom the Company or a Subsidiary has received inquiries for the provision of goods or services with respect to the Business where such inquiries have not been concluded;
- (iii) within the Restricted Area (as defined below) during the Restricted Period or for any period which Participant is privy to any Confidential Information, be employed or engaged in or actively providing Participant's services to any Restricted Entity, or business which is the same as or similar to the Business. The Restricted Area means each country, territory, county, parish, borough, or equivalent thereof in which (A) the Company or a Subsidiary that employs the Participant has customers or service assignments about which Participant received or obtained Confidential Information during his/her employment; (B) the Participant had a customer or service assignment for the Company or any Subsidiary in the one-year period preceding, or (C) in which the Company or any Subsidiary had a work site, job site, facility, or office at which the Participant had work activity for the Company or any Subsidiary in the one-year period preceding (the "**Restricted Area**"). The restrictions of this Clause 2 shall likewise apply if, although Participant's place of work is located outside the Restricted Area, Participant's activity is performed for the benefit of a Restricted Business located in the Restricted Area.

(b) During the Restricted Period, Participant will not employ or engage or otherwise solicit, entice, or induce any person who, during the Relevant Period, was an employee, consultant, or contractor of the Company or a Subsidiary and who was employed during that period in a senior sales, marketing, financial, managerial, professional, or equivalent capacity to become employed or engaged by Participant or any other Person, and Participant will not approach any such person for such purpose or authorize or approve the taking of such actions by any other Person.

2. Limitations and amendments. The following amendments and limitations shall apply to restrictions in Clause 1;

(a) The restrictions contained in Clause 1 will not apply if Participant has received the prior written consent of the Company to Participant's activities or if Participant will not be in competition with the Business in carrying out those activities.

(b) If the Employer suspends any of Participant's duties under any notice period or garden leave provision of any employment contract entered into between Participant and the Company or any Subsidiary, the period after the end of Participant's employment during which the restrictions shall apply shall be reduced so that the aggregate of the period of the suspension and the post-termination restrictions shall not exceed 12 months.

(c) The Company may add or remove entities from the list of Restricted Entities if there are any corporate reorganizations, mergers, acquisitions, divestitures, or other material changes in the corporate structure of any Restricted Entity and will notify Participant in writing of any changes to that list.

(d) Each of the restrictions in Clause 1 are separate and severable restrictions and are considered by the parties to be reasonable in all circumstances. It is agreed that if any such restriction by itself, or taken together, shall be adjudged to go beyond what is reasonable in all the circumstances for the protection of the legitimate interests of the Employer but would be adjudged reasonable if part or parts of the wording were deleted, the relevant restriction or restrictions shall apply with such deletion(s) or reduction(s) as may be necessary to make it or them valid and effective. To the extent that any of the restrictions may not be so modified and would otherwise be unenforceable, then such restriction may be stricken from this Agreement without nullifying this Agreement or any other portion of this Agreement that would otherwise be enforceable.

(e) Participant acknowledges that Participant voluntarily agreed to the covenants set forth in Clause 2, and that the limitations and restrictions set forth herein, including geographical and temporal restrictions on certain competitive activities, are reasonable in all respects; are not oppressive; are material and substantial parts of this Agreement; and are intended and necessary to prevent unfair competition and protect the Company's and its Subsidiaries' Confidential Information, goodwill, and substantial and legitimate business interests, while allowing Participant to reasonably perform a business activity in line with Participant's acquired skills and expertise without breaching the restrictions contained within Clause 2.

3. Consideration. Participant acknowledges that the grant of the RSUs is sufficient consideration for entering into the restrictions in Clauses 1 and 1.

4. Non-Interference with Whistleblower Rights. Nothing in this Confidentiality and Non- Compete Agreement prohibits the Participant from reporting possible violations of law or regulation to any governmental agency or entity or making disclosures that are protected under a "whistleblower" provision of law.

5. Enforcement of Covenants. The Company may take any and all action that it determines necessary and legally permissible to enforce this Agreement or to prevent any breach or threatened breach of Clause 1 or 2 of this Agreement, including but not limited to recovery of any damages caused by such breach or threatened breach, and/or taking court action to stop a Participant from breaching or potentially breaching the Agreement. Because of the difficulty of measuring economic losses to the Company and any Subsidiary from Participant's breach of Clause 1 or 2 of this Agreement, and because of the immediate and irreparable damage that such breach would cause, with no other adequate remedy at law, Participant agrees that in the event the Company determines in its sole discretion that Participant is in breach or is threatening to breach of any such provisions, the Company is entitled to obtain injunctive relief (without the requirement of posting a bond) from a court of competent jurisdiction to stop or prohibit any such breach or threatened breach. Such injunctive relief is not the Company's only or exclusive remedy for a breach or threatened breach of these covenants, but instead is in addition to all other rights and remedies available to the Company at law and in equity, including recovery of specific damages.

The provisions of this **Country Schedule for Argentina** provide additional definitions and conditions for the purpose of granting RSUs which are intended to be granted to Employees and corporate officers who are resident in Argentina for tax, labour or securities law purposes.

1. Discretion. All discretionary authority granted under the Plan, including the interpretation of the documentation, shall be exercised reasonably as defined under Argentinean law in compliance with the principles of non-discriminatory equal treatment.
 2. Termination of Service, Detrimental Activity, Disability, Good Reason and Retirement. For the avoidance of doubt, the definitions of Termination of Service, Detrimental Activity, Disability, Good Reason and Retirement shall be in accordance with Argentinean law.
 3. “Participant” in Argentina shall be restricted to Employees or Non-Employee Directors, as determined by the Administrator.
 4. No Entitlement for Claims or Compensation. The Company has unilaterally, gratuitously and discretionally decided to grant the RSUs under the Plan. Consequently, the RSUs are granted on the assumption and condition that RSUs and the Shares issued pursuant to vesting of the RSUs are not part of the Participant’s ordinary or expected remuneration and shall not be considered for the purposes of determining any severance payment or compensation otherwise due.
 5. Information to the Central Bank. If the participant is a resident or is domiciled in Argentina, he will be required to submit an annual affidavit on assets and rights outside of Argentina to the Central Bank. -

AUSTRALIA

The provisions of this **Country Schedule for Australia** provide additional definitions and conditions for the purpose of granting RSUs which are intended to be granted to Employees and corporate officers who are resident in Australia for tax, labour or securities law purposes.

5. Award Plan. A copy of the Plan is attached to this Agreement.

6. The Plan and this Agreement do not constitute financial advice. Any advice given by the Company in relation to the RSUs or the Shares does not constitute financial advice and does not take into account the Participant's objectives, financial situation and needs.

In considering the RSUs and the Shares that the Participant will hold on vesting of the RSUs, the Participant should consider the risk factors that could affect the performance of the Company. The Participant should be aware that there are risks associated with any stock market investment. It is important to recognize that stock prices and dividends might fall or rise. Factors affecting the market price include domestic and international economic conditions and outlook, changes in government fiscal, monetary and regulatory policies, changes in interest rates and inflation rates, the announcement of new technologies and variations in general market conditions and/or market conditions which are specific to a particular industry. In addition, share prices of many companies are affected by factors which might be unrelated to the operating performance of the relevant company. Such factors might adversely affect the market price of the Shares in the Company. Further, there is no guarantee that the Company's Shares will trade at a particular volume or that there will be an ongoing liquid market for the Shares, accordingly there is a risk that, should the market for the Shares become illiquid, the Participant will be unable to realize the Participant's investment.

The Participant should carefully consider these risks in light of the Participant's investment objectives, financial situation and particular needs (including financial and tax issues) and seek professional guidance from your stockbroker, solicitor, accountant, financial adviser or other independent professional adviser before deciding whether to accept the offer of RSUs or to acquire Shares.

7. How to Calculate Values in Australian Dollars. The Participant may be paid earned RSUs which have vested in accordance with the vesting schedule outlined above in accordance with the terms of the Plan by delivery of Shares in the Company or the payment of cash of an amount equal to the Fair Market Value of those shares (or a combination of both). The Participant will not be required to pay any amount for the payment of earned RSUs.

The Participant can ascertain the market price of a Share in the Company from time to time by visiting either:

- the Company's website (<http://www.technipfmc.com/en/>);
- in United States Dollars ("USD") on the New York Stock Exchange website (<https://www.nyse.com/index>) and searching for "TechnipFMC" or "FTI"; or

To determine the market value of a Share in Australian Dollars ("AUD"), you will need to apply the prevailing USD : AUD or EUR:AUD exchange rate (as relevant). For example, if the exchange rate is 1 USD : 1.5 AUD, and one Share has a value of USD \$1 on the NYSE, its equivalent value will be AUD \$1.50. Please contact your bank for the prevailing USD: AUD exchange rate or for an approximate exchange rate published by the Reserve Bank of Australia you can follow this link: <http://www.rba.gov.au/statistics/frequency/exchange-rates.html>.

8. **Exchange Control Information.** Exchange control reporting is required for cash transactions exceeding A\$10,000 and international fund transfers coming into or going out of Australia. The Australian bank assisting with the transaction will file the report. If there is no Australian bank involved in the transfer, the Participant will be required to file the report.

The Participant acknowledges the Colombian laws and regulations (specifically foreign exchange and tax regulations) applicable to any transaction or investment consummated in connection with this Agreement.

2. RSUs not Part of Salary. Participant acknowledges and agrees that the RSUs are an extralegal benefit that the Company may provide, so long as the Employee is eligible to such extralegal benefit, and do not constitute salary. The RSUs, if vested, are not and will not be a part of the Participant’s salary and consequently will not be taken into account when calculating vacation entitlements, fringe benefits, indemnities, social security contributions, payroll taxes or any other labor obligations. The Participant reiterates his agreement on the non-salary nature of the RSUs based on the prerogative granted by Article 15 Law 50, 1990.

Le Participant ne s'adressera à aucune personne à une quelconque de ces fins, ni n'autorisera ou n'approuvera la prise de telles initiatives par toute autre Personne.*

3. *Limitations et modifications.* *Les modifications et limitations suivantes s'appliquent aux restrictions prévues à l'article 2 ;*

(a) *Les restrictions prévues à l'article 2 ne s'appliquent pas lorsque le Participant a reçu une autorisation écrite et préalable de la Société pour exercer ses activités ou lorsque les activités exercées par le Participant ne sont pas concurrentes de l'Activité de la Société.*

(b) *Au cas où l'Employeur dispenserait le Participant de l'exécution d'un éventuel préavis de fin de contrat, le point de départ de la Période de Restriction sera fixé au dernier jour de travail effectif du Participant pour l'Employeur.*

(c) *La Société peut ajouter ou retirer des entreprises de la liste des Entreprises Concurrentes en cas de réorganisation, de fusion, d'acquisition, de cession ou de tout autre changement important dans la structure organisationnelle d'une Entreprise Concurrente et avisera par écrit le Participant de toute modification apportée à cette liste, le cas échéant.*

(d) *Chacune des restrictions énoncées à l'article 2 est distincte et indépendante. Elles sont considérées par les parties comme étant proportionnées en toutes circonstances. Il est convenu que si l'une ou plusieurs de ces restrictions, devaient être considérées comme excessives pour la protection des intérêts légitimes de l'Employeur mais seraient considérées comme non-excessives si l'une ou plusieurs de leurs stipulations étaient supprimées, la ou les restriction(s) pertinente(s) s'appliquerai(en)t avec la ou les suppression(s) ou réduction(s) nécessaire(s) pour rendre la ou les restriction(s) pertinente(s) valable(s) et effective(s). Dans le cas où l'une ou l'autre des restrictions ne pouvait être modifiée et était considérée inapplicable, elle pourrait être réputée non écrite sans porter atteinte à la validité ou l'effectivité de toute autre disposition du présent accord.*

(e) *Le Participant reconnaît qu'il a volontairement accepté les engagements énoncés à l'article 2 et que les limitations et restrictions énoncées aux présentes, notamment les restrictions dans l'espace et dans le temps à l'égard de certaines activités concurrentes, sont proportionnés à tous égards et*

non excessives ; qu'elles constituent une condition déterminante du présent accord ; qu'elles ont pour objectif et sont nécessaires pour prévenir tout acte de concurrence déloyale, protéger les Informations Confidentielles, le goodwill et intérêts commerciaux importants et légitimes de la Société et de ses Filiales, tout en permettant au Participant d'exercer raisonnablement une activité professionnelle correspondant aux compétences et à l'expertise acquises par lui sans enfreindre les restrictions prévues à l'article 2.

4. Contrepartie. *Le Participant reconnaît que l'octroi de RSUs constitue une contrepartie suffisante aux restrictions prévues aux articles 1 et 2.*

5. Non-interférence avec les droits du lanceur d'alerte. *Aucune disposition de la présente Clause de Confidentialité et de Non-Concurrence n'interdit au Participant de signaler d'éventuelles violations de la loi ou de la réglementation à tout organisme ou autorité gouvernementale ou administrative et/ou de faire des révélations conformément aux dispositions législatives relatives à la protection des lanceurs d'alerte.*

6. Exécution forcée des engagements. *La Société pourra engager toute action qu'elle estime nécessaire et juridiquement permise afin de faire respecter les engagements pris au titre du présent accord ou de prévenir toute violation ou risque de violation des articles 1 et 2 du présent accord, notamment en vue de l'indemnisation de tout préjudice résultant d'une telle violation ou d'un tel risque de violation, et/ou l'engagement de toute action judiciaire en vue de mettre un terme à une telle violation ou un tel risque de violation de la présente Clause de Confidentialité et de Non-Concurrence. En raison de la difficulté d'évaluer le préjudice économique subies par la Société et ses Filiales résultant de la violation des articles 1 et 2 du présent accord par le Participant, et en raison du dommage immédiat et irréparable qu'une telle violation serait susceptible de causer, sans autre recours juridique adéquat, le Participant convient que dans le cas où la Société considère à sa seule discrétion que le Participant viole ou risque de violer l'une quelconque de ces dispositions, la Société est en droit d'obtenir une injonction (sans obligation de déposer une caution) de la juridiction compétente en vue de mettre un terme ou d'interdire une telle violation ou un tel risque de violation. Une telle injonction ne constitue pas le seul recours de la Société en cas de violation ou de menace de violation de ces engagements, mais s'ajoute à tous les autres droits et recours dont la Société dispose en droit et en équité, en ce compris l'obtention d'une indemnisation spécifique.*

(a) **“Termination of Service”:** For the purposes of this Agreement and the Plan, Participant will be deemed to have experienced a Termination of Service on the date when Participant is no longer providing active services to the Company and/or its Subsidiaries and affiliates, including without limitation, because of termination by the Company or a Subsidiary of its relationship with the Participant for any reason, with or without cause, termination by mutual consent, resignation, discharge, but excluding terminations where the Participant simultaneously commences or remains in service with the Company or any Subsidiary.

(b) “Detrimental Activity”: For the purposes of this Agreement and the Plan, the definition of “Detrimental Activity” in section 23 shall be expanded to include any act or omission that to the Company or its Subsidiaries’ discretion constitutes cause for termination of the Participant’s relationship with the Company or its Subsidiaries under Applicable Law, without the Company or its Subsidiaries having to notify the termination with detrimental activity before any authority or follow any procedure before any authority to demonstrate such detrimental activity.

(c) “Good Reason”: For the purposes of this Agreement and the Plan, the definition of “Good Reason” in section 22(c) means, without the Participant’s express written consent, the occurrence of any one or more of the following during the Protection Period:

(i) the assignment of the Participant to duties materially inconsistent with the Participant’s authorities, duties, responsibilities, and status (including, without limitation, offices, titles and reporting requirements) (including, without limitation, any material adverse change in duties or status as a result of the stock of the Company ceasing to be publicly traded or of the Company becoming a subsidiary of another entity, or any material adverse change in the Participant’s reporting relationship, such as the chairman or chief executive officer ceasing to report to the Board of Directors of a publicly traded company), or a reduction or alteration in the nature or status of the Participant’s authorities, duties, or responsibilities from the greatest of those in effect (x) on the Grant Date, (y) during the fiscal year immediately preceding the year of the Change in Control, and (z) on the date immediately preceding the Change in Control;

(ii) the Company’s requiring the Participant to be based at a location which is at least one hundred (100) miles further from the Participant’s then current assigned work location immediately prior to the Change in Control, except for required travel on the Company’s business to an extent substantially consistent with the Participant’s business obligations as of the Grant Date or as the same may be changed from time to time prior to a Change in Control;

(iii) a material reduction by the Company in the Participant’s then current salary of record paid as annual salary (excluding amounts received under incentive or other bonus plans), as in effect on the Grant Date or as the same may be increased during the Protection Period; or

(iv) a material reduction in the Participant’s level of participation in any of the Company’s short- and/or long-term incentive compensation plans, or employee benefit or retirement plans, policies, practices, or arrangements in which the Participant participates from the greatest of the levels in place (a) on the Grant Date, (b) during the fiscal year immediately preceding the year of the Change in Control and (c) on the date immediately preceding the Change in Control.

The existence of Good Reason will not be affected by the Participant’s temporary incapacity due to physical or mental illness not constituting a Disability. The Participant’s continued service will not constitute a waiver of the Participant’s rights with respect to any circumstance constituting Good Reason; however, “Good Reason” for Participant’s separation will exist only if: the Participant provides written notice to the Company within ninety (90) days of the occurrence of any of the above listed events; the Company fails to cure the event within thirty (30) days following the Company’s receipt of Participant’s written notice; and the Participant separates from the Company effective not later than twenty four (24) months after the original occurrence of the “Good Reason” event. Among these requirements is an obligation to notify the Singapore Company in writing when the Participant acquires an interest (such as shares, debentures, participatory interests, rights, options and contracts) in the Company (e.g. the RSUs). In addition, the Participant must notify the Singapore Company when the Participant disposes of such interest in the Company (including when the Participant acquires or transfers Shares issued upon vesting and settlement of the RSUs). These notifications must be made within two business days of acquiring or disposing of any such interest in the Company. In addition, a notification of the Participant's interests in the Company must be made within two business days of becoming a director or chief executive officer (as applicable).

4. Taxation Information. In the event that a Participant should be granted an award of the RSU in connection with the Participant's employment in Singapore, any gains or profits derived by the Participant arising from the vesting of such RSU will be taxable in Singapore as part of the Participant's employment remuneration when the RSU vests, regardless of where the Participant is at the time the RSU vests. The Participant may, however, be eligible to enjoy deferment of the payment of tax, arising from RSU gains under incentive schemes operated by the Inland Revenue Authority of Singapore ("IRAS") if the qualifying criteria relating thereto are met. Interest will be chargeable for the deferral of tax. If granted, the Employee can defer payment of tax on the RSU gains for any period of time up to a maximum of 5 years, subject to filing formalities to be made by the Participant. The Participant is advised to seek professional tax advice as to the Participant's tax liabilities including, to the extent the Participant is a foreigner, how such gains or profits aforesaid will be taxed at the time the Participant ceases to work in Singapore.

All taxes (including income tax) arising from the award of any RSU or the vesting of any RSU thereon shall be borne by the Participant.

Where the Participant is neither a Singapore citizen nor a Singapore Permanent Resident and is about to leave employment with the Employer (as defined below), the Employer may be required under the Income Tax Act 1947 to deduct or withhold taxes arising from the vesting of the RSU from the Participant’s emoluments. The Employer is required to withhold all monies due to the Participant from the day the Employee notifies his/her intention to cease employment or when the Employer notifies the Employee of the termination of employment. SPAIN

The provisions of this **Country Schedule for Spain** provide additional definitions and conditions for the purpose of granting RSUs which are intended to be granted to Spanish Employees and corporate officers who are resident in Spain for tax, labour and securities law purposes.

Notwithstanding any other provisions of the Plan, RSUs granted under this Country Schedule for Spain to Participants resident in Spain are subject to the following additional conditions:

1. Non-transferability of RSUs. The RSUs may neither be sold, pledged, assigned nor transferred unless and until the Shares underlying the RSUs have been issued, and all restrictions applicable to such Shares have lapsed. Any effort to assign or transfer a RSU will be ineffective and may result in the Company terminating the RSUs.

2. Withholding. Whenever the RSUs are vested, the Company or its relevant subsidiary in which the Participant is an Employee (the “Relevant Subsidiary”), in accordance with the terms of the Plan, will comply with all applicable withholding tax laws and social security, and will be entitled to take any action necessary to effectuate such compliance. The Participant hereby agrees that the Company or the Relevant Subsidiary may withhold Shares otherwise issuable upon the settlement of the RSUs, sufficient for the Company or the Relevant Subsidiary to cover an amount required by law to be withheld or otherwise arising with respect to any taxable event arising as a result of any RSUs. The number of Shares which may be so withheld shall be limited to the number of Shares which have a fair market value, determined on the date when the amount of tax to be withheld is to be determined pursuant to the Applicable Law, no greater than the aggregate amount of such liabilities based on the maximum statutory withholding rates for tax purposes, in accordance with Applicable Law to such taxable income (or such other amount as would not result in adverse financial accounting consequences for the Company or any of its Subsidiaries).

3. In the absolute discretion of the Administrator, the Company or the Relevant Subsidiary may authorise the Participant to satisfy the withholding amounts referred to above by means of a cash payment. Request for such cash payment shall be made in writing by the Participant in a form acceptable to

the Administrator and shall be subject to the following restrictions: (i) the election must be made on or prior to the date when the amount of tax to be withheld is to be determined pursuant to the Applicable Law; and
(ii) once made, the election shall be irrevocable as to the particular Shares for which the election is made. Any adverse consequences for the Participant arising in connection with the withholding procedures described above shall be the sole responsibility of the Participant.

4. No Stockholders Rights. Neither the Participant nor any other person entitled to exercise the RSUs will have any of the rights of a stockholder or Dividend Equivalents with respect to the Shares subject to the RSUs, except to the extent and until the Shares subject to the RSUs have been issued and the Participant has become the record owner of such Shares.

5. Exchange Control Information. Participant must declare the acquisition of Shares to the Spanish Dirección General de Comercio Internacional e Inversiones within the following month to the date of acquisition of the Shares. This declaration is provided to the Ministry of Economy and Competitiveness for statistical purposes only.

6. In the event that the Shares acquired pursuant to this Plan exceed certain thresholds (whether in the stake in the share capital of the Company or in the value of such stake), Participant will have to make an annual declaration to the Spanish Dirección General de Comercio Internacional e Inversiones about the development of the investment in non-resident entities by, within the first nine months of each calendar year.

7. No Entitlement for Claims or Compensation. Participant understands that the Company has unilaterally, gratuitously and discretionally decided to grant the RSUs under the Plan, extraordinary in nature, to individuals who may be Employees throughout the world. The decision is a limited decision that is entered into upon the express assumption and condition that any grant will not economically or otherwise bind the Company or any of its Subsidiaries on an ongoing basis. Consequently, Participant understands that the RSUs are granted on the assumption and condition that RSUs and the Shares issued pursuant to vesting of the RSUs may not increase in value and that, in any event, are not part of Participant's ordinary or expected compensation, and shall not be considered for the purposes of determining any severance pay (*indemnización por despido o cese*) or compensation otherwise due in the event of resignation (*dimisión*) or dismissal (*despido*), compensation under any collective dismissal scheme (*expediente de regulación de empleo*) or for termination of services (*finalización de servicios*), gratuity (*gratificación*), compensation under any non-compete covenant (*no concurrencia*), bonus for length of services (*bonus por antigüedad*), pension or retirement related benefits (*pensión o prestación de jubilación*), compensation for early retirement (*compensación por prejubilación*), damages or any other payment whatsoever. Further, unless otherwise expressly provided in the Plan, Participant understands that Participant will not be entitled to continue vesting the RSUs once Participant's service with the Company or the relevant Subsidiary ceases. In addition, Participant understands that this grant would not be made to Participant but for the assumptions and conditions referred to above; thus, Participant acknowledges acknowledge and freely accepts that should any or all of the assumptions be mistaken or should any of the conditions not be met for any reason, then RSUs shall be null and void.

8. Definitions. For all purposes of this Agreement and the Plan the following defined terms shall apply:

21. Securities Law Notification and Restrictions on Trading. The Company's *Code of Business Conduct* and *Insider Trading Policy* (the "Company Policies") and the insider trading and anti-market abuse rules of the U.S. Securities Exchange Act, the Market Abuse Regulation ((EU) No 596/2014 (**MAR**) and the UK Market Abuse Exit Regulations 2019 (collectively the "Insider Trading Rules"), may impact the ability to sell Shares acquired under this Agreement and the Plan while the Participant has material non- public inside information regarding the Company. In addition, the Insider Trading Rules prohibit the Participant from recommending to other persons to engage in insider trading or induce other persons to engage in insider trading, unlawfully disclose material non-public inside information and/or engage in or attempt to engage in market manipulation while in possession of material non-public inside information. By accepting this Agreement, the PSUs granted hereunder and participating in the Plan, Participant acknowledges having read and understood this Securities Law Notification and further acknowledges that it is Participant's responsibility to comply with the Company Policies and the Insider Trading Rules.

22. Funding. The PSUs represent an unfunded promise to pay and deliver Shares in the future. The Company may settle the PSUs through newly issued Shares, treasury Shares or Shares held in an employee benefit trust (EBT) established for the administrative convenience of the Company for the purpose of issuing Shares in settlement on behalf of the Company of Awards under the Plan, in its sole discretion and not for the purposes of funding the Plan. The Participant has no right to any Shares held in any EBT, or to have the PSUs settled on behalf of the Company in any Shares held by an EBT.

23. Definitions.

Unless otherwise provided on Schedule A, the Country Schedule:

(a) "Detrimental Activity" means

(i) the Participant's willful and continued failure to substantially perform the Participant's employment duties in any material respect (other than any such failure resulting from Disability), after a written demand for substantial performance is delivered to the Participant that specifically identifies the manner in which the Company believes the Participant has failed to perform the Participant's duties, and after the Participant has failed to resume substantial performance of the Participant's duties on a continuous basis within thirty (30) calendar days of receiving such demand;

(ii) the Participant's willfully engaging in other conduct which is demonstrably and materially injurious to the Company or an affiliate;

(iii) the Participant's having been convicted of, or pleading guilty or nolo contendere to, a felony under federal or state law; or

(iv) the Participant's breach of any provision of the Confidentiality and Non-Compete Agreement.

(b) "Disability," means Participant's inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death or that can be expected to last for a continuous period of not less than twelve (12) months.

(c) "Good Reason" means, without the Participant's express written consent, the occurrence of any one or more of the following during the Protection Period:

(i) the assignment of the Participant to duties materially inconsistent with the Participant's authorities, duties, responsibilities, and status (including, without limitation, offices, titles and reporting requirements) as an employee of the Company (including, without limitation, any material adverse change in duties or status as a result of the stock of the Company ceasing to be publicly traded or of the Company becoming a subsidiary of another entity, or any material adverse change in the Participant's reporting relationship, such as the chairman or chief executive officer ceasing to report to the Board of Directors of a publicly traded company), or a reduction or alteration in the nature or status of the Participant's authorities, duties, or responsibilities from the greatest of those in effect (x) on the Grant Date, (y) during the fiscal year immediately preceding the year of the Change in Control, and (z) on the date immediately preceding the Change in Control;

(ii) the Company's requiring the Participant to be based at a location which is at least one hundred (100) miles further from the Participant's then current assigned work location immediately prior to the Change in Control, except for required travel on the Company's business to an extent substantially consistent with the Participant's business obligations as of the Grant Date or as the same may be changed from time to time prior to a Change in Control;

(iii) a material reduction by the Company in the Participant's then current salary of record paid as annual salary (excluding amounts received under incentive or other bonus plans), as in effect on the Grant Date or as the same may be increased during the Protection Period;

(iv) a material reduction in the Participant's level of participation in any of the Company's short- and/or long-term incentive compensation plans, or employee benefit or retirement plans, policies, practices, or arrangements in which the Participant participates from the greatest of the levels in place (x) on the Grant Date, (y) during the fiscal year immediately preceding the year of the Change in Control and (z) on the date immediately preceding the Change in Control; or

(v) any termination of Participant's employment by the Company that is not effected pursuant to a written notice of termination which sets forth in reasonable detail the facts and circumstances claimed to provide a basis for termination of the Participant's employment.

The existence of Good Reason will not be affected by the Participant's temporary incapacity due to physical or mental illness not constituting a Disability. The Participant's continued employment will not constitute a waiver of the Participant's rights with respect to any circumstance constituting Good Reason; however, "Good Reason" for Participant's separation from employment will exist only if: the Participant provides written notice to the Company within ninety (90) days of the occurrence of any of the above listed events; the Company fails to cure the event within thirty (30) days following the Company's receipt of Participant's written notice; and the Participant separates from employment with the Company effective not later than twenty four (24) months after the original occurrence of the "Good Reason" event. For sake of clarity, the event giving rise to a Good Reason termination must occur during the Protection Period, but

Participant’s actual termination of employment for Good Reason may occur after the end of the Protection Period, and such termination will be treated as if it occurred during the Protection Period for purposes of Section 3.

(d) “Retirement” means termination of the Participant’s employment on or after the date that the Participant reaches the age of 62.

Executed as of the Grant Date.

EXHIBIT B CONFIDENTIALITY AND NON-

COMPETE

1. Confidentiality. Participant must not (except in the proper performance of Participant's duties) while employed by the Employer or at any time without limit after the date on which Participant's employment with the Employer terminates:

- (a) divulge or communicate to any person;
- (b) use for Participant's own purposes or for any purposes other than those of the Employer or, as appropriate, any of its clients; or
- (c) through any failure to exercise due care and diligence, cause any unauthorized disclosure of;

any trade secrets, confidential, or proprietary information relating to the Company or any Subsidiary or any of its clients ("**Confidential Information**"). Confidential Information does not include any information that (i) is or becomes generally available to the public other than as a result, in whole or in part, by Participant's disclosure or wrongful act; (ii) was available to Participant on a non-confidential basis before its disclosure by a member of the Company or any Subsidiary; or (iii) becomes available to Participant on a non-confidential basis from a source other than the Company or any Subsidiary, provided that such source is not bound by a confidentiality agreement with the Company or any Subsidiary. Participant must at all times use best efforts to prevent publication or disclosure of any Confidential Information. Participant further agrees that if Participant is questioned about information subject to this Agreement by anyone not authorized to receive such information, Participant will notify the Company within 24 hours. Except as required in performing Participant's duties for the Company or any Subsidiary, Participant agrees not to remove from the Company's or any Subsidiary's premises or its control any Confidential Information including by copying or transmitting such information via personal digital device, mobile phone, external hard drives, USB "flash" drives, USB storage devices, Fire Wire storage devices, floppy discs, CD's, DVD's, personal email accounts, online or cloud storage accounts, memory cards, zip discs, and any other similar media or means of transmitting, storing, or archiving data outside of Company- supported systems. Upon termination of employment Participant agrees to return all Confidential Information in whatever form to the Company within 24 hours.

2. Restrictions. In the course of Participant's employment Participant has been exposed to, and will continue to be exposed to, Confidential Information and will acquire other proprietary knowledge relating to the Company's and Subsidiaries' current and planned operations in addition to being introduced to important actual and potential clients, customers, investors, service providers, vendors, suppliers, business partners, and other relationships of the Company and with other Subsidiaries. As such, the Company will be entrusting Participant with the goodwill of the Company and Confidential Information. Therefore, subject to the terms of Clause 3, Participant agrees that:

- (a) Participant will not during the period of Participant's employment with the Employer and for a period of 12 months after the termination of Participant's employment (the "**Restricted Period**"), either directly, or indirectly through any other person, firm, or other organization (each, a "**Person**"), that is engaged in the business of projects, technologies, systems and services in the field of oil, gas and petrochemicals (the "**Business**"), including but not limited to: Baker Hughes Company, Halliburton Company, McDermott International, Inc., National Oilwell Varco, Inc., Saipem S.p.A, Schlumberger Limited, Subsea 7 S.A., Weatherford International plc, and any companies in their respective corporate groups and any successors thereto (each a "**Restricted Entity**");
-

- (i) solicit, entice, or induce any Person that at any time during the last year of Participant's employment with the Employer (that period referred to as the "**Relevant Period**") was a supplier of the Company or a Subsidiary (and with whom Participant or one of Participant's direct reports was actively involved during that time or in respect of which Participant is in possession of Confidential Information) to reduce the level of business between the supplier and the Company or such Subsidiary and Participant will not approach any supplier for that purpose or authorize or approve the taking of such actions by any other Person;
- (ii) solicit business that is of the same or similar nature as that part of the Business with which Participant was materially concerned at any time during the Relevant Period or in respect of which Participant is in possession of Confidential Information as a result of Participant's employment during the Relevant Period (such business referred to as the "**Restricted Business**") from any Person that at any time during the Relevant Period was a customer or client of the Company or a Subsidiary (and with whom Participant or one of Participant's direct reports was actively involved during that time or in respect of which Participant is in possession of Confidential Information) and Participant will not approach any client or customer for that purpose or authorize or approve the taking of such actions by any other Person. For the purposes of this restriction, the expression "customer or client" shall include all Persons from whom the Company or a Subsidiary has received inquiries for the provision of goods or services with respect to the Business where such inquiries have not been concluded;
- (iii) within the Restricted Area (as defined below) during the Restricted Period or for any period which Participant is privy to any Confidential Information, be employed or engaged in or actively providing Participant's services to any Restricted Entity, or business which is the same as or similar to the Business. The Restricted Area means each country, territory, county, parish, borough, or equivalent thereof in which (A) the Company or a Subsidiary that employs the Participant has customers or service assignments about which Participant received or obtained Confidential Information during his/her employment; (B) the Participant had a customer or service assignment for the Company or any Subsidiary in the one-year period preceding, or (C) in which the Company or any Subsidiary had a work site, job site, facility, or office at which the Participant had work activity for the Company or any Subsidiary in the one-year period preceding (the "**Restricted Area**"). The restrictions of this Clause 2 shall likewise apply if, although Participant's place of work is located outside the Restricted Area, Participant's activity is performed for the benefit of a Restricted Business located in the Restricted Area.

(b) During the Restricted Period, Participant will not employ or engage or otherwise solicit, entice, or induce any person who, during the Relevant Period, was an employee, consultant, or contractor of the Company or a Subsidiary and who was employed during that period in a senior sales, marketing, financial, managerial, professional, or equivalent capacity to become employed or engaged by Participant or any other Person, and Participant will not approach any such person for such purpose or authorize or approve the taking of such actions by any other Person.

3. Limitations and amendments. The following amendments and limitations shall apply to restrictions in Clause 2;

(a) The restrictions contained in Clause 2 will not apply if Participant has received the prior written consent of the Company to Participant's activities or if Participant will not be in competition with the Business in carrying out those activities.

(b) If the Employer suspends any of Participant's duties under any notice period or garden leave provision of any employment contract entered into between Participant and the Company or any Subsidiary, the period after the end of Participant's employment during which the restrictions shall apply shall be reduced so that the aggregate of the period of the suspension and the post-termination restrictions shall not exceed 12 months.

(c) The Company may add or remove entities from the list of Restricted Entities if there are any corporate reorganizations, mergers, acquisitions, divestitures, or other material changes in the corporate structure of any Restricted Entity and will notify Participant in writing of any changes to that list.

(d) Each of the restrictions in Clause 2 are separate and severable restrictions and are considered by the parties to be reasonable in all circumstances. It is agreed that if any such restriction by itself, or taken together, shall be adjudged to go beyond what is reasonable in all the circumstances for the protection of the legitimate interests of the Employer but would be adjudged reasonable if part or parts of the wording were deleted, the relevant restriction or restrictions shall apply with such deletion(s) or reduction(s) as may be necessary to make it or them valid and effective. To the extent that any of the restrictions may not be so modified and would otherwise be unenforceable, then such restriction may be stricken from this Agreement without nullifying this Agreement or any other portion of this Agreement that would otherwise be enforceable.

(e) Participant acknowledges that Participant voluntarily agreed to the covenants set forth in Clause 2, and that the limitations and restrictions set forth herein, including geographical and temporal restrictions on certain competitive activities, are reasonable in all respects; are not oppressive; are material and substantial parts of this Agreement; and are intended and necessary to prevent unfair competition and protect the Company's and its Subsidiaries' Confidential Information, goodwill, and substantial and legitimate business interests, while allowing Participant to reasonably perform a business activity in line with Participant's acquired skills and expertise without breaching the restrictions contained within Clause 2.

4. Consideration. Participant acknowledges that the grant of the PSUs is sufficient consideration for entering into the restrictions in Clauses 1 and 2.

5. Non-Interference with Whistleblower Rights. Nothing in this Confidentiality and Non- Compete Agreement prohibits the Participant from reporting possible violations of law or regulation to any governmental agency or entity or making disclosures that are protected under a "whistleblower" provision of law.

6. Enforcement of Covenants. The Company may take any and all action that it determines necessary and legally permissible to enforce this Agreement or to prevent any breach or threatened breach of Clause 1 or 2 of this Agreement, including but not limited to recovery of any damages caused by such breach or threatened breach, and/or taking court action to stop a Participant from breaching or potentially breaching the Agreement. Because of the difficulty of measuring economic losses to the Company and any Subsidiary from Participant's breach of Clause 1 or 2 of this Agreement, and because of the immediate and irreparable damage that such breach would cause, with no other adequate remedy at law, Participant agrees that in the event the Company determines in its sole discretion that Participant is in breach or is threatening to breach of any such provisions, the Company is entitled to obtain injunctive relief (without the requirement of posting a bond) from a court of competent jurisdiction to stop or prohibit any such breach or threatened breach. Such injunctive relief is not the Company's only or exclusive remedy for a breach or threatened breach of these covenants, but instead is in addition to all other rights and remedies available to the Company at law and in equity, including recovery of specific damages.

 3. “Participant” in Argentina shall be restricted to Employees or Non-Employee Directors, as determined by the Administrator.
 4. No Entitlement for Claims or Compensation. The Company has unilaterally, gratuitously and discretionally decided to grant the PSUs under the Plan. Consequently, the PSUs are granted on the assumption and condition that PSUs and the Shares issued pursuant to vesting of the PSUs are not part of the Participant’s ordinary or expected remuneration and shall not be considered for the purposes of determining any severance payment or compensation otherwise due.
 5. Information to the Central Bank. If the participant is a resident or is domiciled in Argentina, he will be required to submit an annual affidavit of assets and rights outside of Argentina to the Central Bank. AUSTRALIA

The provisions of this **Country Schedule for Australia** provide additional definitions and conditions for the purpose of granting PSUs which are intended to be granted to Employees and corporate officers who are resident in Australia for tax, labour or securities law purposes.

1. Award Plan. A copy of the Plan is attached to this Agreement.
2. The Plan and this Agreement do not constitute financial advice. Any advice given by the Company in relation to the PSUs or the Shares does not constitute financial advice and does not take into account the Participant's objectives, financial situation and needs.

In considering the PSUs and the Shares that the Participant will hold on vesting of the PSUs, the Participant should consider the risk factors that could affect the performance of the Company. The Participant should be aware that there are risks associated with any stock market investment. It is important to recognize that stock prices and dividends might fall or rise. Factors affecting the market price include domestic and international economic conditions and outlook, changes in government fiscal, monetary and regulatory policies, changes in interest rates and inflation rates, the announcement of new technologies and variations in general market conditions and/or market conditions which are specific to a particular industry. In addition, share prices of many companies are affected by factors which might be unrelated to the operating performance of the relevant company. Such factors might adversely affect the market price of the Shares in the Company. Further, there is no guarantee that the Company's Shares will trade at a particular volume or that there will be an ongoing liquid market for the Shares, accordingly there is a risk that, should the market for the Shares become illiquid, the Participant will be unable to realize the Participant's investment.

The Participant should carefully consider these risks in light of the Participant's investment objectives, financial situation and particular needs (including financial and tax issues) and seek professional guidance from Participant's stockbroker, solicitor, accountant, financial adviser or other independent professional adviser before deciding whether to accept the offer of PSUs or to acquire Shares.

3. How to Calculate Values in Australian Dollars. The Participant may be paid earned PSUs which have vested in accordance with the vesting schedule outlined above in accordance with the terms of the Plan by delivery of Shares in the Company or the payment of cash of an amount equal to the Fair Market Value of those shares (or a combination of both). The Participant will not be required to pay any amount for the payment of earned PSUs.

The Participant can ascertain the market price of a Share in the Company from time to time by visiting either:

- the Company's website (<http://www.technipfmc.com/en/>);
- in United States Dollars ("USD") on the New York Stock Exchange website (<https://www.nyse.com/index>) and searching for "TechnipFMC" or "FTI"; or

To determine the market value of a Share in Australian Dollars ("AUD"), the Participant will need to apply the prevailing USD : AUD or EUR:AUD exchange rate (as relevant). For example, if the exchange rate is 1 USD : 1.5 AUD, and one Share has a value of USD \$1 on the NYSE, its equivalent value will be AUD \$1.50. Please contact your bank for the prevailing USD: AUD exchange rate or for an approximate exchange rate published by the Reserve Bank of Australia you can follow this link: <http://www.rba.gov.au/statistics/frequency/exchange-rates.html>.

4. **Exchange Control Information.** Exchange control reporting is required for cash transactions exceeding A\$10,000 and international fund transfers coming into or going out of Australia. The Australian bank assisting with the transaction will file the report. If there is no Australian bank involved in the transfer, the Participant will be required to file the report.

BRAZIL

The provisions of this **Country Schedule for Brazil** provide additional definitions and conditions for the purpose of granting PSUs which are intended to be granted to Employees and corporate officers who are resident in Brazil for tax, labour or securities law purposes.

1. **Acknowledgment of Nature of Plan and PSUs.** In accepting this Agreement, Participant acknowledges that in the event of termination of Participant’s employment (whether or not in breach of local labor laws), Participant’s rights to unvested PSUs under the Plan, if any, will terminate effective as of the date that Participant is no longer actively employed and will not be extended by any notice period mandated under applicable local laws (e.g., active employment would not include a period of “garden leave” or notice period). The Administrator shall have the exclusive discretion to determine when Participant is no longer actively employed for purposes of Participant’s PSUs.
2. **Exchange Control Information.** If Participant is a resident or domiciled in Brazil, Participant will be required to submit an annual declaration of assets and rights held outside of Brazil to the Central Bank of Brazil if the aggregate value of such assets and rights is equal to or greater than the applicable statutory threshold from time to time. Please note that the threshold may be changed annually.
3. **Acknowledgment of Forfeiture and Claw-Back Provisions.** In accepting this Agreement, Participant acknowledges being subject to the provisions of any forfeiture and claw-back policy implemented by the Company, including, without limitation, any claw-back policy adopted to comply with the requirements of Applicable Law.
4. **Securities Restrictions.** Awards granted under the Plan do not constitute a public offer of the Shares. The Plan and this Agreement are only addressed to the Participant and other selected Employees and have not been offered or solicited by means of any public communication services. The Shares deliverable upon settlement of the PSUs under the Plan are not negotiable in Brazil.

CANADA

The provisions of this **Country Schedule for Canada** provide additional definitions and conditions for the purpose of granting PSUs which are intended to be granted to Employees and corporate officers who are resident in Canada for tax, labour or securities law purposes.

1. **Termination of Service.** For the purposes of this Agreement, Participant will be deemed to have experienced a Termination of Service on the date when Participant is no longer providing active services to the Company and its Subsidiaries and affiliates. Such date shall not be extended by any notice of termination period or payment in lieu of notice required to be provided under applicable local law, including common law; provided, however, that where any greater period is expressly required by applicable employment or labour standards legislation (if such legislation is applicable), Termination of Service will be deemed to occur immediately following the minimum prescribed period under that legislation.
 2. **Special Provisions for Participants in Canada.**
-

(a) *French Language Provision.* The following provisions will apply if Participant is a resident of Quebec:

The parties acknowledge that it is their express wish that this Agreement, as well as all documents, notices and legal proceedings entered into, given or instituted pursuant hereto or relating directly or indirectly hereto, be drawn up in English.

Les parties reconnaissent avoir exigé la rédaction en anglais de cette convention (“Agreement”), ainsi que de tous documents exécutés, avis donnés et procédures judiciaires intentées, directement ou indirectement, relativement à la présente convention.

(b) The Company reserves the right to impose other requirements on this PSU and the Shares acquired upon vesting of this PSU, to the extent the Company determines it is necessary or advisable in order to comply with local laws or facilitate the administration of the Plan, and to require Participant to sign any additional agreements or undertakings that may be necessary to accomplish the foregoing.

3. **Detrimental Activity.** For the purposes of this Agreement, the definition of “Detrimental Activity” in paragraph 23 shall be expanded to include any act or omission constituting cause for termination of the Participant’s employment or relationship with the Company or its Subsidiaries without notice or other obligation under Applicable Law; *provided, however*, that for Participants employed in the Province of Ontario, “Detrimental Activity” means wilful misconduct, disobedience or wilful neglect of duty that is not trivial and has not been condoned by the Employer.

2. Restrictions. Dans le cadre de l'exécution de son contrat de travail ou de son mandat social, le Participant a pu avoir accès et continue d'avoir accès à des Informations Confidentielles ainsi qu'à d'autres connaissances exclusives relatives aux activités actuelles et envisagées de la Société et de ses Filiales. En outre, il est susceptible d'être présenté à des clients actuels ou potentiels, investisseurs, prestataires de services, fournisseurs de biens ou de services, partenaires commerciaux et à d'autres relations importantes, de la Société et de ses Filiales. A ce titre, la Société confiera au Participant son goodwill ainsi que des Informations Confidentielles. Par conséquent, sous réserve des modalités de l'article 3, le Participant s'engage à :

(a) au cours de l'exécution de son contrat de travail ou de son mandat social et pendant une durée de 12 mois suivant le départ effectif de l'entreprise (la « **Période de Restriction** »), ne pas, directement ou indirectement par l'entremise d'une personne physique ou morale (chacune, une « **Personne** »), ayant des activités de génie civil, de construction et de services connexes dans le domaine du pétrole, du gaz et des produits pétrochimiques (l'« **Activité** »), et notamment, sans y être limitée : Baker Hughes Company, Halliburton Company, McDermott International Inc., National Oilwell Varco Inc., Saipem S.p.A., Schlumberger Ltd., Subsea 7 S.A., Weatherford International plc, ainsi que leurs sociétés affiliées et toute entité leur succédant (l'« **Entreprise Concurrente** ») de :

Le Participant ne s'adressera à aucun fournisseur à une quelconque de ces fins, ni n'autorisera ou n'approuvera la prise de telles initiatives par toute autre Personne ;

(ii) solliciter des affaires qui sont de même nature ou de nature semblable à la partie de l'Activité pour laquelle le Participant exerçait une partie significative de sa mission à tout moment au cours de la Période Concernée ou pour laquelle le Participant détient des Informations Confidentielles en raison de son emploi ou mandat pendant la Période Considérée (l'une quelconque de ces activités étant définie comme l'« **Activité Concurrente** ») de toute Personne qui, à un moment donné pendant la Période Concernée était un client de la Société ou de l'une de ses Filiales (et avec lequel le Participant ou l'un de ses subordonnés directs, a été activement impliqué durant cette période ou à l'égard duquel le Participant détient des Informations Confidentielles). Le Participant ne s'adressera à aucun fournisseur à une quelconque de ces fins, ni n'autorisera ou n'approuvera la prise de telles initiatives par toute autre Personne. Aux fins de la présente restriction, le terme « client » comprend toutes les Personnes dont la Société ou l'une de ses Filiales a reçu des demandes de renseignements pour la fourniture de biens ou de services relatives à l'Activité, même lorsque ces demandes n'ont pas été concluantes ;

(iii) être employé, embauché ou fournir activement ses services à toute Entreprise Concurrente ou à toute entreprise ayant une activité identique ou similaire à l'Activité, située à l'intérieur de la Zone Géographique Prohibée (telle que définie ci-dessous) pendant la Période de Restriction ou pour toute période au cours de laquelle le Participant a connaissance d'Informations Confidentielles. Informations Confidentielles au cours de sa période d'emploi ou de mandat ; (B) le Participant s'est vu affecter un client ou une mission de service pour la Société ou l'une de ses Filiales au cours de l'année précédente, ou (C) dans laquelle la Société ou l'une de ses Filiales avait un lieu de travail, un chantier, un établissement ou un bureau où le Participant a pu exercer une activité professionnelle pour la Société ou l'une de ses Filiales au cours de l'année précédente (la « **Zone Géographique Prohibée** »). Les restrictions du présent article 2 s'appliquent également à l'activité du Participant exercée au profit d'une Entreprise Concurrente située dans la Zone Géographique Prohibée même si le lieu de travail du Participant est situé en dehors de la Zone Géographique Prohibée.

(b) Pendant la Période de Restriction, ne pas employer, embaucher, solliciter, inciter ou persuader toute personne qui, au cours de la Période Concernée, était un salarié, mandataire, consultant ou prestataire de la Société ou de l'une de ses Filiales et qui exerçait pendant la Période Concernée des fonctions d'encadrement dans les domaines de la vente, du marketing, de la finance, de la gestion, ou des fonctions équivalentes, afin d'être embauché ou employé par le Participant ou par toute autre Personne. Le Participant ne s'adressera à aucune personne à une quelconque de ces fins, ni n'autorisera ou n'approuvera la prise de telles initiatives par toute autre Personne.

3. Limitations et modifications. Les modifications et limitations suivantes s'appliquent aux restrictions prévues à l'article 2 ;

(a) Les restrictions prévues à l'article 2 ne s'appliquent pas lorsque le Participant a reçu une autorisation écrite et préalable de la Société pour exercer ses activités ou lorsque les activités exercées par le Participant ne sont pas concurrentes de l'Activité de la Société.

(b) Au cas où l'Employeur dispenserait le Participant de l'exécution d'un éventuel préavis de fin de contrat, le point de départ de la Période de Restriction sera fixé au dernier jour de travail effectif du Participant pour l'Employeur.

(c) La Société peut ajouter ou retirer des entreprises de la liste des Entreprises Concurrentes en cas de réorganisation, de fusion, d'acquisition, de cession ou de tout autre changement important dans la structure organisationnelle d'une Entreprise Concurrente et avisera par écrit le Participant de toute modification apportée à cette liste, le cas échéant.

(d) Chacune des restrictions énoncées à l'article 2 est distincte et indépendante. Elles sont considérées par les parties comme étant proportionnées en toutes circonstances. Il est convenu que si l'une ou plusieurs de ces restrictions, devaient être considérées comme excessives pour la protection des intérêts légitimes de l'Employeur mais seraient considérées comme non-excessives si l'une ou plusieurs de leurs stipulations étaient supprimées, la ou les restriction(s) pertinente(s) s'appliquerai(en)t avec la ou les suppression(s) ou réduction(s) nécessaire(s) pour rendre la ou les restriction(s) pertinente(s) valable(s) et effective(s). Dans le cas où l'une ou l'autre des restrictions ne pouvait être modifiée et était considérée inapplicable, elle pourrait être réputée non écrite sans porter atteinte à la validité ou l'effectivité de toute autre disposition du présent accord.

(e) Le Participant reconnaît qu'il a volontairement accepté les engagements énoncés à l'article 2 et que les limitations et restrictions énoncées aux présentes, notamment les restrictions dans l'espace et dans le temps à l'égard de certaines activités concurrentes, sont proportionnés à tous égards et non excessives ; qu'elles constituent une condition déterminante du présent accord ; qu'elles ont pour objectif et sont nécessaires pour prévenir tout acte de concurrence déloyale, protéger les Informations Confidentielles, le goodwill et intérêts commerciaux importants et légitimes de la Société et de ses Filiales, tout en permettant au Participant d'exercer raisonnablement une activité professionnelle correspondant aux compétences et à l'expertise acquises par lui sans enfreindre les restrictions prévues à l'article 2.

4. Contrepartie. *Le Participant reconnaît que l'octroi de PSUs constitue une contrepartie suffisante aux restrictions prévues aux articles 1 et 2.*

5. Non-interférence avec les droits du lanceur d'alerte. *Aucune disposition de la présente Clause de Confidentialité et de Non-Concurrence n'interdit au Participant de signaler d'éventuelles violations de la loi ou de la réglementation à tout organisme ou autorité gouvernementale ou administrative et/ou de faire des révélations conformément aux dispositions législatives relatives à la protection des lanceurs d'alerte.*

6. Exécution forcée des engagements. *La Société pourra engager toute action qu'elle estime nécessaire et juridiquement permise afin de faire respecter les engagements pris au titre du présent accord ou de prévenir toute violation ou risque de violation des articles 1 et 2 du présent accord, notamment en vue de l'indemnisation de tout préjudice résultant d'une telle violation ou d'un tel risque de violation, et/ou l'engagement de toute action judiciaire en vue de mettre un terme à une telle violation ou un tel risque de violation de la présente Clause de Confidentialité et de Non-Concurrence. En raison de la difficulté d'évaluer le préjudice économique subies par la Société et ses Filiales résultant de la violation des articles 1 et 2 du présent accord par le Participant, et en raison du dommage immédiat et irréparable qu'une telle violation serait susceptible de causer, sans autre recours juridique adéquat, le Participant convient que dans le cas où la Société considère à sa seule discrétion que le Participant viole ou risque de violer l'une quelconque de ces dispositions, la Société est en droit d'obtenir une injonction (sans obligation de déposer une caution) de la juridiction compétente en vue de mettre un terme ou d'interdire une telle violation ou un tel risque de violation. Une telle injonction ne constitue pas le seul recours de la Société en cas de violation ou de menace de violation de ces engagements, mais s'ajoute à tous les autres droits et recours dont la Société dispose en droit et en équité, en ce compris l'obtention d'une indemnisation spécifique.*

1. **Definitions.** For all purposes of this Agreement and the Plan the following defined terms shall apply:

(a) **“Termination of Service”**: For the purposes of this Agreement and the Plan, Participant will be deemed to have experienced a Termination of Service on the date when Participant is no longer providing active services to the Company and/or its Subsidiaries and affiliates, including without limitation, because of termination by the Company or a Subsidiary of its relationship with the Participant for any reason, with or without cause, termination by mutual consent, resignation, discharge, but excluding terminations where the Participant simultaneously commences or remains in service with the Company or any Subsidiary.

(b) **“Detrimental Activity”**: For the purposes of this Agreement and the Plan, the definition of “Detrimental Activity” in section 23 shall be expanded to include any act or omission that to the Company or its Subsidiaries’ discretion constitutes cause for termination of the Participant’s relationship with the Company or its Subsidiaries under Applicable Law, without the Company or its

Subsidiaries having to notify the termination with cause before any authority or follow any procedure before any authority to demonstrate such cause.

(c) “Good Reason”: For the purposes of this Agreement and the Plan, the definition of “Good Reason” in section 22(c) means, without the Participant’s express written consent, the occurrence of any one or more of the following during the Protection Period:

(i) the assignment of the Participant to duties materially inconsistent with the Participant’s authorities, duties, responsibilities, and status (including, without limitation, offices, titles and reporting requirements) (including, without limitation, any material adverse change in duties or status as a result of the stock of the Company ceasing to be publicly traded or of the Company becoming a subsidiary of another entity, or any material adverse change in the Participant’s reporting relationship, such as the chairman or chief executive officer ceasing to report to the Board of Directors of a publicly traded company), or a reduction or alteration in the nature or status of the Participant’s authorities, duties, or responsibilities from the greatest of those in effect (x) on the Grant Date, (y) during the fiscal year immediately preceding the year of the Change in Control, and (z) on the date immediately preceding the Change in Control;

(ii) the Company’s requiring the Participant to be based at a location which is at least one hundred (100) miles further from the Participant’s then current assigned work location immediately prior to the Change in Control, except for required travel on the Company’s business to an extent substantially consistent with the Participant’s business obligations as of the Grant Date or as the same may be changed from time to time prior to a Change in Control;

(iii) a material reduction by the Company in the Participant’s then current salary of record paid as annual salary (excluding amounts received under incentive or other bonus plans), as in effect on the Grant Date or as the same may be increased during the Protection Period; or

(iv) a material reduction in the Participant’s level of participation in any of the Company’s short- and/or long-term incentive compensation plans, or employee benefit or retirement plans, policies, practices, or arrangements in which the Participant participates from the greatest of the levels in place (a) on the Grant Date, (b) during the fiscal year immediately preceding the year of the Change in Control and (c) on the date immediately preceding the Change in Control.

The Participant’s continued service will not constitute a waiver of the Participant’s rights with respect to any circumstance constituting Good Reason; however, “Good Reason” for Participant’s separation will exist only if: the Participant provides written notice to the Company within ninety (90) days of the occurrence of any of the above listed events; the Company fails to cure the event within thirty (30) days following the Company’s receipt of Participant’s written notice; and the Participant separates from the Company effective not later than twenty four (24) months after the original occurrence of the “Good Reason” event. SPAIN

The provisions of this **Country Schedule for Spain** provide additional definitions and conditions for the purpose of granting PSUs which are intended to be granted to Spanish Employees and corporate officers who are resident in Spain for tax, labour and securities law purposes.

Notwithstanding any other provisions of the Plan, PSUs granted under this Country Schedule for Spain to Participants resident in Spain are subject to the following additional conditions:

1. Non-transferability of PSUs. The PSUs may neither be sold, pledged, assigned nor transferred unless and until the Shares underlying the PSUs have been issued, and all restrictions applicable to such Shares have lapsed. Any effort to assign or transfer a PSU will be ineffective and may result in the Company terminating the PSUs.
 2. Withholding. Whenever the PSUs are vested, the Company or its relevant subsidiary in which the Participant is an Employee (the "Relevant Subsidiary"), in accordance with the terms of the Plan, will comply with all applicable withholding tax laws and social security, and will be entitled to take any action necessary to effectuate such compliance. The Participant hereby agrees that the Company or the Relevant Subsidiary may withhold Shares otherwise issuable upon the settlement of the PSUs, sufficient for the Company or the Relevant Subsidiary to cover an amount required by law to be withheld or otherwise arising with respect to any taxable event arising as a result of any PSUs. The number of Shares which may be so withheld shall be limited to the number of Shares which have a fair market value, determined on the date when the amount of tax to be withheld is to be determined pursuant to the Applicable Law, no greater than the aggregate amount of such liabilities based on the maximum statutory withholding rates for tax purposes, in accordance with Applicable Law to such taxable income (or such other amount as would not result in adverse financial accounting consequences for the Company or any of its Subsidiaries).
 3. In the absolute discretion of the Administrator, the Company or the Relevant Subsidiary may authorize the Participant to satisfy the withholding amounts referred to above by means of a cash payment. Request for such cash payment shall be made in writing by the Participant in a form acceptable to the Administrator and shall be subject to the following restrictions: (i) the election must be made on or prior to the date when the amount of tax to be withheld is to be determined pursuant to the Applicable Law; and (ii) once made, the election shall be irrevocable as to the particular Shares for which the election is
-

made. Any adverse consequences for the Participant arising in connection with the withholding procedures described above shall be the sole responsibility of the Participant.

4. No Stockholders Rights. Neither the Participant nor any other person entitled to exercise the PSUs will have any of the rights of a stockholder or Dividend Equivalents with respect to the Shares subject to the PSUs, except to the extent and until the Shares subject to the PSUs have been issued and the Participant has become the record owner of such Shares.

5. Exchange Control Information. Participant must declare the acquisition of Shares to the Spanish Dirección General de Comercio Internacional e Inversiones within the following month to the date of acquisition of the Shares. This declaration is provided to the Ministry of Economy and Competitiveness for statistical purposes only.

6. In the event that the Shares acquired pursuant to this Plan exceed certain thresholds (whether in the stake in the share capital of the Company or in the value of such stake), Participant will have to make an annual declaration to the Spanish Dirección General de Comercio Internacional e Inversiones about the development of the investment in non-resident entities by, within the first nine months of each calendar year.

7. No Entitlement for Claims or Compensation. Participant understands that the Company has unilaterally, gratuitously and discretionally decided to grant the PSUs under the Plan, extraordinary in nature, to individuals who may be Employees throughout the world. The decision is a limited decision that is entered into upon the express assumption and condition that any grant will not economically or otherwise bind the Company or any of its Subsidiaries on an ongoing basis. Consequently, Participant understands that the PSUs are granted on the assumption and condition that PSUs and the Shares issued pursuant to vesting of the PSUs may not increase in value and that, in any event, are not part of Participant's ordinary or expected compensation, and shall not be considered for the purposes of determining any severance pay (*indemnización por despido o cese*) or compensation otherwise due in the event of resignation (*dimisión*) or dismissal (*despido*), compensation under any collective dismissal scheme (*expediente de regulación de empleo*) or for termination of services (*finalización de servicios*), gratuity (*gratificación*), compensation under any non-compete covenant (*no concurrencia*), bonus for length of services (*bonus por antigüedad*), pension or retirement related benefits (*pensión o prestación de jubilación*), compensation for early retirement (*compensación por prejubilación*), damages or any other payment whatsoever. Further, unless otherwise expressly provided in the Plan, Participant understands that Participant will not be entitled to continue vesting the PSUs once Participant's service with the Company or the relevant Subsidiary ceases. In addition, Participant understands that this grant would not be made to Participant but for the assumptions and conditions referred to above; thus, Participant acknowledges and freely accepts that should any or all of the assumptions be mistaken or should any of the conditions not be met for any reason, then PSUs shall be null and void.

8. Definitions. For all purposes of this Agreement and the Plan the following defined terms shall apply:
- (a) "Detrimental Activity" means the Participant incurring in any of the grounds for disciplinary dismissal regulated in Article 54 of the Spanish Workers' Statute.
 - (b) "Good Reason" means, for an Employee, termination based on the grounds set forth in Article 50 of the Spanish Workers' Statute. For corporate officers ("*consejeros ejecutivos*") not holding an employment status, the definition of "Good Reason" shall be that
-

set forth in the relevant services agreement and, otherwise, the same as that set forth in the Agreement, adapted *mutatis mutandis* to a corporate officer.

(c) “Retirement” means termination of the Participant’s employment contract and/or service agreement, by either party, at a time the Participant reaches the ordinary retirement age as determined in Article 205 and Seventh Transitory Provision of the Spanish Social Security Act (“*Ley General de Seguridad Social*”).

(ii) the Company’s requiring the Participant to be based at a location which is at least one hundred (100) miles further from the Participant’s then current assigned work location immediately prior to the Change in Control, except for required travel on the Company’s business to an extent substantially consistent with the Participant’s business obligations as of the Grant Date or as the same may be changed from time to time prior to a Change in Control;

(iii) a material reduction by the Company in the Participant’s then current salary of record paid as annual salary (excluding amounts received under incentive or other bonus plans), as in effect on the Grant Date or as the same may be increased during the Protection Period;

(iv) a material reduction in the Participant’s level of participation in any of the Company’s short- and/or long-term incentive compensation plans, or employee benefit or retirement plans, policies, practices, or arrangements in which the Participant participates from the greatest of the levels in place (x) on the Grant Date, (y) during the fiscal year immediately preceding the year of the Change in Control and (z) on the date immediately preceding the Change in Control; or

(vi) The existence of Good Reason will not be affected by the Participant’s temporary incapacity due to physical or mental illness not constituting a Disability. The Participant’s continued employment will not constitute a waiver of the Participant’s rights with respect to any circumstance constituting Good Reason; however, “Good Reason” for Participant’s separation from employment will exist only if: the Participant provides written notice to the Company within ninety (90) days of the occurrence of any of the above listed events; the Company fails to cure the event within thirty (30) days following the Company’s receipt of Participant’s written notice; and the Participant separates from employment with the Company effective not later than twenty four (24) months after the original occurrence of the “Good Reason” event. For sake of clarity, the event giving rise to a Good Reason termination must occur during the Protection Period, but Participant’s actual termination of employment for Good Reason may occur after the end of the Protection Period, and such termination will be treated as if it occurred during the Protection Period for purposes of Section 3.

(d) “Retirement” means termination of the Participant’s employment on or after the date that the Participant reaches the age of 62.

EXHIBIT B CONFIDENTIALITY AND NON-

COMPETE

1. Confidentiality. Participant must not (except in the proper performance of Participant's duties) while employed by the Employer or at any time without limit after the date on which Participant's employment with the Employer terminates:

- (i) divulge or communicate to any person;
- (j) use for Participant's own purposes or for any purposes other than those of the Employer or, as appropriate, any of its clients; or
- (k) through any failure to exercise due care and diligence, cause any unauthorized disclosure of;

any trade secrets, confidential, or proprietary information relating to the Company or any Subsidiary or any of its clients ("**Confidential Information**"). Confidential Information does not include any information that (i) is or becomes generally available to the public other than as a result, in whole or in part, by Participant's disclosure or wrongful act; (ii) was available to Participant on a non-confidential basis before its disclosure by a member of the Company or any Subsidiary; or (iii) becomes available to Participant on a non-confidential basis from a source other than the Company or any Subsidiary, provided that such source is not bound by a confidentiality agreement with the Company or any Subsidiary. Participant must at all times use best efforts to prevent publication or disclosure of any Confidential Information. Participant further agrees that if Participant is questioned about information subject to this Agreement by anyone not authorized to receive such information, Participant will notify the Company within 24 hours. Except as required in performing Participant's duties for the Company or any Subsidiary, Participant agrees not to remove from the Company's or any Subsidiary's premises or its control any Confidential Information including by copying or transmitting such information via personal digital device, mobile phone, external hard drives, USB "flash" drives, USB storage devices, Fire Wire storage devices, floppy discs, CD's, DVD's, personal email accounts, online or cloud storage accounts, memory cards, zip discs, and any other similar media or means of transmitting, storing, or archiving data outside of Company-supported systems. Upon termination of employment Participant agrees to return all Confidential Information in whatever form to the Company within 24 hours.

2. Restrictions. In the course of Participant's employment Participant has been exposed to, and will continue to be exposed to, Confidential Information and will acquire other proprietary knowledge relating to the Company's and Subsidiaries' current and planned operations in addition to being introduced to important actual and potential clients, customers, investors, service providers, vendors, suppliers, business partners, and other relationships of the Company and with other Subsidiaries. As such, the Company will be entrusting Participant with the goodwill of the Company and Confidential Information. Therefore, subject to the terms of Clause 3, Participant agrees that:

(a) Participant will not during the period of Participant's employment with the Employer and for a period of 12 months after the termination of Participant's employment (the "**Restricted Period**"), either directly, or indirectly through any other person, firm, or other organization (each, a "**Person**"), that is engaged in the business of projects, technologies, systems and services in the field of oil, gas and petrochemicals (the "**Business**"), including but not limited to: Baker Hughes Company, Halliburton Company, McDermott International, Inc., National Oilwell Varco, Inc., Saipem S.p.A, Schlumberger Limited, Subsea 7 S.A., Weatherford International plc, and any companies in their respective corporate groups and any successors thereto (each a "**Restricted Entity**");

- (v) solicit, entice, or induce any Person that at any time during the last year of Participant's employment with the Employer (that period referred to as the "**Relevant Period**") was a supplier of the Company or a Subsidiary (and with whom Participant or one of Participant's direct reports was actively involved during that time or in respect of which Participant is in possession of Confidential Information) to reduce the level of business between the supplier and the Company or such Subsidiary and Participant will not approach any supplier for that purpose or authorize or approve the taking of such actions by any other Person;
- (vi) solicit business that is of the same or similar nature as that part of the Business with which Participant was materially concerned at any time during the Relevant Period or in respect of which Participant is in possession of Confidential Information as a result of Participant's employment during the Relevant Period (such business referred to as the "**Restricted Business**") from any Person that at any time during the Relevant Period was a customer or client of the Company or a Subsidiary (and with whom Participant or one of Participant's direct reports was actively involved during that time or in respect of which Participant is in possession of Confidential Information) and Participant will not approach any client or customer for that purpose or authorize or approve the taking of such actions by any other Person. For the purposes of this restriction, the expression "customer or client" shall include all Persons from whom the Company or a Subsidiary has received inquiries for the provision of goods or services with respect to the Business where such inquiries have not been concluded;
- (vii) within the Restricted Area (as defined below) during the Restricted Period or for any period which Participant is privy to any Confidential Information, be employed or engaged in or actively providing Participant's services to any Restricted Entity, or business which is the same as or similar to the Business. The Restricted Area means each country, territory, county, parish, borough, or equivalent thereof in which (A) the Company or a Subsidiary that employs the Participant has customers or service assignments about which Participant received or obtained Confidential Information during his/her employment; (B) the Participant had a customer or service assignment for the Company or any Subsidiary in the one-year period preceding, or (C) in which the Company or any Subsidiary had a work site, job site, facility, or office at which the Participant had work activity for the Company or any Subsidiary in the one-year period preceding (the "**Restricted Area**"). The restrictions of this Clause 2 shall likewise apply if, although Participant's place of work is located outside the Restricted Area, Participant's activity is performed for the benefit of a Restricted Business located in the Restricted Area.

(b) During the Restricted Period, Participant will not employ or engage or otherwise solicit, entice, or induce any person who, during the Relevant Period, was an employee, consultant, or contractor of the Company or a Subsidiary and who was employed during that period in a senior sales, marketing, financial, managerial, professional, or equivalent capacity to become employed or engaged by Participant or any other Person, and Participant will not approach any such person for such purpose or authorize or approve the taking of such actions by any other Person.

3. Limitations and amendments. The following amendments and limitations shall apply to restrictions in Clause 2;
-

(l) The restrictions contained in Clause 2 will not apply if Participant has received the prior written consent of the Company to Participant's activities or if Participant will not be in competition with the Business in carrying out those activities.

(m) If the Employer suspends any of Participant's duties under any notice period or garden leave provision of any employment contract entered into between Participant and the Company or any Subsidiary, the period after the end of Participant's employment during which the restrictions shall apply shall be reduced so that the aggregate of the period of the suspension and the post-termination restrictions shall not exceed 12 months.

(n) The Company may add or remove entities from the list of Restricted Entities if there are any corporate reorganizations, mergers, acquisitions, divestitures, or other material changes in the corporate structure of any Restricted Entity and will notify Participant in writing of any changes to that list.

(o) Each of the restrictions in Clause 2 are separate and severable restrictions and are considered by the parties to be reasonable in all circumstances. It is agreed that if any such restriction by itself, or taken together, shall be adjudged to go beyond what is reasonable in all the circumstances for the protection of the legitimate interests of the Employer but would be adjudged reasonable if part or parts of the wording were deleted, the relevant restriction or restrictions shall apply with such deletion(s) or reduction(s) as may be necessary to make it or them valid and effective. To the extent that any of the restrictions may not be so modified and would otherwise be unenforceable, then such restriction may be stricken from this Agreement without nullifying this Agreement or any other portion of this Agreement that would otherwise be enforceable.

(p) Participant acknowledges that Participant voluntarily agreed to the covenants set forth in Clause 2, and that the limitations and restrictions set forth herein, including geographical and temporal restrictions on certain competitive activities, are reasonable in all respects; are not oppressive; are material and substantial parts of this Agreement; and are intended and necessary to prevent unfair competition and protect the Company's and its Subsidiaries' Confidential Information, goodwill, and substantial and legitimate business interests, while allowing Participant to reasonably perform a business activity in line with Participant's acquired skills and expertise without breaching the restrictions contained within Clause 2.

4. Consideration. Participant acknowledges that the grant of the PSUs is sufficient consideration for entering into the restrictions in Clauses 1 and 2.

7. Non-Interference with Whistleblower Rights. Nothing in this Confidentiality and Non- Compete Agreement prohibits the Participant from reporting possible violations of law or regulation to any governmental agency or entity or making disclosures that are protected under a "whistleblower" provision of law.

8. Enforcement of Covenants. The Company may take any and all action that it determines necessary and legally permissible to enforce this Agreement or to prevent any breach or threatened breach of Clause 1 or 2 of this Agreement, including but not limited to recovery of any damages caused by such breach or threatened breach, and/or taking court action to stop a Participant from breaching or potentially breaching the Agreement. Because of the difficulty of measuring economic losses to the Company and any Subsidiary from Participant's breach of Clause 1 or 2 of this Agreement, and because of the immediate and irreparable damage that such breach would cause, with no other adequate remedy at law, Participant agrees that in the event the Company determines in its sole discretion that Participant is in breach or is threatening to breach of any such provisions, the Company is entitled to obtain injunctive relief (without the requirement of posting a bond) from a court of competent jurisdiction to stop or prohibit any such breach or threatened breach. Such injunctive relief is not the Company's only or exclusive remedy for a breach or threatened breach of

these covenants, but instead is in addition to all other rights and remedies available to the Company at law and in equity, including recovery of specific damages.

10. No Entitlement for Claims or Compensation. The Company has unilaterally, gratuitously and discretionally decided to grant the PSUs under the Plan. Consequently, the PSUs are granted on the assumption and condition that PSUs and the Shares issued pursuant to vesting of the PSUs are not part of the Participant’s ordinary or expected remuneration and shall not be considered for the purposes of determining any severance payment or compensation otherwise due.

11. Information to the Central Bank. If the participant is a resident or is domiciled in Argentina, he will be required to submit an annual affidavit of assets and rights outside of Argentina to the Central Bank. This affidavit will be mandatory if the added value of such assets is equivalent or exceeds USD 1M (application for the FY 2017 to FY 2019).

9. Award Plan. A copy of the Plan is attached to this Agreement.

10. The Plan and this Agreement do not constitute financial advice. Any advice given by the Company in relation to the PSUs or the Shares does not constitute financial advice and does not take into account the Participant's objectives, financial situation and needs.

In considering the PSUs and the Shares that the Participant will hold on vesting of the PSUs, the Participant should consider the risk factors that could affect the performance of the Company. The Participant should be aware that there are risks associated with any stock market investment. It is important to recognize that stock prices and dividends might fall or rise. Factors affecting the market price include domestic and international economic conditions and outlook, changes in government fiscal, monetary and regulatory policies, changes in interest rates and inflation rates, the announcement of new technologies and variations in general market conditions and/or market conditions which are specific to a particular industry. In addition, share prices of many companies are affected by factors which might be unrelated to the operating performance of the relevant company. Such factors might adversely affect the market price of the Shares in the Company. Further, there is no guarantee that the Company's Shares will trade at a particular volume or that there will be an ongoing liquid market for the Shares, accordingly there is a risk that, should the market for the Shares become illiquid, the Participant will be unable to realize the Participant's investment.

The Participant should carefully consider these risks in light of the Participant's investment objectives, financial situation and particular needs (including financial and tax issues) and seek professional guidance from Participant's stockbroker, solicitor, accountant, financial adviser or other independent professional adviser before deciding whether to accept the offer of PSUs or to acquire Shares.

11. How to Calculate Values in Australian Dollars. The Participant may be paid earned PSUs which have vested in accordance with the vesting schedule outlined above in accordance with the terms of the Plan by delivery of Shares in the Company or the payment of cash of an amount equal to the Fair Market Value of those shares (or a combination of both). The Participant will not be required to pay any amount for the payment of earned PSUs.

The Participant can ascertain the market price of a Share in the Company from time to time by visiting either:

- the Company's website [\(http://www.technipfmc.com/en/\)](http://www.technipfmc.com/en/);
- in United States Dollars ("USD") on the New York Stock Exchange website [\(https://www.nyse.com/index\)](https://www.nyse.com/index) and searching for "TechnipFMC" or "FTI"; or
- in Euros ("EUR") on the Euronext website [\(https://www.euronext.com/\)](https://www.euronext.com/) and searching for "TechnipFMC" or "FTI".

To determine the market value of a Share in Australian Dollars ("AUD"), the Participant will need to apply the prevailing USD : AUD or EUR:AUD exchange rate (as relevant). For example, if the exchange rate is 1 USD : 1.5 AUD, and one Share has a value of USD \$1 on the NYSE, its equivalent value will be AUD \$1.50. Please contact your bank for the prevailing USD: AUD exchange rate or for an approximate exchange rate published by the Reserve Bank of Australia you can follow this link: <http://www.rba.gov.au/statistics/frequency/exchange-rates.html>.

4. Exchange Control Information. Exchange control reporting is required for cash transactions exceeding A\$10,000 and international fund transfers coming into or going out of Australia. The Australian bank assisting with the transaction will file the report. If there is no Australian bank involved in the transfer, the Participant will be required to file the report.

The Administrator shall have the exclusive discretion to determine when Participant is no longer actively employed for purposes of Participant’s PSUs.

16. Exchange Control Information. If Participant is a resident or domiciled in Brazil, Participant will be required to submit an annual declaration of assets and rights held outside of Brazil to the Central Bank of Brazil if the aggregate value of such assets and rights is equal to or greater than the applicable statutory threshold from time to time. Please note that the threshold may be changed annually.

17. Acknowledgment of Forfeiture and Claw-Back Provisions. In accepting this Agreement, Participant acknowledges being subject to the provisions of any forfeiture and claw-back policy implemented by the Company, including, without limitation, any claw-back policy adopted to comply with the requirements of Applicable Law.

18. Securities Restrictions. Awards granted under the Plan do not constitute a public offer of the Shares. The Plan and this Agreement are only addressed to the Participant and other selected Employees and have not been offered or solicited by means of any public communication services. The Shares deliverable upon settlement of the PSUs under the Plan are not negotiable in Brazil.

3. Detrimental Activity. For the purposes of this Agreement, the definition of “Detrimental Activity” in paragraph 23 shall be expanded to include any act or omission constituting cause for termination of the Participant’s employment or relationship with the Company or its Subsidiaries without notice or other obligation under Applicable Law.

(b) Pendant la Période de Restriction, ne pas employer, embaucher, solliciter, inciter ou persuader toute personne qui, au cours de la Période Concernée, était un salarié, mandataire, consultant ou prestataire de la Société ou de l'une de ses Filiales et qui exerçait pendant la Période Concernée des fonctions d'encadrement dans les domaines de la vente, du marketing, de la finance, de la gestion, ou des fonctions équivalentes, afin d'être embauché ou employé par le Participant ou par toute autre Personne. 3. Limitations et modifications. Les modifications et limitations suivantes s'appliquent aux restrictions prévues à l'article 2 ;

(ss) Chacune des restrictions énoncées à l'article 2 est distincte et indépendante. Elles sont considérées par les parties comme étant proportionnées en toutes circonstances. Il est convenu que si l'une ou plusieurs de ces restrictions, devaient être considérées comme excessives pour la protection des intérêts légitimes de l'Employeur mais seraient considérées comme non-excessives si l'une ou plusieurs de leurs stipulations étaient supprimées, la ou les restriction(s) pertinente(s) s'appliquerai(en)t avec la ou les suppression(s) ou réduction(s) nécessaire(s) pour rendre la ou les restriction(s) pertinente(s) valable(s) et effective(s). Dans le cas où l'une ou l'autre des restrictions ne pouvait être modifiée et était considérée inapplicable, elle pourrait être réputée non écrite sans porter atteinte à la validité ou l'effectivité de toute autre disposition du présent accord.

(tt) Le Participant reconnaît qu'il a volontairement accepté les engagements énoncés à l'article 2 et que les limitations et restrictions énoncées aux présentes, notamment les restrictions dans l'espace et dans le temps à l'égard de certaines activités concurrentes, sont proportionnés à tous égards et non excessives ; qu'elles constituent une condition déterminante du présent accord ; qu'elles ont pour objectif et sont nécessaires pour prévenir tout acte de concurrence déloyale, protéger les Informations Confidentielles, le goodwill et intérêts commerciaux importants et légitimes de la Société et de ses Filiales, tout en permettant au Participant d'exercer raisonnablement une activité professionnelle correspondant aux compétences et à l'expertise acquises par lui sans enfreindre les restrictions prévues à l'article 2.

18. Non-interférence avec les droits du lanceur d'alerte. *Aucune disposition de la présente Clause de Confidentialité et de Non-Concurrence n'interdit au Participant de signaler d'éventuelles violations de la loi ou de la réglementation à tout organisme ou autorité gouvernementale ou administrative et/ou de faire des révélations conformément aux dispositions législatives relatives à la protection des lanceurs d'alerte.*

19. Exécution forcée des engagements. *La Société pourra engager toute action qu'elle estime nécessaire et juridiquement permise afin de faire respecter les engagements pris au titre du présent accord ou de prévenir toute violation ou risque de violation des articles 1 et 2 du présent accord, notamment en vue de l'indemnisation de tout préjudice résultant d'une telle violation ou d'un tel risque de violation, et/ou l'engagement de toute action judiciaire en vue de mettre un terme à une telle violation ou un tel risque de violation de la présente Clause de Confidentialité et de Non-Concurrence. En raison de la difficulté d'évaluer le préjudice économique subies par la Société et ses Filiales résultant de la violation des articles 1 et 2 du présent accord par le Participant, et en raison du dommage immédiat et irréparable qu'une telle violation serait susceptible de causer, sans autre recours juridique adéquat, le Participant convient que dans le cas où la Société considère à sa seule discrétion que le Participant viole ou risque de violer l'une quelconque de ces dispositions, la Société est en droit d'obtenir une injonction (sans obligation de déposer une caution) de la juridiction compétente en vue de mettre un terme ou d'interdire une telle violation ou un tel risque de violation. Une telle injonction ne constitue pas le seul recours de la Société en cas de violation ou de menace de violation de ces engagements, mais s'ajoute à tous les autres droits et recours dont la Société dispose en droit et en équité, en ce compris l'obtention d'une indemnisation spécifique.*

1. Definitions. For all purposes of this Agreement and the Plan the following defined terms shall apply:

(ddd) “Termination of Service”: For the purposes of this Agreement and the Plan, Participant will be deemed to have experienced a Termination of Service on the date when Participant is no longer providing active services to the Company and/or its Subsidiaries and affiliates, including without limitation, because of termination by the Company or a Subsidiary of its relationship with the Participant for any reason, with or without cause, termination by mutual consent, resignation, discharge, but excluding terminations where the Participant simultaneously commences or remains in service with the Company or any Subsidiary.

(eee) “Detrimental Activity”: For the purposes of this Agreement and the Plan, the definition of “Detrimental Activity” in section 23 shall be expanded to include any act or omission that to the Company or its Subsidiaries’ discretion constitutes cause for termination of the Participant’s relationship with the Company or its Subsidiaries under Applicable Law, without the Company or its

Subsidiaries having to notify the termination with cause before any authority or follow any procedure before any authority to demonstrate such cause.

(c) “Good Reason”: For the purposes of this Agreement and the Plan, the definition of “Good Reason” in section 22(c) means, without the Participant’s express written consent, the occurrence of any one or more of the following during the Protection Period:

(xi) the assignment of the Participant to duties materially inconsistent with the Participant’s authorities, duties, responsibilities, and status (including, without limitation, offices, titles and reporting requirements) (including, without limitation, any material adverse change in duties or status as a result of the stock of the Company ceasing to be publicly traded or of the Company becoming a subsidiary of another entity, or any material adverse change in the Participant’s reporting relationship, such as the chairman or chief executive officer ceasing to report to the Board of Directors of a publicly traded company), or a reduction or alteration in the nature or status of the Participant’s authorities, duties, or responsibilities from the greatest of those in effect (x) on the Grant Date, (y) during the fiscal year immediately preceding the year of the Change in Control, and (z) on the date immediately preceding the Change in Control;

(xii) the Company’s requiring the Participant to be based at a location which is at least one hundred (100) miles further from the Participant’s then current assigned work location immediately prior to the Change in Control, except for required travel on the Company’s business to an extent substantially consistent with the Participant’s business obligations as of the Grant Date or as the same may be changed from time to time prior to a Change in Control;

(xiii) a material reduction by the Company in the Participant’s then current salary of record paid as annual salary (excluding amounts received under incentive or other bonus plans), as in effect on the Grant Date or as the same may be increased during the Protection Period; or

(xiv) a material reduction in the Participant’s level of participation in any of the Company’s short- and/or long-term incentive compensation plans, or employee benefit or retirement plans, policies, practices, or arrangements in which the Participant participates from the greatest of the levels in place (a) on the Grant Date, (b) during the fiscal year immediately preceding the year of the Change in Control and (c) on the date immediately preceding the Change in Control.

The existence of Good Reason will not be affected by the Participant’s temporary incapacity due to physical or mental illness not constituting a Disability. The Participant’s continued service will not constitute a waiver of the Participant’s rights with respect to any circumstance constituting Good Reason; however, “Good Reason” for Participant’s separation will exist only if: the Participant provides written notice to the Company within ninety (90) days of the occurrence of any of the above listed events; the Company fails to cure the event within thirty (30) days following the Company’s receipt of Participant’s written notice; and the Participant separates from the Company effective not later than twenty four (24) months after the original occurrence of the “Good Reason” event. 4. Tax. The Participant is advised to seek professional tax advice as to the Participant’s tax implications. All taxes (including income tax) arising from the award of any PSU or the vesting of any PSU thereon shall be borne by the Participant, who shall pay such taxes pursuant to the Applicable Law and shall provide to the Company copies of the applicable tax return and the tax payment within the five (5) business days following to the date when the corresponding tax should have been paid. Participant understands that the Company has unilaterally, gratuitously and discretely decided to grant the PSUs under the Plan, extraordinary in nature, to individuals who may be Employees throughout the world. The decision is a limited decision that is entered into upon the express assumption and condition that any grant will not economically or otherwise bind the Company or any of its Subsidiaries on an ongoing basis. Consequently, Participant understands that the PSUs are granted on the assumption and condition that PSUs and the Shares issued pursuant to vesting of the PSUs may not increase in value and that, in any event, are not part of Participant's ordinary or expected compensation, and shall not be considered for the purposes of determining any severance pay (*indemnización por despido o cese*) or compensation otherwise due in the event of resignation (*dimisión*) or dismissal (*despido*), compensation under any collective dismissal scheme (*expediente de regulación de empleo*) or for termination of services (*finalización de servicios*), gratuity (*gratificación*), compensation under any non- compete covenant (*no concurrencia*), bonus for length of services (*bonus por antigüedad*), pension or retirement related benefits (*pensión o prestación de jubilación*), compensation for early retirement (*compensación por prejubilación*), damages or any other payment whatsoever. Further, unless otherwise expressly provided in the Plan, Participant understands that Participant will not be entitled to continue vesting the PSUs once Participant's service with the Company or the relevant Subsidiary ceases. In addition, Participant understands that this grant would not be made to Participant but for the assumptions and conditions referred to above; thus, Participant acknowledges and freely accepts that should any or all of the assumptions be mistaken or should any of the conditions not be met for any reason, then PSUs shall be null and void.
