The 2006 Calendar of Financial Events is subject to change and is available on the Group's website (www.technip.com) where it will be updated if and when necessary.

On the day of an earnings announcement, the press releases will be distributed over newswire services prior to the openings of the Paris and New York stock exchanges (Eurolist by EuronextTM and NYSE). The press releases and accompanying slide presentations will be posted on the Group's website as well.

Telephone conferences, during which Technip's senior management discusses the Group's results, are generally held on the same day that earnings are announced. Dial-in details of these conference calls will be made known approximately 10 calendar days prior to the results release. In addition to being accessible via telephone, these conferences are generally audio-cast over the Group's website in a listen-only mode.

** The Annual Shareholders Meeting will be convened on first notice on April 19, 2006. In the event that the quorum is not met on this date, the meeting will be reconvened on second notice on April 28, 2006.*
